Application: Request for Designation as a Regional Center
Applicant(s): Bryan Zises

Re: Local Government Regional Center of Illinois
RCW1031910005/ID1031910005/Formerly W09001520

****Corrected****

Pursuant to Section 610 of the Appropriations Act of 1993, on March 4, 2010, Bryan Zises submitted a proposal seeking approval and designation by U.S. Citizenship and Immigration Services (USCIS) of the Local Government Regional Center of Illinois.

USCIS hereby designates Local Government Regional Center of Illinois as a Regional Center within the Immigrant Investor Pilot Program and approves the request as described below:

GEOGRAPHIC AREA:

The Local Government Regional Center of Illinois shall have a geographic scope to include Cook County, Illinois.

FOCUS OF INVESTMENT ACTIVITY:

As depicted in the economic model, the general proposal, business plan and associated economic analysis, the Regional Center will engage in the following economic activities: the construction and development of infrastructures.

The Regional Center shall focus on offering EB-5 compliant capital investment opportunities into new commercial enterprises or a mix of commercial enterprises in the following target industry economic categories:

- | | |
|-----------------|--|
| 1. NAICS 722110 | Full Service Restaurants |
| 2. NAICS 722330 | Mobile Food Services |
| 3. NAICS 722410 | Drinking Places |
| 4. NAICS 445110 | Supermarkets and Other Grocery (except Convenience) Stores |
| 5. NAICS 624229 | Other Community Housing Services |

If any investment opportunities arise that are beyond the scope of the approved industry categories, then an amendment would be required to add that category.

Aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for capital investments in new commercial enterprises located within and affiliated with the approved Regional Center area.

For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was in a TEA designated area at the time of the alien's initial investment into the enterprise.

EMPLOYMENT CREATION

The econometric model is RIMS II. Immigrant investors who file petitions for capital investments in new commercial enterprises located within and affiliated with the Regional Center area must fulfill all of the requirements set forth in INA 203(b)(5), 8 CFR 204.6, and 8 CFR 216.6, except that the petition need not show that the new commercial enterprises created ten new jobs directly as a result of the immigrant investor's investment. The determination whether the alien investor has met the job creation requirements will be established by a review of the required initial evidence at 8 CFR 204.6(j) and 8 CFR 216.6(a)(4) for the Form I-526 and Form I-829 petitions, respectively. The capital investment and job creation activities outlined in the individual petitions must fall within the bounds of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. The immigrant investor must show at the time of removal of conditions that they performed the activities described in Form I-526 petition, and the activities must be based on the approved regional center methodology for demonstrating job creation.

In addition, where job creation is claimed based on multipliers rooted in revenue generated by businesses, the immigrant investor's individual I-526 petition affiliated with your Regional Center, should include as supporting evidence:

- A comprehensive detailed business plan with supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of indirect and/or induced jobs to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B) and reasonable methodologies pursuant to 8 CFR 204.6(m)(7)(ii).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new indirect jobs based on multipliers tied to job creation inputs such as revenue generated by businesses, needs to be supported by evidence. Such evidence may include reasonable methodologies like multiplier tables, feasibility studies, and other economically or statistically valid forecasting devices which indicate the likelihood that the alien's investment has resulted in increased employment.

1. A copy of this letter, the Regional Center approval and designation.
2. A copy of the USCIS approved Regional Center narrative proposal and business plan.
3. A copy of the job creation methodology required in 8 C.F.R. § 204.6(j)(4)(iii), as contained in the final Regional Center economic analysis which has been approved by USCIS, which reflects that investment by an individual immigrant investor will create not fewer than ten (10) full-time employment positions, either directly or indirectly, per immigrant investor. If the approval of the plan for capital investments in a given industry economic category is based upon an exemplar capital investment project, then the immigrant investor petition must also be supported by an analysis and evidence that shows that the actual capital investment in the Form I-526 petition comports to the exemplar capital investment project approved in the regional center designation and that it is otherwise EB-5 compliant.
4. A legally executed copy of the USCIS approved documents:
 - a. Operating Agreement Draft submitted January 11, 2011
 - b. Advisory Agreement Draft submitted January 11, 2011
 - c. Private Placement Memorandum Draft submitted January 11, 2011
 - d. Escrow Agreement Draft submitted January 11, 2011
 - e. Subscription Agreement Draft submitted January 11, 2011

Application: Request for Designation as a Regional Center

Applicant(s): Bryan Zises

Re: Local Government Regional Center of Illinois
RCW1031910005/ID1031910005/Formerly W09001520

Pursuant to Section 610 of the Appropriations Act of 1993, on March 4, 2010, Bryan Zises submitted a proposal seeking approval and designation by U.S. Citizenship and Immigration Services (USCIS) of the Local Government Regional Center of Illinois.

USCIS hereby designates Local Government Regional Center of Illinois as a Regional Center within the Immigrant Investor Pilot Program and approves the request as described below:

GEOGRAPHIC AREA:

The Local Government Regional Center of Illinois shall have a geographic scope to include Cook County, Illinois.

FOCUS OF INVESTMENT ACTIVITY:

As depicted in the economic model, the general proposal, business plan and associated economic analysis, the Regional Center will engage in the following economic activities: the construction and development of infrastructures.

The Regional Center shall focus on offering EB-5 compliant capital investment opportunities into new commercial enterprises or a mix of commercial enterprises in the following target industry economic categories:

1. NAICS 722110 Full Service Restaurants

COPY

- | | |
|-----------------|--|
| 2. NAICS 722330 | Mobile Food Services |
| 3. NAICS 722410 | Drinking Places |
| 4. NAICS 445110 | Supermarkets and Other Grocery (except Convenience) Stores |
| 5. NAICS 642229 | Other Community Housing Services |

If any investment opportunities arise that are beyond the scope of the approved industry categories, then an amendment would be required to add that category.

Aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for capital investments in new commercial enterprises located within and affiliated with the approved Regional Center area.

For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was in a TEA designated area at the time of the alien's initial investment into the enterprise.

EMPLOYMENT CREATION

The econometric model is RIMS II. Immigrant investors who file petitions for capital investments in new commercial enterprises located within and affiliated with the Regional Center area must fulfill all of the requirements set forth in INA 203(b)(5), 8 CFR 204.6, and 8 CFR 216.6, except that the petition need not show that the new commercial enterprises created ten new jobs directly as a result of the immigrant investor's investment. The determination whether the alien investor has met the job creation requirements will be established by a review of the required initial evidence at 8 CFR 204.6(j) and 8 CFR 216.6(a)(4) for the Form I-526 and Form I-829 petitions, respectively. The capital investment and job creation activities outlined in the individual petitions must fall within the bounds of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. The immigrant investor must show at the time of removal of conditions that they performed the activities described in Form I-526 petition, and the activities must be based on the approved regional center methodology for demonstrating job creation.

In addition, where job creation is claimed based on multipliers rooted in revenue generated by businesses, the immigrant investor's individual I-526 petition affiliated with your Regional Center, should include as supporting evidence:

- A comprehensive detailed business plan with supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of indirect and/or induced jobs to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B) and reasonable methodologies pursuant to 8 CFR 204.6(m)(7)(ii).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new indirect jobs based on multipliers tied to job creation inputs such as revenue generated by businesses, needs to be supported by evidence. Such evidence may include reasonable methodologies like multiplier tables, feasibility studies, and other economically or statistically valid forecasting devices which indicate the likelihood that the alien's investment has resulted in increased employment.

If you have any questions concerning the Regional Center approval and designation under the Immigrant Investor Pilot Program, please contact the USCIS by Email at USCIS.ImmigrantInvestorProgram@dhs.gov.

Sincerely,

Rosemary Langley Melville

A request for initial designation as a Regional Center under the Immigrant Investor Pilot Program ("Pilot Program") or an amendment to an existing Regional Center designation, may also involve:

1. A request for review of an exemplar Form I-526, Immigrant Petition by Alien Entrepreneur, prior to the filing of Form I-526 petitions by individual alien entrepreneurs with USCIS and/or;
2. In the case of a Regional Center amendment request, a review of a specific capital investment project where the regional center designation involved a review of an exemplar capital investment project.

It appears that you are requesting initial designation as a Regional Center under the Pilot Program.

Background:

The proposed Regional Center entity, Local Government Regional Center of Illinois, LLC (LGRCI), was established on October 12, 2009, in the State of Illinois, and is structured as a limited liability company. LGRCI is requesting jurisdiction over a geographic area to include all of Cook County in the State of Illinois. LGRCI plans to offer EB-5 capital investment opportunities in affiliated new commercial enterprises focusing on projects in the following industry categories:

- | | |
|---------------------------------|--|
| 1. NAICS 722110, 722410, 722330 | Food Services and drinking places |
| 2. NAICS 624310 | Social assistance |
| 3. NAICS 712110, 712120 | Performing Arts, museums, and related activities |
| 4. NAICS 713930 | Amusements, gambling, and recreation |
| 5. NAICS 445120, 445230 | Retail trade |
| 6. NAICS 813410 | Civic social, professional and similar organizations |

Evidentiary Requirements for Regional Center Proposals

8 CFR 204.6 (m)(3), which is appended to this notice, describes the evidence that must be submitted in support of a Regional Center proposal. After review of your proposal, the following information, evidence and/or clarification is required. Note that in response to this notice, that it is helpful to provide a cover letter that acts as an executive summary, followed by a table of contents with sections that are tabbed at the bottom of the page.

Promotion of Economic Growth within the selected Geographic Area (8 CFR 204.6(m)(3)(i)):

(b)(4)

Regional or National impact of the Regional Center (8 CFR 204.6 (m)(3)(iv) and 8 CFR 204.6(m)(v)):

(b)(4)

Indirect Job Creation (8 CFR 204.6(m)(3)(ii)):

Section 610(c) of the Departments of Commerce, Justice and State, the Judiciary, and Related Agencies Appropriations Act of 1993, as amended, allows aliens admitted under the pilot program described in this section to establish reasonable methodologies for determining the number of jobs created by the pilot program, including jobs which are estimated to have been created indirectly through revenues, improved regional productivity, job creation, or increased domestic capital investment resulting from the pilot program.

8 CFR 204.6(m)(3)(ii) requires that a Regional Center proposal must provide in verifiable detail how jobs will be created indirectly, while 8 CFR 204.6(m)(3)(v) describes the analytical tools that the Regional Center must employ when making economic and job creation predictions. It is also noted in 8 CFR 204.6(m)(1) in pertinent part that except as provided herein, aliens seeking to obtain immigration benefits under this paragraph continue to be subject to all conditions and restrictions set forth in section 203(b)(5) of the Act and this section.

It is important to note that the quality of the prospective job creation estimates provided by an econometric analysis is first and foremost predicated on the quality and reasonableness of the information and assumptions that are used as the basis for the analysis. Therefore, any business plan, exemplar or actual, provided in support of a Regional Center proposal or amendment must contain sufficient specificity to provide valid and reasoned inputs into the econometric model, if such a model is used to demonstrate job creation for EB-5 purposes. Otherwise, a determination cannot be made that the Regional Center proposal demonstrates in "verifiable detail" that the requisite jobs will be created.

Each immigrant investor must demonstrate at the time of the filing of the Form I-526 that the job-creating capital investment project is feasible and that it will create the requisite ten jobs within a reasonable time. The immigrant investor must subsequently demonstrate at the filing of the Form I-829, Petition to Remove Conditions, that the capital investment project approved in the Form I-526 has been realized in accordance with the business plan that formed the basis for the I-526 approval, and that as a result the requisite ten jobs either have or will be created within a reasonable time. Therefore, the ability of LGRCI to address the issues regarding the feasibility of each capital investment project, the validity of the economic analysis, and

the timing of the EB-5 job creation is critical to the successful removal of the immigrant investor's conditional status through the approval of the Form I-829.

Regulatory References

The regulation at 8 CFR 103.2(a)(3) provides the following definitions:

(3) Representation. _An applicant or petitioner may be represented by an attorney in the United States, as defined in 1.1(f) of this chapter, by an attorney outside the United States as defined in 292.1(a)(6) of this chapter, or by an accredited representative as defined in 292.1(a)(4) of this chapter. A beneficiary of a petition is not a recognized party in such a proceeding. An application or petition presented in person by someone who is not the applicant or petitioner, or his or her representative as defined in this paragraph, shall be treated as if received through the mail, and the person advised that the applicant or petitioner, and his or her representative, will be notified of the decision. Where a notice of representation is submitted that is not properly signed, the application or petition will be processed as if the notice had not been submitted.

The regulation at 8 CFR 204.6(e) provides the following definitions:

Qualifying employee

means a United States citizen, a lawfully admitted permanent resident, or other immigrant lawfully authorized to be employed in the United States including, but not limited to, a conditional resident, a temporary resident, an asylee, a refugee, or an alien remaining in the United States under suspension of deportation. This definition does not include the alien entrepreneur, the alien entrepreneur's spouse, sons, or daughters, or any nonimmigrant alien.

Regional Center

means any economic unit, public or private, which is involved with the promotion of economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment.

The regulation at 8 CFR 204.6(j)(4) provides:

Job creation --

(i) General. To show that a new commercial enterprise will create not fewer than ten (10) full-time positions for qualifying employees, the petition must be accompanied by:

(A) Documentation consisting of photocopies of relevant tax records, Form 1-9, or other similar documents for ten (10) qualifying employees, if such employees have already been hired following the establishment of the new commercial enterprise; or

(B) A copy of a comprehensive business plan showing that, due to the nature and projected size of the new commercial enterprise, the need for not fewer than ten (10) qualifying employees will result, including approximate dates, within the next two years, and when such employees will be hired.

(ii) Troubled business. To show that a new commercial enterprise which has been established through a capital investment in a troubled business meets the statutory employment creation requirement, the petition must be accompanied by evidence that the number of existing employees is being or will be maintained at no less than the pre-investment level for a period of at least two years. Photocopies of tax records, Forms I-9, or other relevant documents for the qualifying employees and a comprehensive business plan shall be submitted in support of the petition.

(iii) Immigrant Investor Pilot Program. To show that the new commercial enterprise located within a regional center approved for participation in the Immigrant Investor Pilot Program meets the statutory employment creation requirement, the petition must be accompanied by evidence that the investment will create full-time positions for not fewer than 10 persons either directly or indirectly through revenues generated from increased exports resulting from the Pilot Program. Such evidence may be demonstrated by reasonable methodologies including those set forth in paragraph (m)(3) of this section.

The regulation at 8 CFR 204.6(m)(1) provides:

(1) Scope. The Immigrant Investor Pilot Program is established solely pursuant to the provisions of section 610 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriation Act, and subject to all conditions and restrictions stipulated in that section. Except as provided herein, aliens seeking to obtain immigration benefits under this paragraph continue to be subject to all conditions and restrictions set forth in section 203(b)(5) of the Act and this section.

The regulation at 8 CFR 204.6(m)(3) provides:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

Note that promoting economic growth through increased export sales is no longer a requirement.

The regulation at 8 CFR 204.6(m)(6) provides:

(6) Termination of participation of regional centers. To ensure that regional centers continue to meet the requirements of section 610(a) of the Appropriations Act, a regional center must provide USCIS with updated information to demonstrate the regional center is continuing to promote economic growth, improved regional productivity, job creation, or increased domestic capital investment in the approved geographic area. Such information must be submitted to USCIS on an annual basis, on a cumulative basis, and/or as otherwise requested by USCIS, using a form designated for this purpose. USCIS will issue a notice of intent to terminate the participation of a regional center in the pilot program if a regional center fails to submit the required information or upon a determination that the regional center no longer serves the purpose of promoting economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment. The notice of intent to terminate shall be made upon notice to the regional center and shall set forth the reasons for termination. The regional center must be provided 30 days from receipt of the notice of intent to terminate to offer evidence in opposition to the ground or grounds alleged in the notice of intent to terminate. If USCIS determines that the regional center's participation in the Pilot Program should be terminated, USCIS shall notify the regional center of the decision and of the reasons for termination. As provided in 8 CFR 103.3, the regional center may appeal the decision to USCIS within 30 days after the service of notice.

RE: REQUEST FOR EVIDENCE

Case Type: 1-924

Applicant: Local Government Regional Center of Illinois

Receipt #: RCW1031910005

Dear Sir or Madam:

Per your request dated May 24, 2011, enclosed please find additional information regarding the Application for Regional Center under immigrant Investor Pilot Program submitted by the Local Government Regional Center of Illinois (LGRCI).

RFE states:

After a review of your proposal, the following information, evidence and/or clarification is required...

documentation, such as an economic analysis showing how the Regional Center will promote economic growth through improved productivity, job creation and increased capital investment within the designated Region.

Response:

Enclosed, please find duly executed correspondence from the petitioner, LGRCI, providing detailed information and documentation regarding the economic impact the proposed Regional Center will have within the designated region, including detailed predictions on labor, total employment, earnings and output. Attached to this correspondence is documentary evidence with detailed analysis and specific information to support the application, including detailed economic analysis of the three business plans proposed by LGRCI, using the 2008 RIMSII Data from the U.S. Input-Output Tables generated by the Bureau of Economic Analysis, and including a breakdown of each specific NAICS code and the corresponding multiplier for each business segment being reviewed.

In addition, please note that we have included a copy of the Form G-28 that was filed with the original application. Please ensure that Fragomen, Del Rey, Bernsen & Loewy, LLP is listed as

the attorney for this application.

If you require any further documentation or clarification, please contact our office.

Very truly yours,

Anna H. Morzy, Esq.

Employment-Based Immigration

RESPONSE TO USCIS

REQUEST FOR EVIDENCE DATED MAY 24, 2011

August 15, 2011

RCW 1031910005 (Formerly W09001520)

Cover Letter

August 15, 2011

Attn: EB-5 RC Proposal
2400 Avilla Road, 2nd Floor
Laguna Niguel, California 92677
[via FedEx]

To Whom It May Concern:

This document represents a point by point response to the USCIS Request for Evidence dated May 24, 2011.

In the Request, USCIS sought "documentation, such as an economic analysis, showing how the Regional Center will promote economic growth through productivity, job creation and increased capital investment within the designated Region."

In many ways this entire document is in response to this question, however, a comprehensive economic analysis performed by EP Systems Group, Inc. (EP Systems) located under TAB 1, addresses this very question concretely. According to the included detailed economic analysis of the three proposed business plans included within, the Local Government Regional Center of Illinois will create a low-end estimate positive Regional impact of [REDACTED] in 2011 dollars [REDACTED] new permanent jobs and [REDACTED] in additional earnings. (b)(4)
(b)(4) (b)(4)

The Request also seeks to understand the Regional or National impact of the Regional Center, asking for "a more detailed prediction, transparently supported by the provision of the underlying analysis that serves as the basis for the detailed prediction."

In response, EP Systems has detailed the methodology and data that they used for their predictions on Page 5 of their analysis, again under TAB 1. EP Systems uses the 2008 RIMSII Data from the US Input-Output Tables generated by the Bureau of Economic Analysis, copies of which are included under TAB 2.

USCIS further requested that "The detailed prediction should realistically illustrate LGRCI's prospective impact regionally and/or nationally on household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and outside the Regional Center."

In response, the enclosed economic analysis under TAB 1 provides a breakdown of each specific NAICS code and the corresponding multiplier for each business

segment of the analysis for every element of the three businesses reviewed. These impacts are then transparently tallied to provide detailed predictions on labor, total employment, earnings and output. Details on construction impact are included for each business plan as well, but not treated as permanent jobs.

The economic analysis transparently shows the numbers of jobs created, as well as the regional and national increases in earning and regional economic impact. The economic analysis is based entirely on the verifiable details of the respective business plans and works forward, transparently using RIMSII data, referenced within, to derive the employment and economic impact created by the business.

The economic analysis also transparently shows the basis for the data used as the inputs to the economic models and includes detailed descriptions of the calculations and includes the RIMS II Tables to show how and which RIMS II multipliers were derived and used.

(b)(4)

We have included under TAB 3 an Addendum to the original FiPiLi Dining business plan submitted on January 10, 2011. The originally submitted business plan is also included for your reference, however this Pro Forma Addendum is presented separately and includes comprehensive details and reasoned justifications for all the underlying assumptions of costs and revenue for the proposed business.

Further, under TAB 4 please find a second LGRCI business plan, for Food Oasis Markets. Food Oasis Markets' is a new business plan presented for your consideration that was not included in the previous evidence. This business is in two distinct phases that will each consist of three supermarkets and a common warehouse. The first phase on Chicago's South Side, the second on its West Side, expect to comprehensively address distressed neighborhoods' access to healthy

(b)(4)

eb5|grci

Local Government Regional Center of Illinois

food while generating, with each phase, approximately [redacted] new jobs. We believe that the business plan is comprehensive, with sufficient details, reasoned justifications, and background for all the underlying assumptions of costs and revenue for the proposed business.

Also, under TAB 5 please also find an executive summary of a third proposed LGRCI business plan, for Neighborhood Integration Partners, Inc. (NIPs.) This business plan was also not included in the previous evidence. This high level summary business plan is based on recent legal and social issues facing the State of Illinois with regards to its failure to adhere to federal Olmstead laws. Please

(b)(4)

[redacted] Nevertheless, we believe we have provided an acceptable level of detail, reasonableness and justifications for all the underlying assumptions of costs and revenue for the proposed business as well as timelines and job creation. EP Systems used our data to calculate [redacted] new jobs created.

(b)(4)

Because each business plan now provides detailed inputs, rather than generic data, the economic analysis methodology and process for three industry categories is transparent for your consideration.

With regards to our request for approval in various business segments, under TAB 6 please find an amendment to our application. Because we have included only three business plans that clearly outline our ability to meet the requirements under the EB-5 Program, at this point we amend our application to request approval for only these three NAICS codes and business segments that are directly associated with the enclosed business models.

(b)(4)

(b)(4)

eb5lgrci
Local Government Regional Center of Illinois

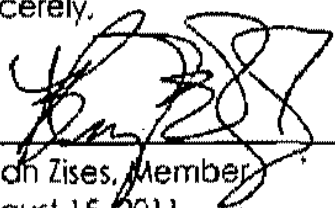

[REDACTED] We also identify the amount of EB5 capital and non EB5 capital to be used, the number of EB5 investors expected to fund the regional center projects, the total number of jobs (direct jobs, indirect jobs and induced jobs) to be created in the regional center based on the aggregate investment of EB5 investors and non-EB5 investors, and the feasibility of the projects under current market conditions within the Regional Center.

We trust that the enclosed documents fully meet your Request for Evidence and we look forward to your positive response. With this in mind, under **TAB 7** we include our public contact information to be used in any listing of USCIS Approved Regional Centers. Please also update your records to this new address for any USCIS communications.

Local Government Regional Center of Illinois
30 East Adams, Suite 440
Chicago, IL 60603

Thank you for your consideration.

Sincerely,

Bryan Zises, Member

RE: Appraisal of Job Impacts of Three Planned LGRCI
Investments and of the Center's Overall Impact

Dear Mr. Zises,

Enclosed please find a copy of our assessment of the job creation impacts of the three LGRCI investment projects for which you provided us with business plans. We have included in our assessment an aggregation across the projects and data on the Center's operations to project the initial overall impacts of the LGRCI once it is fully operational. We have calculated the impacts for Cook County as per our agreement, using a narrower impact frame than the whole Chicago MSA.

The findings provided represent our best estimates of the job creation potential of the investments based on the data provided to us. Those findings utilized the US Bureau of Economic Analysis' RIMS II data for Cook County and the multipliers they provide, information we are transmitting to you separately.

It has been a pleasure serving you in this capacity.

Peter B. Meyer, PhD for The E.P. Systems Group, Inc.

Project Description

In late 2010, The E.P. Systems Group, Inc. (EPSG) was contracted by Local Government Regional Center of Illinois (LGRCI) to develop an economic analysis of the employment impacts of a new restaurant venture in the Chicago area. The purpose of the analysis was to provide evidentiary information in support of an EB-5 Regional Center Application under the regulations of the United States Citizenship and Immigration Service (USCIS). EPSG is independent of, and has no financial or other interest in LGRCI or in its application for Regional Center status.

On May 24, 2011, LGRCI received a *Request for Evidence* (RFE) from USCIS that enumerated the additional information and documentation the Center needed to provide for USCIS to issue a ruling on its application. LGRCI then asked EPSG to review its business plans and prepare an analysis of the economic impacts of the Center and the investments for which business plans were provided.

The charge of our contract is to indicate whether the proposed investments each will generate at least twenty (20) jobs in the Region under study per \$1 million of investment and to assess with overall impact of the Center on the regional economy if it were to go into operations. The basis for this analysis is the RIMS II input-output model for 2008 developed by the US Bureau of Economic Analysis (BEA), the most recent such model available. The BEA methodology and regionalized I-O coefficients has been widely used and is the accepted standard for economic impact analysis. The Region under study is Cook County, Illinois, where the Center is to be located and all the investments undertaken.

In order to set the context for analysis, a basic description of the Cook County economy and changes in the Chicago metro mix are provided. We conclude with an assessment of the expected overall impact of the Center on the Cook County region, including the expenditures and profits of the LGRCI as drivers of economic activity beyond that generated by the investments it stimulates.

A Brief Description of the Economy of the Cook County

Census Profile

(Data from the *American Community Survey*, 2009)

Cook County, with a population of over 5,250,000, is the core of the over 9.5 million population Chicago CMSA, the third largest population concentration in the US. The median age in 2009 was 34.7 years and 11.6% were over 65, so the residents of county were slightly younger than the nation's population as a whole. Over 1.3 million, 25.5%, were African Americans and 5.7% were Asian. Hispanics made up 22.5% and other races 14.8%, so the county had roughly double the proportion of non-white resident as the US overall. Foreign born persons accounted for over a fifth of the total population, and over 600,000 or 55.7% of them were not US citizens.

Cook County has a varied and balanced economy with median household incomes (\$53,903) and significant poverty (about 11.8%) both above the national average. About 2.7 million persons over the age of 16 are in the civilian labor force and, in 2009, 9.3% of them were unemployed. (According to the US Bureau of Labor Statistics, however, there was a slow increase in the size of the Chicago MSA labor force over 2011 to date, with the unemployment rate climbing to 10.4%.) The median wage for all workers was \$32,742. Educational attainment is quite high with 82.2% of persons over 25 having at least a high school diploma and 22.2% having a college degree or more.

Economic Structure and Change

(Data from *County Business Patterns*, 2003 and 2009)

(b)(4)

(b)(4)

THE E. P. SYSTEMS GROUP, INC.

(b)(4)

THE E. P. SYSTEMS GROUP, INC.

Methodology and Data

The RIMS II data used for this impact analysis is derived from the US Input-Output Tables generated by the Bureau of Economic Analysis for 1997 as updated for 2008. These tables provide a snapshot of the US economy based on the sales from one industry to another and to final demand. The data has been regionalized for Cook County, Illinois by BEA by applying the Location Quotients for each industry according to information derived from *County Business Patterns* for 2008. Hence the data is specific to the region under study and reflects the underlying structure of the regional economy.

(b)(4)

Overview of Proposed Projects

All three proposed projects serve unmet or only partially satisfied markets in Cook County, so employment displacement by new entrants into already saturated markets should not be an issue. This condition results in part from the location quotients of the sectors in which LGRCI proposes to invest. For the first two projects below, the likelihood of displacement is further reduced by specific geographic location of investments in Targeted Employment Areas that suffer lower levels of a variety of economic activities. The third project involves preparing to meet a new demand that has yet to be fully articulated and that is not now being satisfied by any other investors. Therefore, we do not address displacement in great detail below – except to respond to a discussion of displacement raised in the business plan pro forma for the first project.

(b)(4)

(b)(4)

Proposed Project 1: FiPiLi Restaurant – a three part eatery investment, involving [redacted] from EB-5 qualified foreign capital, it is planned for an area of Chicago that the business plan indicates is under-served by quality restaurants. [redacted]

(b)(4)

(b)(4)

Proposed Project 2: Food Oasis Grocery Stores – a small grocery store chain involving [redacted] raised by LGRCI through [redacted] EB-5 qualified foreign investors, to be implemented in two phases. [redacted]

(b)(4)

Proposed Project 3: Neighborhood Integration Project – this project, involving [redacted] in start-up loan capital from [redacted] EB-5 qualified foreign investors, is a direct response to new public sector demands for housing and support services in Cook County resulting from a series of court decisions [redacted]

(b)(4)

(b)(4)

Proposed Project 1: FiPiLi Restaurant

Local Government Regional Center of Illinois expects to utilize EB-5 investment in several ways. Of concern for this application, LGRCI has selected its first actual project to be undertaken by the Regional Center. The business plan evaluated here calls for a [REDACTED] investment from [REDACTED] EB-5 qualified investors as startup monies for a three part restaurant venture in a downtown/ university area of Chicago that has Targeted Employment Area (TEA) designation.

(b)(4)

FiPiLi Construction

The business plan calls for the following. FiPiLi is a three-part food business with 6,000 sq. ft. of commercial space located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side. [REDACTED]

(b)(4)

FiPiLi Operations

(b)(4)

(b)(4)

As is shown in the business plan (by year 3), FiPiLi will employ [REDACTED] workers directly. The total wage paid annually will be [REDACTED]. Using the Direct effect multipliers for employment and earnings (RIMS II Table 2.5) the total direct, indirect, and induced employment of the FiPiLi ongoing operations will be just over [REDACTED] jobs and the total earnings change will be [REDACTED].

(b)(4)

(b)(4)

(b)(4)

not change. Appendix Table 1.2 presents all three of the revenue projections. In calculating the impact of the project on the Cook County economy, for sake of the USCIS analysis, we use the midrange projected revenues.

(b)(4)

FIPILI Summary of Impacts Table

Project Data from LGRCI Business Plan	Impacts of Expenditures on Output, Employment and Earnings, Including Indirect and Induced Effects
--	--

(b)(4)

* excluding fees and licenses.

For sources and details see the Appendix Tables 1.1 and 1.2.

Proposed Project 2: Food Oasis Grocery Stores

Much of Cook County has been designated a "food desert" meaning that there are not enough full service food stores or supermarkets to meet the expected needs of the population. Most such areas, in Chicago and elsewhere, are in the poor and minority areas of the city. The people in these neighborhoods do not have adequate access to reasonably priced fresh and other non-prepared foods because the model of grocery retailing that holds for most middle class neighborhoods is not profitable in these areas. As a consequence, the population that has the least income to spend on foodstuffs, finds itself forced to: a) buy higher priced groceries and prepared foods from convenience and liquor stores which are their only local grocery options, b) eat in fast food restaurants and pay a much higher price for less healthy food and/or c) travel to other neighborhoods – potentially long distances – to buy groceries. This last option involves not merely sacrificing some of the income they might have spent on food on transportation, but also the expenditure of time, which may be a scarce resource for low income workers holding multiple jobs.

(b)(4)

LGRCI has selected its second project to be undertaken by the Regional Center. The Food Oasis project will involve creating six small supermarkets in six Census Tracts in the Westside and Southside of Chicago. Each of these Tracts is designated as part of the "food desert" and each is in a Targeted Employment Area (TEA) and thus qualifies under USCIS EB-5 regulations as an area in which foreign investors need to create just 10 jobs per \$500,000 invested. The project will be accomplished in two phases; each will include three supermarkets and a grocery warehouse.

(b)(4)

Food Oasis Construction Process

The construction portion of each phase will be funded by an investment of [REDACTED] (2011 dollars), of which [REDACTED] will be raised by LGRCI through [REDACTED] EB-5 qualified foreign investors. (Grants and tax credits such as New Market Tax Credits are expected to be available for the remainder).

Appendix Table 2.1 shows the distribution of expenditures expected in the construction of each phase of the Food Oasis project. Land costs, fees, contingencies, and financing costs are not included in the table. The construction process for each phase will not require two years and the [REDACTED] jobs created are not counted towards qualifying the EB-5 investors. Nonetheless, the project impacts during the construction period will be substantial. In each phase almost [REDACTED] will be spent on constructing and furnishing three supermarkets and a grocery warehouse. This will yield a total change in output of almost [REDACTED] and a growth in earnings of [REDACTED] in the region. [REDACTED]

Operation of the Food Oasis Project

The business plan submitted by LGRCI presents a range of annual revenue expected for each phase of the project [REDACTED]

(b)(4) The labor requirements for each phase of the project will lead to the creation of [REDACTED] direct jobs [REDACTED] positions will be created during the first phase that will serve both phases and will not be duplicated in the second phase. (These positions are the CEO, CFO (who will

(b)(4)

serve as general manager), and [redacted] purchasing managers. Hence, the total direct jobs
(b)(4) created in the first phase will be [redacted] and in the second phase [redacted]. The total wage bill for (b)(4)
year three of phase one will be [redacted]. The inflation adjusted wage bill for year
(b)(4) three of phase two will be [redacted]. The Cook County RIMS II Table 2.5 direct (b)(4)
employment multiplier for retail employment in 2008 was [redacted]. Thus, the total number of
direct, indirect, and induced jobs created will be [redacted] phase one and [redacted] in phase two.
The earnings multiplier was [redacted] which leads to a total change in earnings of [redacted] (b)(4)
(b)(4) [redacted] in phase one and [redacted] in phase two. See Appendix Table 2.2.

(b)(4)

Food Oasis Summary of Impacts Table

Project Data from LGRCI Business Plan	Impacts of Expenditures on Output, Employment and Earnings, Including Indirect and Induced Effects
(b)(4)	

* excluding land fees, contingency and financing costs.

For sources and details see the Appendix Tables 2.1 and 2.2.

Proposed Project 3: Neighborhood Integration Project

(b)(4) The business plan for the third LGRCI project is not yet fully developed but is analyzed here as another potential project for the Center. The overview for this plan suggests that LGRCI would provide [REDACTED] qualified EB-5 investors, along with other funds, to implement the Neighborhood Integration Project (NIPs) which would provide community-based housing and services to mentally disabled and disadvantaged persons in Chicago. The project would be fully implemented in the Targeted Employment Areas of Cook County. Although the public aspect of NIPs would be paramount the project would be incorporated as a for-profit corporation.

The EB-5 investment would be a start-up loan. In addition, NIPs will receive grants from a number of governmental entities, including the Illinois Affordable Housing Trust Fund, the Build Illinois Bonds Program and the Transition Allowance of the Illinois Department of Human Services, Division of Mental Health (DMH). [REDACTED]

(b)(4)

LGRCI will acquire a total of [REDACTED] (b)(4) for start-up capital. Most of these funds will be spent on acquiring and renovating [REDACTED] persons with Serious Mental Illness (SMI). Under Illinois state law, the residents will be eligible for public housing and service grants that are expected to provide a revenue stream for the project.

NIPs Construction Phase

(b)(4) Appendix Table 3.1 shows the construction phase budget for NIPs. The business plan [REDACTED] Since the construction schedule is to be completed in less than two years, the [REDACTED] plus jobs created including direct, indirect, and induced employment during this phase are not counted towards the EB-5 required jobs. [REDACTED] significant impacts for the Cook County economy.

(b)(4)

NIPs Operations Phase

No long term operations budget has been presented in this initial project overview, however, the data shown is taken here to be for the second or third year after a [REDACTED] units are operational. At that stage, NIPs is expected to employ [REDACTED] full time employees directly and

(b)(4)

(with a direct effect employment multiplier as derived from RIMS II Table 2.5) a total of [redacted] workers, including indirect and induced employment. It would, therefore, qualify under the USCIS EB-5 foreign investor program. The direct earnings generated by the project are

(b)(4)

Total revenues for the project are expected to be [redacted] for an operational year. The output multiplier for social assistance is given as [redacted] and the total impact on the Cook County economy would be [redacted]

(b)(4)

(b)(4)

NIPs Summary of Impacts Table

Project Data from LGRCI Business Plan	Impacts of Expenditures on Output, Employment and Earnings, Including Indirect and Induced Effects
[redacted]	

(b)(4)

* excluding contingency, reserves and permits.

For sources and details see the Appendix Tables 3.1 and 3.2.

Summary of Project Impacts

(b)(4)

Each of the three projects described and analyzed here is expected to be an ongoing and permanent revenue generator. The revenue numbers presented in the Summary of Impacts Table below are representative of the expected annual income generated, though their actual level in any given year may be different depending on the timing of each project. Assuming all three operate simultaneously, and ignoring any effects of inflation, the table below summarizes their aggregate impact on employment and wages.

Summary of Impacts Table of Three Combined LGRCI Projects

Project Data from LGRCI Business Plan	Impacts of Expenditures on Output, Employment and Earnings, Including Indirect and Induced Effects
---------------------------------------	--

(b)(4)

Although each project must stand on its own in terms of generating enough jobs to meet the EB-5 criteria

(b)(4)

The Aggregate Economic Impact of the Local Government Regional Center of Illinois

By the end of year four of its operation,

(b)(4)

The Center operation impacts can be added to the sum of the output change impacts resulting from the operations of the proposed projects to determine the overall impact for a future year in which all projects are ongoing.

FIPILI, LLC

Pro Forma Addendum to the Business Plan
RCW 1031910005 (Formerly W09001520)

FiPiLi -- Revenue Projections

Our projections for FiPiLi are based on the vast experience in restaurant management of our management team of Marco Canora and Paul Grieco.

More than most businesses, revenues in food service are dependant on such unpredictable and mercurial variables as press reviews and 'buzz' from Chicagoland's core of professional reviewers and amateur restaurant foodies.

(b)(4)

Wage and Displacement Assumptions:

Wages

Wage Assumptions are based on fine dining industry standards except for the minimum wage for tipped workers (bartenders, servers and bussers), which is based on Illinois statute:

(b)(4)

Displacement

(b)(4)

(b)(4)

The business plan was developed with the intent of creating [redacted] jobs with [redacted] from foreign investors, assuring that it satisfies the job creation criterion. Even if we allow for 20% displacement of the [redacted] jobs, assuming the new eateries cause some others to go out of business, that leave [redacted] directly created jobs. Since total jobs (b)(4) created, not just direct jobs, is the basis for the USCIS criterion, displacement would have to be far higher than 20% to be problematic. Since FiPili is to be centered in a TEA qualified zone of Chicago [redacted]

(b)(4)

Pro forma Models

- (b)(4) The pro forma models presented are based on the following 3 sets of assumptions: projected, break-even and optimistic.

Projected

Break-even

BUSINESS PLAN**

FI-PI-LI

Business Plan

Executive Summary

Concept

(b)(4)

FiPiLi is a [REDACTED] located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side.

(b)(4)

FiPiLi Fine is a [REDACTED] FiPiLi Vino, abutting the restaurant, is a 40-seat wine bar; and FiPiLi Mobile is a three-truck Mobile Food Provisions business. The name is familiar to anyone lucky enough to have toured the Tuscany region of Italy by car. It is on road signs everywhere and comes from combining the region's three largest cities - Firenze (Florence in English), Pisa and Livorno.

(b)(4)

FiPiLi Vino has simpler interpretations of the same cuisine, [REDACTED]

(b)(4)

FiPiLi Mobile will provide the best [REDACTED]

(b)(4)

The Face of FiPiLi

FiPiLi will be fronted by Hearth, LLC, a restaurant management group based in New York and composed of Marco Canora and Paul Grieco, who will be bringing their combined decades of experience and consistently successful formula to Chicago.

Hearth Restaurant

(b)(4)

Hearth, LLC was formed in 2002 to create the famed Hearth Restaurant in Manhattan's East Village. Since its opening, Marco and Paul have earned rave reviews for the quality of the food, wine, service and atmosphere. The restaurant's overall concept is so strong, in fact, that the restaurant received a James Beard Foundation award nomination in 2003 for Best New Restaurant, as well as being listed in *Travel + Leisure* magazine's 2006 survey of New York's Top 50 Restaurants, describing it as "No fuss, no swagger, no reservation traumas...is Hearth too good to be true?"

In the spring of 2008, Hearth, LLC opened Terroir winebar in Manhattan's East Village, which was an instant success and has spawned a sister Terroir in Manhattan's TriBeCa neighborhood that opened in the middle of 2010.

Through these years and ventures, Hearth, LLC has honed a seriously successful strategy of conceptualizing, actualizing and running food service establishments that have earned the love of the media, of their clients and, because of their financial returns, their investors. Their accomplishments are a testament not only to their strong business sense, but also to the unique set of talents that each brings to the myriad aspects of restaurateurship.

Marco Canora

The food of the FiPiLi brand will be fronted by Chef Marco Canora, who has been for the past decade one of the premier names in Italian cooking in the country. In addition to his many accolades as a New York chef, Marco has gained a national presence with his many appearances on *The Today Show*, the *CBS Early Show*, *Martha Stewart*, and *ABC Nightline*. Most prominently, Marco spent a season as a contestant on the Food Network's *2010 Next Iron Chef* where he finished as a finalist.

Prior to striking out on his own with Hearth, and later Terroir, Marco was enlisted by Tom Colicchio – face of Bravo Network's *Top Chef* – to open Craft Restaurant in the Flatiron District. It was during Marco's tenure there that the restaurant received three stars from the New York Times and won the 2001 James Beard Award for Best New Restaurant in the Country. As Craft's executive chef, Marco also helped launch Craftbar and Craftsteak in Las Vegas.

In 2009, Marco published *Salt to Taste: The Keys To Confident, Delicious Cooking* (Rodale). The book was nominated for a James Beard Publishing Award and selected as one of *Food & Wine Magazine's* Best of The Best. Marco has also created a series of instructional webisodes for KitchenDaily.com in an effort to share some of his favorite dishes as well as some helpful cooking techniques with a wider audience.

Paul Grieco

The wine and beverage program will be run by Paul Grieco, widely regarded as the most creative sommelier in all of New York City. Paul has run the wine and beverage program at Hearth as well as at both Terroirs since they opened.

Saveur magazine, in their April 2009 bio of Paul, stated: "Paul Grieco first made a name for himself as an outspoken wine guy when he was the assistant manager at New York's Gramercy Tavern, but it wasn't until he left to open Hearth, Insieme, and Terroir that his gospel took on real power. Not only do his wine lists feature multiple vintages of wine he love – many of them obscure ones like Chateau Musar, a red from Lebanon, and Scholium Project sauvignon blanc from the Napa Valley – but his descriptions of those wines reflect a passion that invariably rubs off."

It is no doubt because of Paul's infectious passion that he was nominated for the 2010 James Beard Foundation's Award for Outstanding Wine and Spirits Professional.

Ownership & Management

(b)(4)

Zachary Zises

Zachary Zises will serve as Business Manager for FiPiLi, LLC.

Since 1996 Zachary has been a member of the Chicago Board of Trade working as a self-employed, self-capitalized trader in the Wheat Options pit. In 2004 Zachary formed Icarus Trading, an options and futures arbitrage company, which he owned and managed until 2008.

In 2009 Zachary left trading to pursue his passion for the entirety of the food chain. He manages a blueberry farm in Benton Harbor, MI that is transitioning to organic and is the largest single investor in the Terroir Tribeca winebar in New York City.

James Ventrella

James will be in charge of day-to-day management of FiPiLi once its door open as well as our restaurant consultant for the pre-opening process.

He was the owner and proprietor of *Ventrella's Caffe* in the Ravenswood neighborhood of Chicago's North Side, which was open from February 2006 to March 2010.

James will bring to bear his mastery of Chicago's complex and complicated inspection and licensing system in helping Hearth LLC efficiently branch out beyond its New York roots.

Susannah Walker

Susannah will be our chef de cuisine. Her first job helming a restaurant came in 2002 at Chicago's MOD Restaurant. Since then she has run kitchens in restaurants around the country, most notably at the Wilmington Inn and Tavern in Wilmington, VT and at Ditterra's Urban Italian in Dallas, TX.

At Ditterra, Susannah was the original executive chef, in charge of conceptualizing and designing the cuisine for the 60-seat restaurant. The restaurant was awarded 4 stars by the Dallas Morning News.

Susannah's mastery of Italian cuisine was honed by a 2-year stint cooking in restaurants in Rome and Florence.

Timeline

(b)(4)

(b)(4)

FiPiLi will hold each investors' \$500,000 investment in escrow until the entirety of the [redacted] subscription has been fulfilled. Once the entire [redacted] has been received I-526 forms will be submitted to USCIS. Only after all the I-526's have been approved will the monies be released from escrow and given to the Tuscan Dining EB-5 Fund, LLC, which will then initiate its loan to FiPiLi, LLC.

At this point everything will happen as quickly as possible to ensure that no delays stand in the way of FiPiLi's opening for business prior to the 2-year jobs requirement mandated by the EB-5 Visa program. While location is often a major stumbling block for any business, the advance

Location

FiPiLi is currently negotiating a space on the 1200 block of West Taylor street, in the heart of University Village/Little Italy neighborhood on Chicago's Near West Side, which is an ideal location for several vital reasons:

First, the block's proximity to University of Illinois at Chicago campus. With it's 26,000 undergraduate and graduate students and over 5,000 administrative and professional staff, this institution guarantees vibrant foot traffic for both lunch and dinner service. At the same time, this area is only a mile outside of Chicago's incredibly dense downtown, which means that the neighborhood's businesses have access to be tremendous number of lunch-time clients.

Second, the location is in the heart of Chicago's famed Little Italy neighborhood. The University Village Association has this to say about the area's business history:

The history of University Village/ Little Italy is closely linked to a history of Italian food. In the Taylor Street area are the roots of nationally known restaurants and local favorites

which go back to the early 20th century. It is a history of entrepreneurs who were creative and hardworking and who have risen to become among some of the top restauranteurs in the country.

Yet, despite all these geographic advantages, this stretch of blocks also qualifies as a Targeted Employment Area, which means qualified investors need only profer \$500,000 to be entitled to eventually receiving their I-526 and I-829 approvals through USCIS's EB-5 Visa Program. This is in large part due to Little Italy's proximity to the Chicago Housing Authority's Roosevelt Square development, which includes approximately 35 city blocks at the site of a former public housing project, the ABLA Gomes, which is currently in Phase II of its redevelopment. When the project is done, there will be 366 CHA public housing rental units, 480 affordable units for low- to moderate-income families and market-rate condominiums and townhomes as well as 15,000 square feet of new retail on Taylor Street.

The below map shows a black line along Taylor street along the strip is which designated as a TEA and where FiPiLi will be located.

Competition

Little Italy has never failed to live up to it's nickname. Pompei Restaurant was founded at 1531 West Taylor Street in 1909 by a proud Italian-American immigrant looking to recreate the culinary splendors of the land he left behind, and the number of restaurants has only grown from there. Below is a list of some of the area's dining establishments:

Gennaro's Restaurant – 1352 W. Taylor Street.

An old school establishment since 1959, Gennaro's is famous for it's thicker than your head pork chops and homemade pastas drenched in tomato sauce. Prices are around \$14 for pastas and \$19 for proteins.

Tuscany on Taylor – 1014 West

Taylor Street. An Old World approach to northern Italian fare with pastas \$16-\$18 and proteins from the mid-\$20's to mid-\$30's.

Rosebud – 1500 West Taylor Street.

In business since 1971, this restaurant is renowned for pasta servings so large that the doggie bag you go home with will satisfy it's diner for a week of lunches. Many salads run around \$10, pastas run about \$12 and the Veal Milanese tops the list as the most expensive dish at \$14.95.

Francesca's on Taylor – 1400 West Taylor Street.

A Rome influenced dining experience with lunches running around \$15 per person and dinner around \$30.

Pompei – 1531 West Taylor Street.

Mostly a pizzeria and bakery that has expanded to 7 locations in the Chicago region. Costs are \$3 for a slice to over \$33 for a fully topped tray of pizza that probably feeds your entire extended family

Employment-Based Immigration

Food Oasis, Inc.

Business Plan
RCW 1031910005 (Formerly W09001520)

General Overview

The Food Oasis Markets has two primary missions at its core: to solve the 'food desert' problem in Chicago's West and South Side communities, and to create enough jobs to satisfy the regulatory needs of its EB-5 investors.

Food Oasis Markets also hopes to draw its new employees from the same communities where the markets will be located, communities currently ravaged by some of the highest unemployment rates in the entire midwest. (b)(4)

[REDACTED]
[REDACTED] In so doing, we expect to comprehensively address one of the primary issues facing Chicago's many distressed neighborhoods – access to healthy food – while generating, with each phase, approximately [REDACTED] jobs, the majority of which will be allocated to residents of these economically distressed neighborhoods. (b)(4)

Each phase will begin with [REDACTED] in EB-5 investor capital, leveraged with Local, State and Federal grants and incentives programs to reach a total capital investment of [REDACTED] per phase.

(b)(4)

Business Philosophy

Food Oasis believes that grocery stores are a fundamental resource for any viable community.

In spite of the fact that many of the residents in our targeted areas are low income, we believe that these residents not only deserve access to high quality produce and meats that they currently lack, but that they will readily shift their food consumption habits away from low-quality fast food and junk food found at liquor and convenience stores once they are presented with the convenient choice of higher quality foods at a nearby grocery store.

Financially, opening a large business in economically distressed communities is not without risks. Among the challenges are: less discretionary income among the residents; a less ingrained culture among the residents to shop at supermarkets; and fewer residents with cars to transport large-volume purchases. Nevertheless, we believe we can meet all of these challenges and thrive for the following reasons:

(b)(4)

Thus, our goal is not simply to lure customers away who are currently driving farther to shop at currently existing supermarkets. [REDACTED]

(b)(4)

(b)(4)

The investment of [REDACTED] in equity from a total of [REDACTED] I-526-approved foreign investors through the EB-5 program of the United States Citizenship and Immigration Service, in each phase, is at the heart of the financing for this project.

(b)(4)

In addition, LGRCI will work with the Westside CDC to lead our community relations and to access numerous grants from governmental entities and private charities available to businesses tackling the hot-button policy issue of Food Deserts. In exchange, Westside CDC will become a [REDACTED] owner or shareholder of The Food Oasis Markets, LLC.

(b)(4)

These two sources of capital will then be leveraged through the Federal New Markets Tax Credit program administered by the US Department of Treasury and the Illinois New Markets Tax Credit program administered by the Illinois Department of Commerce and Economic Opportunity. These leveraged resources will provide The Food Oasis Markets, LLC. access to a total of [REDACTED] in each of its 2 phases.

(b)(4)

Grants and Other Incentives

(b)(4)

This issue was highlighted locally when on June 15, 2011, just weeks after taking office, Chicago's new mayor, Rahm Emmanuel, said that it was "unacceptable that hundreds of thousands of residents live in food deserts, without access to fresh food," and met with a consortium of grocery store executives to address the problem.

On the State level, the Illinois General Assembly in June of 2009 approved \$10 million in funding for the Illinois Fresh Food Fund, which seeks to stimulate supermarket development in underserved areas of the state – a bill sponsored and passed by friends and former colleagues of Westside CDC's founder, Arthur Turner, who served as the Deputy Majority Leader in the Illinois House for nearly 20 years.

On the Federal level, the Patient Protection and Affordable Care Act of March, 2010, dedicated more the \$100M to help "population groups experiencing the greatest burden of chronic disease become tobacco free, more physically active and better nourished," monies to be allocated by the US Department of Health and Human Services through "community transformation grants" to attack the food desert problem.

(b)(4)

Joining the EB-5 and New Market Tax Credit (NMTC) Programs

While the regulatory demands of any government program can be daunting, Food Oasis Markets will navigate two separate programs successfully – the EB-5 program of the USCIS and the NMTC program of the US Treasury. We believe this is a prudent approach for several reasons:

The EB-5 program and the NMTC program have significant geographical overlap despite their reliance on different metrics to determine the communities in which a qualified. The two maps below showcase this overlap:

CDF NMTC Qualifying Areas Map

(b)(4)

how similar they are. Note that the unshaded areas in the map below represent the TEA census tracts.

(b)(4)

(b)(4)

- It allows LGRCI to move forward with a smaller number of investors. In this case, instead of needing [REDACTED] 526-approved investors the project needs to only attract [REDACTED] investors, meaning the first approved investors are likely to have their wait-time significantly reduced before having their funds released from escrow and their investments put to use. (b)(4)
- Food Oasis Markets need to generate only [REDACTED] direct and indirect jobs to allow investors to qualify for I-829 approval. By lowering the employment hurdle the safety of job creation is significantly greater for the investors to ultimately receive an unrestricted green card.

NMTC Financing Requirements

While our projections demonstrate that Food Oasis Markets will generate more than enough jobs to satisfy EB-5 requirements, we nevertheless feel that the NMTC program is an important tool for both this project as well as future LGRCI business partnerships. Therefore, we will outline here how these two projects will work together.

(b)(4)

The Local Government Regional Center of Illinois will be responsible for ensuring that The Food Oasis EB-5 Fund, LLC maintains compliance with the USCIS EB-5 program, and for compliance with the NMTC program of the US Treasury.

(b)(4) NMTC Money Flow

Financing Structure

(b)(4)

In addition, Oasis Markets will secure a bridge financing loan of [redacted] to absorb salary and inventory expenditures prior to the markets opening for business.

Financing costs for each phase will therefore consist of the following:

(b)(4)

- For years 1-2, Oasis Markets [redacted] loan.

- For years 1-3, Oasis Markets [redacted]

(b)(4)

- The Food Oasis EB-5 Fund, meanwhile, shall receive from Oasis Markets Lender, LLC, a [redacted]

(b)(4)

Ownership & Management

The Food Oasis Markets, LLC will be majority owned by Oasis Markets Lender, LLC, with a [REDACTED] share while Westside CDC will own a [REDACTED] share. (b)(4)

(b)(4)

Timeline

(b)(4)

(b)(4)

LGRCI will hold each investors' \$500,000 investment in escrow until the entirety of the [REDACTED] subscription has been fulfilled. Once the entire [REDACTED] has been received I-526 forms will be submitted to USCIS. Only after all the I-526's have been approved will the monies be released from escrow and given to The Food Oasis EB-5 Fund, LLC, which will then initiate its loan to Oasis Markets Lender, LLC. Each investor's full investment of \$500,000 will be invested.

In each phase, the approval time for the I-526's will allow for our arrangement with CDF to be put into place. At this point everything will happen as quickly as possible to ensure that no delays stand in the way of all three Food Oasis Markets and its warehouse opening for business as soon as possible and well in advance of the 2-year jobs requirement mandated by the EB-5 Visa program.

While location is often a major stumbling block for any business, Oasis Markets will be opening in areas with a plenitude of undeveloped commercial land and will be able to move nearly instantaneously in acquiring choice properties throughout Chicago's south side, for Phase 1, and Chicago's west side, for Phase 2. Therefore

Wage assumptions

The following wage data is drawn from the Bureau of Labor and Statistics May 2010 National Industry-Specific Occupational Employment and Wage Estimates for Grocery Stores. The number of employees and employee positions is industry standard and determined with input from Atlanta Retail Consulting.

(b)(4) We project [redacted] direct jobs to actualize Phase 1. In Phase 2, all positions will be doubled except for the CEO, CFO and General Manager, as well as all [redacted] Purchase Managers. This will result in [redacted] direct jobs. Wages for Phase 2 are inflation-adjusted because of its later starting date.

(b)(4)

Phase 1 Labor Timeline & Expenses

(b)(4)

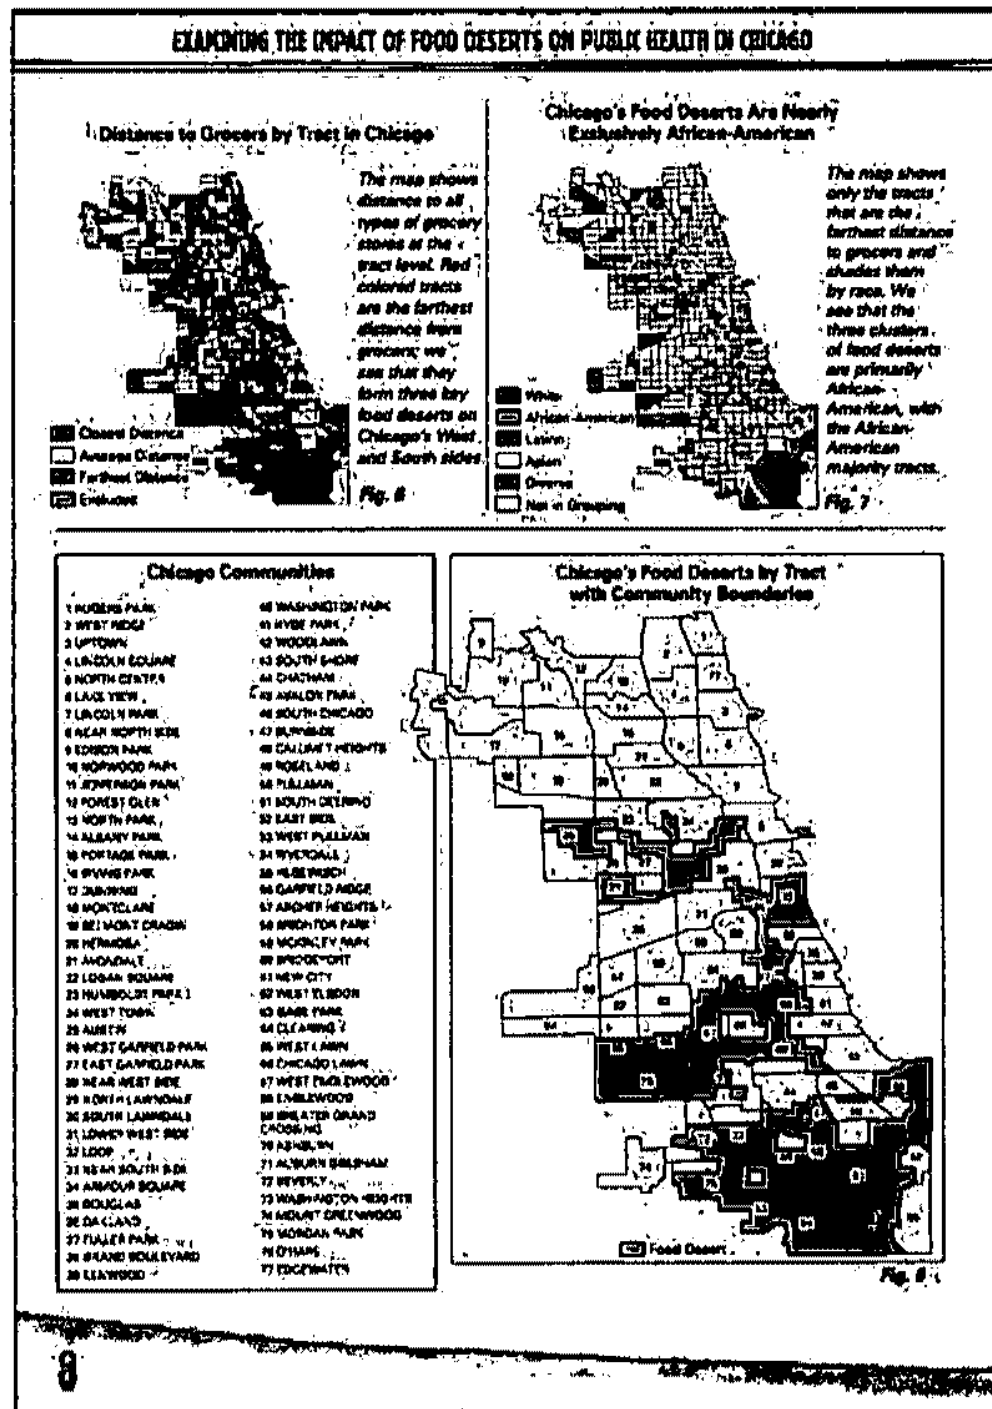

Phase 2 Labor Timeline & Expenses

(b)(4)

Locations

The graphic below, excerpted from the 2006 Mari Gallagher report, entitled *Examining the Impact of Food Deserts on Public Health in Chicago*, lays out in stark detail the extent of the food desert problem throughout Chicago's south and west sides.

Food Balance Effect and Jobs Displacement

The Food Desert Report does not just lay out the problem of food deserts as one of lack of access to supermarkets, it also describes the negative impact of the presence of convenience and liquor stores: "Residents of food deserts – large geographical areas with no or distant grocery stores – face nutritional challenges evident in diet-related community health outcomes. Those outcomes worsen when the food desert has high concentrations of nearby fast food alternatives. We call this the Food Balance Effect." While for the Food Desert Report the Food Balance Effect is a predictor of negative health outcomes for local residents, for Food Oasis Markets it is also a predictor of how much local resident money is currently being expended in these less efficient and less beneficial retail categories, a percentage of which we expect to be reallocated as supermarket sales.

(b)(4)

Below is an impact analysis of the prospective zip codes in which Food Oasis intends to build markets – note that while Phase 1 includes 4 potential market sites it is likely that only 1 store will be built to service both 60628 and 60633. In each geographical

(b)(4)

Revenue Projections

Our sales projections rely upon the 2006 US Bureau of Labor and Statistics report, which estimates that the bottom fifth of earners spend 12% of their income on food at home, and that this number drops to 9% for the middle quintile. Because the

(b)(4)

Pro Forma Assumptions

Our revenue projections from the zip code by zip code analysis yields an average sales per store of [REDACTED]

(b)(4)

The Projected Pro Formas work from an assumption of [REDACTED] (b)(4) per store for each of the two Phases, using at its assumption the industry average for a 20,000sf supermarket. [REDACTED]

(b)(4)

(b)(4)

Phase 1 Communities

60617

According to the most recent census data, the 60617 zip code has 31,572 households with a mean income of \$46,180. The total grocery expenditures for households in this area is estimated to be just over \$145 million. (b)(4)

60628

According to the most recent census data, the 60628 zip code has 26,932 households with a mean income of \$46,393. The total grocery expenditures for households in this area is estimated to be just under \$125 million. (b)(4)

60633

According to the most recent census data, the 60633 zip code has 5,037 households with a mean income of \$48,453. The total grocery expenditures for households in this area is estimated to be just under \$25 million.

(b)(4)

60643

According to the most recent census data, the 60643 zip code has 17,515 households with a mean income of \$64,223. The total grocery expenditures for households in this area then is estimated to be just over \$112 million. (b)(4)

Phase 2 Communities

60644

According to the most recent census data, the 60644 zip code has 18,398 households with a mean income of \$26,930. The total grocery expenditures for households in this area then is estimated to be just over \$49.5M.

(b)(4)

60652

According to the most recent census data, the 60652 zip code has 12,826 households with a mean income of \$58,702. The total grocery expenditures for households in this area is estimated to be just over \$75 million.

(b)(4)

60624

According to the most recent census data, the 60624 zip code has 14,045 households with a mean income of \$22,426. The total grocery expenditures for households in this area is estimated to be just over \$31 million.

Neighborhood Integration Partners, Inc.

Executive Summary Business Plan
RCW 1031910005 (Formerly W09001520)

Neighborhood Integration Partners (NIPs) is a for-profit Illinois entity that will provide community-based housing and support services to Illinois residents with Serious Mental Illness (SMI) who because of recent and forthcoming Consent Decrees will be leaving State-sponsored Institutions of Mental Disease (IMD).

(b)(4)

These funds will be invested through the Cook County Community EB-5 Fund (CCC EB-5 Fund), a specially designated Limited Liability Corporation managed by the Local Government Regional Center of Illinois (LGRCI).

(b)(4)

History

On September 29, 2010, the State of Illinois entered into a Consent Decree settling the Williams v Quinn class action lawsuit. On June 15, 2011, the State of Illinois entered into a Consent Decree settling the Ligas v Maram class action lawsuit. These lawsuits are similar to one other lawsuit also expected to be settled shortly, commonly referred to as Colbert, all of which allege Illinois is in violation of Title II of the American with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act by needlessly segregating a population of individuals who live in institutions.

In Williams, the plaintiffs are a class of 4,500 Illinois residents with Serious Mental Illness (SMI) who live in institutional settings (Institutes of Mental Disease, or IMDs) and are denied opportunities to receive necessary support services in more integrated settings.

In Ligas, the plaintiffs are a class of approximately 3,000 Illinois residents with Developmental Disabilities (DD) who similarly live in institutional settings (Intermediate Care Facilities for the Developmentally Disabled, commonly referred to as ICF/DDs) and are denied opportunities to live in more integrated settings.

In Colbert, the plaintiffs are a class of Cook County residents with primarily physical disabilities who live in nursing homes and are also denied opportunities to receive necessary support services in more integrated settings.

Illinois does not have a system in place, and is 51st in the nation in providing for community based care. These lawsuits were filed to force Illinois to address its shortcomings.

Under Williams, all persons with Serious Mental Illness currently residing in IMDs in Illinois will now have the right to choose to live in community-based settings, and the State now has an obligation to expand the current community-based service system to support the needs of those individuals. It is estimated that two-thirds, approximately 3,000 Class members, will choose to live in community-based

settings. The final impact of this shift is not expected to be a replacement of IMD system, but rather only a strengthening of the community-based model.

Under Ligas, similar rights are extended for individuals living in ICF/DDs with similar obligations for the State. Approximately half of the Ligas class members are expected to choose to live in community-based settings.

Colbert has not settled yet, but similar arrangements are expected. Colbert's Class could be as large as 14,000 members and it is unclear how many will choose to move outside of nursing home care, but the numbers could be significant. Again, the nursing home model will not be replaced, but community models will be enhanced.

The NIPs Model

This business plan recognizes that the State of Illinois does not currently have a system to provide support services to these populations in integrated community settings and that a new system will need to be created.

This business plan further recognizes that the Illinois Department of Human Services is not equipped to manage the implementation of this new community based system without significant private sector support. The State has stated in the Williams Implementation Plan its intention to seek private support, and this implementation strategy has been accepted by the Plaintiffs and agreed to by the Court.

Similarly, the Illinois Department of Public Health, the Illinois Housing Development Authority, the Illinois Department of Healthcare & Family Services, the Illinois Department of Human Services and other State entities are not equipped to provide the housing or the services themselves for the impacted members of the plaintiff classes, but will rely on contractual services with the private sector to implement the requirements under the three Consent Decrees.

(b)(4)

Housing

Under the current State Implementation Plan, the Illinois Housing Development Authority (IHDA) will work with developers and landlords to increase the amount of housing stock available for the Class Members. IHDA does not independently own or manage property, but is available to provide strategic financing to expand the array of housing options available.

In addition, IHDA is able to provide State funded rental assistance programs (Bridge Rental Subsidies), and other critical financing components to support Class Members until they are either able to find employment or acquire other permanent federal or State rental assistance.

Per the Consent Decrees, Permanent Supportive Housing (PSH) units may be a self-contained studio or one to two bedroom apartments, inclusive of a kitchen or kitchenette and bathroom. PSH units may also be shared apartments with up to 2 bedroom units and two individuals, per mutual agreement of the residents. PSH units are considered permanent residences and must be linked with flexible community-based support services that are available to tenants when needed, but are not mandated as a condition of living in the housing unit. These supports include mental health or substance abuse services, assistance in arranging medical appointments, reminders to pay the rent and other similar support.

The PSH model is based on a philosophy that is Recovery-oriented and supports consumer choice and empowerment, rights and responsibilities of tenancy, and appropriate, flexible, accessible, and available support services that meet each consumer's changing needs. These linked support services include a combination of case management and community support services such as Assertive Community Treatment (ACT), Community Support Team (CST), Community Support Residential (CSR), Psychosocial Rehabilitation (PSR), etc. along with any additional mental health services based on the Class Member's voluntary choice and medical necessity.

All housing and service offices will be located in designated Targeted Employment Areas (TEAs) of Cook County to conform with both the requirements under the USCIS EB-5 Immigrant Investor Program as well as with the geographical scope of LGRCI.

Transition

As stated in the Implementation Plan, the State intends to contract out services of a Transition Coordination Unit to execute a service plan and develop a detailed

transition plan, including risk mitigation plans, 24 hour back-up plans, assuring entitlements are in effect, assistance with purchasing furniture and supplies and assuring requisite services including mental health and medical services

(b)(4)

Community Mental Health Services

Pursuant to the Consent Decree, under the Permanent Supportive Housing model, supportive services must be made available, appropriate to the needs and preferences of residents, either on-site or in close proximity to the housing. Site-Based or Project-Based PSH offers services on site, typically in a 2-4 unit structure where one of the units will be dedicated to providing offices and space for appropriate community support and services for those members of the *Williams* Class who need a higher or more immediate service level.

Additional Community Services

(b)(4)

Financing

(b)(4)

Ownership & Management

NIPs will be a for-profit Limited Liability Corporation jointly owned by 2 entities.

(b)(4)

Timeline

The legal Consent Decrees and their repercussions on which this business plan is based are quite recent.

Nevertheless, the State of Illinois has accepted the fact that community-based housing and services for Class Members must happen at the earliest possible time.

(b)(4)

Revenues

(b)(4)

Resident services, including mental health services, transitions services and employment services are to be paid by the state on a per-needed basis. There is neither a soft nor a hard cap on the costs that any Class Member may incur to the State in such services

(b)(4)

Costs

(b)(4)

Amendment to the designation request regarding NAICS Codes

eb5 |grci
Local Government Regional Center of Illinois
Employment-Based Immigration

Application Amendment

Regarding NAICS Codes
RCW 1031910005 (Formerly W09001520)

Amendment to the designation request regarding NAICS Codes

When taken together with the previous information submitted to USCIS, the three business plans and economic analysis included herein clearly show our ability to create the required number of jobs per EB-5 investor over three separate NAICS code business segments.

These NAICS codes include:

Food services and drinking places (FIPILI): 722110 / 722330 / 722410

Retail Trade (Food Oasis): 445110

Social Assistance (NIPs): 624229

As we are not prepared to provide a detailed analysis at this time to cover the inclusion of other segments, we wish to amend our Application to request approval for these three NAICS codes and business segments, at this time.

(3) Representation. _An applicant or petitioner may be represented by an attorney in the United States, as defined in 1.1(f) of this chapter, by an attorney outside the United States as defined in 292.1(a)(6) of this chapter, or by an accredited representative as defined in 292.1(a)(4) of this chapter. A beneficiary of a petition is not a recognized party in such a proceeding. An application or petition presented in person by someone who is not the applicant or petitioner, or his or her representative as defined in this paragraph, shall be treated as if received through the mail, and the person advised that the applicant or petitioner, and his or her representative, will be notified of the decision. Where a notice of representation is submitted that is not properly signed, the application or petition will be processed as if the notice had not been submitted.

The regulation at 8 CFR 204.6(e) provides the following definitions:

Qualifying employee

means a United States citizen, a lawfully admitted permanent resident, or other immigrant lawfully authorized to be employed in the United States including, but not limited to, a conditional resident, a temporary resident, an asylee, a refugee, or an alien remaining in the United States under suspension of deportation. This definition does not include the alien entrepreneur, the alien entrepreneur's spouse, sons, or daughters, or any nonimmigrant alien.

Regional Center

means any economic unit, public or private, which is involved with the promotion of economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment.

The regulation at 8 CFR 204.6(j)(4) provides:

Job creation --

(i) General. To show that a new commercial enterprise will create not fewer than ten (10) full-time positions for qualifying employees, the petition must be accompanied by:

(A) Documentation consisting of photocopies of relevant tax records, Form 1-9, or other similar documents for ten (10) qualifying employees, if such employees have already been hired following the establishment of the new commercial enterprise; or

(B) A copy of a comprehensive business plan showing that, due to the nature and projected size of the new commercial enterprise, the need for not fewer than ten (10) qualifying employees will result, including approximate dates, within the next two years, and when such employees will be hired.

(ii) Troubled business. To show that a new commercial enterprise which has been established through a capital investment in a troubled business meets the statutory employment creation requirement, the petition must be accompanied by evidence that the number of existing employees is being or will be maintained at no less than the pre-investment level for a period of at least two years. Photocopies of tax records, Forms 1-9, or other relevant documents for the qualifying employees and a comprehensive business plan shall be submitted in support of the petition.

(iii) Immigrant Investor Pilot Program. To show that the new commercial enterprise located within a regional center approved for participation in the Immigrant Investor Pilot Program meets the statutory employment creation requirement, the petition must be accompanied by evidence that the investment will create full-time positions for not fewer than 10 persons either directly or indirectly through revenues generated from increased exports resulting from the Pilot Program. Such evidence may be demonstrated by reasonable methodologies including those set forth in paragraph (m)(3) of this section.

The regulation at 8 CFR 204.6(m)(1) provides:

(1) Scope. The Immigrant Investor Pilot Program is established solely pursuant to the provisions of section 610 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriation Act, and subject to all conditions and restrictions stipulated in that section. Except as provided herein, aliens seeking to obtain immigration benefits under this paragraph continue to be subject to all conditions and restrictions set forth in section 203(b)(5) of the Act and this section.

The regulation at 8 CFR 204.6(m)(3) provides:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

Note that promoting economic growth through increased export sales is no longer a requirement.

The regulation at 8 CFR 204.6(m)(6) provides:

(6) Termination of participation of regional centers. To ensure that regional centers continue to meet the requirements of section 610(a) of the Appropriations Act, a regional center must provide USCIS with updated information to demonstrate the regional center is continuing to promote economic growth, improved regional productivity, job creation, or increased domestic capital investment in the approved geographic area. Such information must be submitted to USCIS on an annual basis, on a cumulative basis, and/or as otherwise requested by USCIS, using a form designated for this purpose. USCIS will issue a notice of intent to terminate the participation of a regional center in the pilot program if a regional center fails to submit the required information or upon a determination that the regional center no longer serves the purpose of promoting economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment. The notice of intent to terminate shall be made upon notice to the regional center and shall set forth the reasons for termination. The regional center must be provided 30 days from receipt of the notice of intent to terminate to offer evidence in opposition to the ground or grounds alleged in the notice of intent to terminate. If USCIS determines that the regional center's participation in the Pilot Program should be terminated, USCIS shall notify the regional center of the decision and of the reasons for termination. As provided in 8 CFR 103.3, the regional center may appeal the decision to USCIS within 30 days after the service of notice.

Requirements for Regional Center Designation

The Immigrant Investor Pilot Program ("Pilot Program") was created by Section 610 of Public Law 102-395 (October 6, 1992). The Pilot Program began in accordance with a Congressional mandate aimed at stimulating economic activity and creating jobs for U.S. workers, while simultaneously affording eligible aliens the opportunity to become lawful permanent residents. Through this innovative program, foreign investors are encouraged to invest funds in an economic unit known as a "Regional Center."

A Regional Center is defined as any economic unit, public or private, engaged in the promotion of economic growth, improved regional productivity, job creation and increased domestic capital investment.

Regional Center Proposals must meet all the Requirements of 8 CFR 103.2. The proposal must be signed by a principal of the Economic Entity filing the proposal:

8 CFR 103.2(a)(2) requires that the applicant or petitioner sign their petition or application. While no specific form is required for a Regional Center proposal, the proposal must include a signature of a principal and the point of contact of the proposed Regional Center. In this case, no one signed the letter requesting designation of Local Government Regional Center of Illinois, LLC (LGRCI) as a Regional Center. The signature must be by a principal of the Regional Center.

It appears that Bryan Zises is the principal of the Regional Center. The request for designation as a regional center must be signed by a principal of the Regional Center.

No G-28 was submitted. Please provide a G-28 with an original signature. A G-28 for Homero Tristan is required unless he is also a principal in the Regional Center. Without a properly signed G-28 USCIS will not provide notices to the Regional Center attorney as a G-28 is required of the attorney of record.

Since the request for designation as a Regional Center is not signed, the proposal has not been properly filed. Therefore, provide a G-28 on the current form G-28 and an updated request for designation as a Regional Center signed by a Regional Center principal.

Regulatory Requirements:

8 CFR 204.6 (m)(3) describes specific evidence that must be submitted before consideration for eligibility for this benefit may proceed. The regulation at 8 C.F.R. § 204.6(m) provides:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export

sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(b)(4) (v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

[REDACTED]

(b)(4) In general, 8 CFR 204.6(m)(i), 8 CFR 204.6(m)(ii), 8 CFR 204.6(m)(iv) and 8 CFR 204.6(m)(v) raise issues that are for the most part addressed by a thorough economic analysis which should predict both the economic impact of the regional center and its proposed investments and the job creation, both direct and indirect, that will result from the planned investments. [REDACTED]

[REDACTED]

8 CFR 204.6(m)(iii) is usually addressed in two parts. First, a detailed statement regarding the amount and source of capital that has already been committed to the regional center must be provided. Second, a description of the promotional efforts which is most often addressed in the Operational Plan for the regional center along with issues of due diligence and recruitment efforts is required.

After review of your proposal in the light of these requirements, the following information, evidence or clarification is needed to proceed. It is always best to start with a cover letter that acts as an executive summary followed by a table of contents of the various tabbed sections to follow.

The purpose of a Regional Center is to stimulate economic activity and create jobs, which is the same as the I-526 program in general. The Regional Center has responsibilities to do a due diligence process to establish that all sources of capital used by the EB-5 immigrant investors can be fully explained and clearly shown to have been lawfully obtained. The Regional Center must also monitor and coordinate I-526 created businesses and report annually to USCIS.

(b)(4)

Section 610 of the Departments of Commerce, Justice and State, the Judiciary, and Related Agencies Appropriations Act of 1993, Pub. L. 102-395, (8 USC 1153 note), as amended by Section 402 of the Visa Waiver Permanent Program Act of 2000, Pub. L. 106-396, provides:

... The establishment of a regional center may be based on general predictions, contained in the proposal, concerning the kinds of commercial enterprises that will receive capital from aliens, the jobs that will be created directly or indirectly as a result of such capital investments, and the other positive economic effects such capital investment will have. (Emphasis added)

(b)(4)

Please provide a copy of a business plan (actual, preliminary or exemplar) for each project to be undertaken in the regional center and show how the economic analysis, using a reasonable methodology, was based on the plan and then detail predictions, based on the regional centers plans.

Matter of Ho 22 I&N Dec. 206 (Assoc. Comm., 1998), contains the following guidelines on acceptable business plans:

The plan should contain a market analysis, including the names of competing businesses and their relative strengths and weaknesses, a comparison of the competition's products and pricing structures, and a description of the target market/prospective customers of the new commercial enterprise. The plan should list the required permits and licenses obtained. If applicable, it should describe the manufacturing or production process, the materials required, and the supply sources. The plan should detail any contracts executed for the supply of materials and/or the distribution of products. It should discuss the marketing strategy of the business, including pricing, advertising, and servicing. The plan should set forth the business's organizational structure and its personnel's experience. It should explain the business's staffing requirements and contain a timetable for hiring, as well as job descriptions for all positions. It should contain sales, cost, and income projections and detail the bases therefor. Most importantly, the business plan must be credible.

While highly detailed plans are not required for Regional Center approval, Matter of Ho, supra, does describe the kinds of business plans that are required to accompany each I-526 that is filed and associated with the Regional Center.

(b)(4)

Indirect Job Creation (8 CFR 204.6(m)(3)(ii)):

8 CFR 204.6(m)(3) requires you to:

(ii) Provide in verifiable detail how jobs will be created indirectly; ... and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

In reference to 8 CFR 204.6(m)(3)(ii) as stated above for a Regional Center it is imperative to fully explain indirect job creation, as well as the direct and induced jobs, if any. The requirement of creating at least 10 new full-time (35 hours per week) jobs per each individual alien investor may be satisfied by showing that, as a result of the investment and the activities of the new enterprise, at least 10 jobs per alien investor will be created directly or indirectly through an employment creation multiplier effect. An economic analysis and model that shows and describes job creation for each category of economic activity (for example, manufacturing, food production/processing, warehousing, tourism and hospitality, transportation, power generation, agriculture, etc.) is required.

Section 610(a) of P.L. 102-395 as amended by P.L. 107-273 describes the statutory basis for eligibility as a Regional Center

(a) Of the visas otherwise available under section 203(b)(5) of the Immigration and Nationality Act (8 U.S.C. 1153(b)(5)), the Secretary of State, together with the Attorney General, shall set aside visas for a pilot program to implement the provisions of such section. Such pilot program shall involve a regional center in the United States, designated by the Secretary of Homeland Security on the basis of a general proposal, for the promotion of economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment. A regional center shall have jurisdiction over a limited geographic area, which shall be described in the proposal and consistent with the purpose of concentrating pooled investment in defined economic zones. The establishment of a regional center may be based on general predictions, contained in the proposal, concerning the kinds of commercial enterprises that will receive capital from aliens, the jobs that will be created directly or indirectly as a result of such capital investments and the other positive economic effects such capital investments will have... (emphasis added)

(b)(4)

(b)(4)

For each economic activity described in the economic analysis, it is also necessary to list the actual job creating activities that could be shown on an organizational chart for a business in any particular economic activity. These are direct jobs. The job creating activities are separate from economic activities. For example, in manufacturing the job creating activities might include construction, maintenance, administrative and clerical occupations, as well as the actual assembly jobs normally associated with manufacturing.

(b)(4)

¹ USCIS does not accept or credit creation of direct temporary "construction jobs" within a business plan or economic job creation forecasts activities which involve a limited duration construction phase of less than 2 years unless the scope, complexity, and the ongoing construction phase must be fully sustained for all the construction phase jobs for 2 years or more with respect to the size, scope, nature, engineering/technology challenges and breadth of the project—for example a massive-scale nuclear power facility, or major Dam or a giant oil refinery, or similar type of massive and expansive and major engineering project. Shorter term construction jobs less than two years in duration have been determined to be of such a short term in nature as to not be sustained and to decrease and disappear as the initial construction activities wind down to completion. Such shorter term construction jobs in

identifiable jobs supported by wage reports, Forms 941, and I-9 forms when the investor files his I-829. Some econometric models predict jobs based on the dollar amount invested in the overall project and this too must be made clear. This distinction will be critical at the I-829 removal of condition stage of the immigration process.

Other factors to be considered to assess job creation and economic impact include the descriptions of the organizational structures e.g., LLP, LLC, corporations, partnerships, etc., of the enterprises participating in the proposed Regional Center and sample or representative business plans and subscription agreements.

(b)(4)

many locations are seasonal at best. Nevertheless, for all capital investment expenditures for the construction phase, all capital-induced "down-stream" support activities and "indirect" jobs impacted and associated with the construction activities such as suppliers, transportation, engineering and architectural services, maintenance and repair services, interior design services, manufacturing of components and materials, etc., may be factored into the calculations for creation of indirect jobs.

(b)(4)

(b)(4)

The detailed statement as described in 8 CFR 204.6(m)(3)(iii) must include the exact amount of funds that have been dedicated to the regional center to accomplish the goals of the Immigrant Investor Pilot Program, the source of the funds and whether the amount is sufficient to sustain the Regional Center. Projected

Regional Center's Operational Plan- Recruitment and Due Diligence (8 CFR 204.6(m)(3)(iii)):

Also, for any individual alien investor who will be solicited by a Regional Center to invest the requisite capital into a Regional Center commercial activity, it will be incumbent on the Regional Center to engage in a due diligence process to establish that all sources of capital can be fully explained and clearly shown to have been lawfully obtained.

(b)(4)

Regional Center's Operational Plan-Promotional Efforts (8 CFR 204.6(m)(3)(iii)):

Under 8 CFR 204.6(m)(3)(iii), USCIS interprets the words "promotional efforts" to mean an advertising or marketing program planned by the sponsors of the Regional Center that is designed to attract immigrant investors to the Regional Center. Regional Center proposals require a full description of the past, current and future promotional activities for the Regional Center. This shall include a description of the budget for this activity as well as a statement as to the source

(b)(4)

Regional or National impact of the Regional Center (8 CFR 204.6(m)(3)(iv)):

Regulations at 8 CFR 204.6(m)(3)(iv) require that the proposal contain:

...a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center;

(b)(4)

The Business Approach and Structure of the Regional Center (Section 610 of Public Law 102-395(October 6, 1992)):

The business aspects of the Regional Center must be fully explained as to its structure. This aspect of a proposal includes, but is not limited to, the following basic elements or samples of them as applicable to the business approach and structure to be used by the Regional Center:

- An overall Business Plan for the Regional Center
- Draft Operating Agreement
- Draft Partnership Agreement
- Draft Subscription Agreement
- Draft Escrow Agreements and Instructions (one for capital and one for any service fees), if any.
- List of proposed reputable financial institutions to serve as the Escrow Agent(s), if any.
- Draft of an Offering Letter, Memorandum, Confidential Private Placement Memorandum, or similar offering made in writing to an immigrant investor through the Regional Center.
- Draft Memorandum of Understanding, Interagency Agreement, Contract, Letter of Intent, Advisory Agreement, or similar agreement to be entered into with any other party, agency or organization to engage in activities on behalf of or in the name of the Regional Center.
- Articles of Incorporation from the State for the Regional Center

(b)(4)

Administrative Oversight (8 CFR 204.6)):

The regulations at 8 CFR 204.6(m)(6), require that an approved Regional Center in order to maintain the validity of its approval and designation, must continue to meet the statutory requirements of the Immigrant Investor Pilot Program by serving the purpose of promoting economic growth, including increased export sales (where applicable), improved regional productivity, job creation, and increased domestic capital investment.

Therefore, in order for USCIS to determine whether an approved and designated Regional Center is in compliance with the above cited regulation, and in order to continue to operate as a USCIS approved and designated Regional Center, your administration, oversight, and management of your Regional Center shall

be such as to monitor all investment activities under the sponsorship of your Regional Center and to maintain records, data and information on a quarterly basis in order to report to USCIS upon request the following year to date information for each Federal Fiscal Year², commencing with the initial year as follows:

(b)(4)

Targeted Employment Area (8 CFR 204.6(i):

With respect to the process by which a High Unemployment Area (USCIS TEA) is designated by the State, the exact and complete relevant language of the regulation that covers this may be found at 8 CFR 204.6(i), where it reads as follows:

State designation of a high unemployment area. The state government of any state of the United States may designate a particular geographic or political subdivision located within a metropolitan statistical area or within a city or town having a population of 20,000 or more within such state as an area of high unemployment (at least 150 percent of the national average rate). Evidence of such designation, including a description of the boundaries of the geographic or political subdivision and the method or methods by which the unemployment statistics were obtained, may be provided to a prospective alien entrepreneur for submission with Form I-526. Before any such designation is made, an official of the state must notify the... [Chief, Office of Service Center Operations]... of the agency, board, or other appropriate governmental body of the state which shall be delegated the authority to certify that the geographic or political subdivision is a high unemployment area.

Therefore it is incumbent upon the state to notify USCIS which "governmental body of the state" has been delegated the authority by the Governor to certify that a geographic or political subdivision is a high unemployment area for purposes of being designated as a Targeted Employment Area (TEA) under USCIS regulations. It is left to the appropriate designee within the state to exercise its authority, and utilize a method(s) of its choosing in obtaining the unemployment statistics.

² A Federal Fiscal Year runs for twelve consecutive months from October 1st to September 30th.

A letter from the Governor of the state identifying the designated authority within the state to certify the geographic area(s) or political subdivision(s) within applicable metropolitan statistical areas as having high unemployment equal to 150% or more of the national unemployment rate would need to be addressed as follows and sent via Express Mail or courier service to:

Chief, Office of Service Center Operations
U.S. Citizenship and Immigration Services
20 Massachusetts Avenue, NW, MS 2060
Washington, DC 20529-2060

Further clarification of the role of the state designated authority in the I-526 process is found at 8 CFR 204.6 (j) (6) (ii) (B) as follows:

(6) If applicable, to show that the new commercial enterprise has created or will create employment in a targeted employment area, the petition must be accompanied by:

.....

(ii) In the case of a high unemployment area:

.....

(B) A letter from an authorized body of the government of the state in which the new commercial enterprise is located which certifies that the geographic or political subdivision of the metropolitan statistical area or of the city or town with a population of 20,000 or more in which the enterprise is principally doing business has been designated a high unemployment area. The letter must meet the requirements of 8 CFR 204.6(i).

(b)(4)

Translations:

Any document containing a foreign language submitted to USCIS shall be accompanied by a full English translation that the translator has certified as complete and accurate, and by the translator's certification that he or she is competent to translate from the foreign language into English.

Copies:

Unless specifically required that an original document be filed with an application or petition, an ordinary legible photocopy may be submitted. Original documents submitted when not required will remain part of the record, even if the submission was not required. It is no longer necessary to submit duplicate copies.

RE: REQUEST FOR EVIDENCE

Petition Type: Regional Center Proposal
Regional Center: Local Government Regional Center of Illinois, LLC
Receipt #: W09001525

Dear Sir or Madam:

Please be advised that Fragomen, Del Rey, Bernsen & Loewy, LLP has been retained by Local Government Regional Center of Illinois, LLC (LGRCI) as its attorneys of record. Attached please find an original Form G-28 duly executed by Bryan Zises, Principal of LGRCI. Please refer to Exhibit 1.

Per your office's request dated October 19, 2010, a copy of which is attached hereto, enclosed please find the following additional information and documentation establishing LGRCI eligibility for regional center designation:

A. Updated Request for Designation as a Regional Center Signed by Bryan Zises, Principal of LGRCI

Enclosed as Exhibit 2, please find an updated request for designation as a regional center bearing the original signature of Bryan Zises, Principal of LGRCI.

B. Geographical Area for Proposed Regional Center – Cook County Illinois

LGRCI originally requested that seven Illinois counties comprise the geographical area for its proposed regional center. However, after a closer review of the amount of

economic development opportunities and the Targeted Employment Areas available in Cook County Illinois, petitioner wishes to amend the geographical area to include only Cook County Illinois.

(b)(4)

C. NAICS Codes of the Industries in Which Investments Will Be Made

The NAICS codes of the industries that LGRCI will investment in are as follows:

- Food services and drinking places - NAICS: 722110 / 722410 / 722330
- Social assistance - NAICS: 624310
- Performing arts, museums, and related activities - NAICS: 712110 / 712120
- Amusements, gambling, and recreation - NAICS 713930
- Retail trade - NAICS: 445120 / 445230
- Civic, social, professional and similar organizations - NAICS: 813410

The NAICS codes are also identified in petitioner's Operational Plan and Business Plan referenced below. Please note that the above industries reflect the targets of investment and where LGRCI will focus on stimulating economic growth and job creation.

D. Detailed Operational Plan and Business Plan for LGRCI

Attached as Exhibit 4 is LGRCI's overall Operational Plan and Business Plan, which evidences that all EB-5 immigrant investor funds will only be used in for-profit enterprises. In addition, we offer the following documents to elaborate upon LGRCI's structure and business approach:

- 1 - Articles of Incorporation - Exhibit 5
- 2 - Draft Operating Agreement between LGRCI and specific EB-5 project limited liability company - Exhibit 6
- 3 - Draft Advisory Agreement - Exhibit 7
- 4 - Draft Private Placement Memorandum - Exhibit 8
- 5 - Draft Escrow Agreement and Instructions - Exhibit 9, and Draft Subscription Agreement - Exhibit 10, which provide for escrow accounts for capital investments and the administrative fees (management fees), including a list of proposed reputable financial institutions that will serve as Escrow Agents.
- 6 - Evidence of LGRCI escrow account with North Community Bank - Exhibit 11
- 7 - Draft Consulting Agreement - Exhibit 12

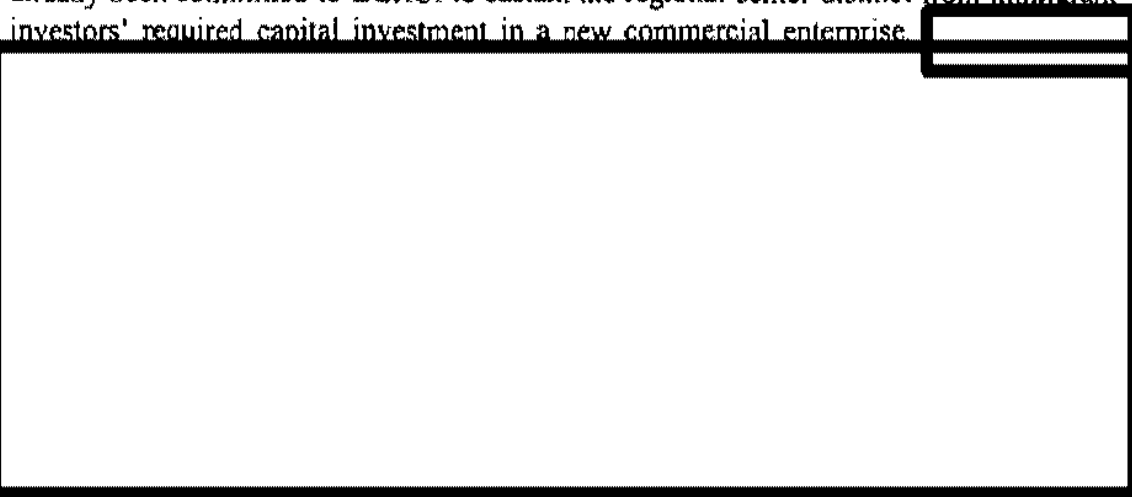

- 8 - Samples of LGRCI marketing materials, including evidence of existence of www.lgrci.com and www.bei-mei.com, and other written marketing materials - Exhibit 13

LGRCI's Operating Plan and Business Plan details LGRCI's specific activities to stimulate economic activity and create jobs under the EB-5 immigrant investor program. Please refer to the following pages of LGRCI's Operating Plan and Business Plan regarding concerns raised in the request for evidence:

Amount and source of capital - Page 9

Enclosed is a detailed statement regarding the amount and source of capital that has already been committed to LGRCI to sustain the regional center distinct from immigrant investors' required capital investment in a new commercial enterprise.

(b)(4)

Due Diligence and Administrative Oversight - Pages 6 - 8

(b)(4)

Investors will be warned that there are risks involved with every

investment and that some investments may lose some or all of their value. Investors will be strongly encouraged to consult their own financial advisors before investing in any LGRCI approved projects.

(b)(4)

Promotional and recruitment activities – Pages 10 - 15

(b)(4)

(b)(4)

Two-Year Pipeline of Planned Projects in the Regional Center – Pages 16 - 21

(b)(4)

Each project identified in the Operating Plan and Business Plan also identifies the NAICS code for each project. The proposed projects, the NAICS code and unemployment information, evidencing that each project is in a designated TEA, are as follows:

- 1 - Exhibit 16 - FiPiLi
- 2 - Exhibit 17 - Fays Point
- 3 - Exhibit 18 - The Resurrection Project
- 4 - Exhibit 19 - Park Boulevard
- 5 - Exhibit 20 - JASC
- 6 - Exhibit 21 - National Public Housing Museum

Example of Specific Project – Tuscan Dining EB-5 Fund, LLC

(b)(4)

Please refer to page 4 of the LGRCI Operating Plan and Business Plan, Exhibit 4, for a diagram describing a typical deal structure for LGRCI.

The first limited liability company created for this purpose is the Tuscan Dining EB-5 Fund, LLC (Tuscan Dining). Tuscan Dining has already made substantial steps to develop FiPiLi, which will be a restaurant, wine bar and mobile food service establishment. Please refer to **Exhibit 22**, the detailed FiPiLi Business Plan, which describes all of the steps undertaken to develop FiPiLi. The exhibits to the FiPiLi Business Plan include the following, which further evidence that substantial steps have been taken to commence this project:

- 1 - Articles of Incorporation for Tuscan Dining – **Exhibit 23**
- 2 - Executed Operating Agreement between Tuscan Dining and the management of FiPiLi – **Exhibit 24**
- 3- Memorandum of Understanding between Westside Community Development Corporation (WCDC) and LGRCI, evidencing that WCDC has entered into a Memorandum of Understanding with LGRCI to facilitate business development on the West side of Chicago, which includes the FiPiLi project. – **Exhibit 25**
- 4 - Letter of support from Representative Arthur Turner of the State of Illinois strongly supporting LGRCI and WCDC's relationship and the need for job creation on Chicago's West side. – **Exhibit 26**

E. Economic Analysis and Regional or National Impact of LGRCI

Enclosed as **Exhibit 27** is a revised EP Systems economic analysis using the most recent RIMS II input/output model. Please note that the petitioner previously submitted an economic analysis utilizing the RIMS II input/output model. The revised economic

(b)(4)

Based on EP Systems economic analysis using information from the detailed FiPiLi Business Plan, LGRCI, through projects such as FiPiLi, will create the requisite amount of jobs, in the required time period, to meet the EB-5 immigrant investor eligibility requirements.

D. Targeted Employment Area Designation

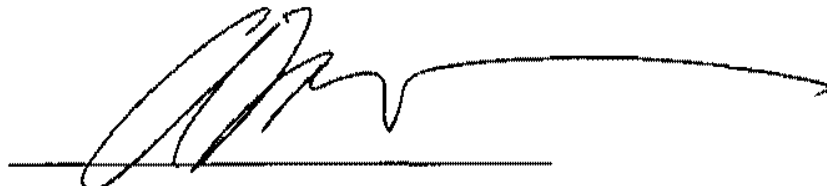

8 CFR 204.6(j)(6)(ii)(B) permits that that a Targeted Employment Area (TEA) be established via a letter from a State-designated official that meets the requirements of 8

CFR 204.6(i). Attached as **Exhibit 28** is a letter from the State of Illinois, Office of the Governor granting the Illinois Department of Commerce & Community Affairs (since renamed as Department of Commerce & Economic Opportunity ((DCEO) the authority to designate TEA's in the State of Illinois. This documentation is accompanied by an e-mail exchange from the DCEO providing the correspondence from the State of Illinois, Office of the Governor. Also enclosed are the most recent census tracts provided by the DCEO for Cook County Illinois. The census tracts where LGRCI proposes to develop its projects are highlighted in yellow. Please refer to **Exhibit 29**.

We believe that the attached information is fully responsive to your request for additional information and establishes that the LGRCI meets the regulatory criteria for regional center designation. We, therefore, respectfully request your favorable adjudication of regional center designation for LGRCI.

If you require any further documentation or clarification, please contact our office.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Anna H. Morzy', written over a horizontal line.

Anna H. Morzy, Esq.

RE: Request for Designation as a Regional Center by Local Government
Regional Center of Illinois, LLC
RECEIPT #: W09001525

Dear Sir or Madam:

On March 4, 2010, the Local Government Regional Center of Illinois, LLC (LGRCI) submitted an application to become a designated regional center under the EB-5 Visa Program. At the time of submission, no USCIS form existed for application for regional center designation. Therefore, this letter, signed by Bryan Zises, Principal of LGCRI, is submitted as an official request for regional center designation pursuant to applicable regulations. Further, LGRCI includes with this submission the additional information requested from USCIS in support of LGRCI's application for regional center designation.

If you have any questions or concerns, please do not hesitate to contact the undersigned.

LOCAL GOVERNMENT REGIONAL CENTER OF ILLINOIS, LLC

By:

Bryan Zises, Principal

5111 N. WOLCOTT STREET, CHICAGO IL 60640 773-225-3787 BRYAN@ZIS.ES

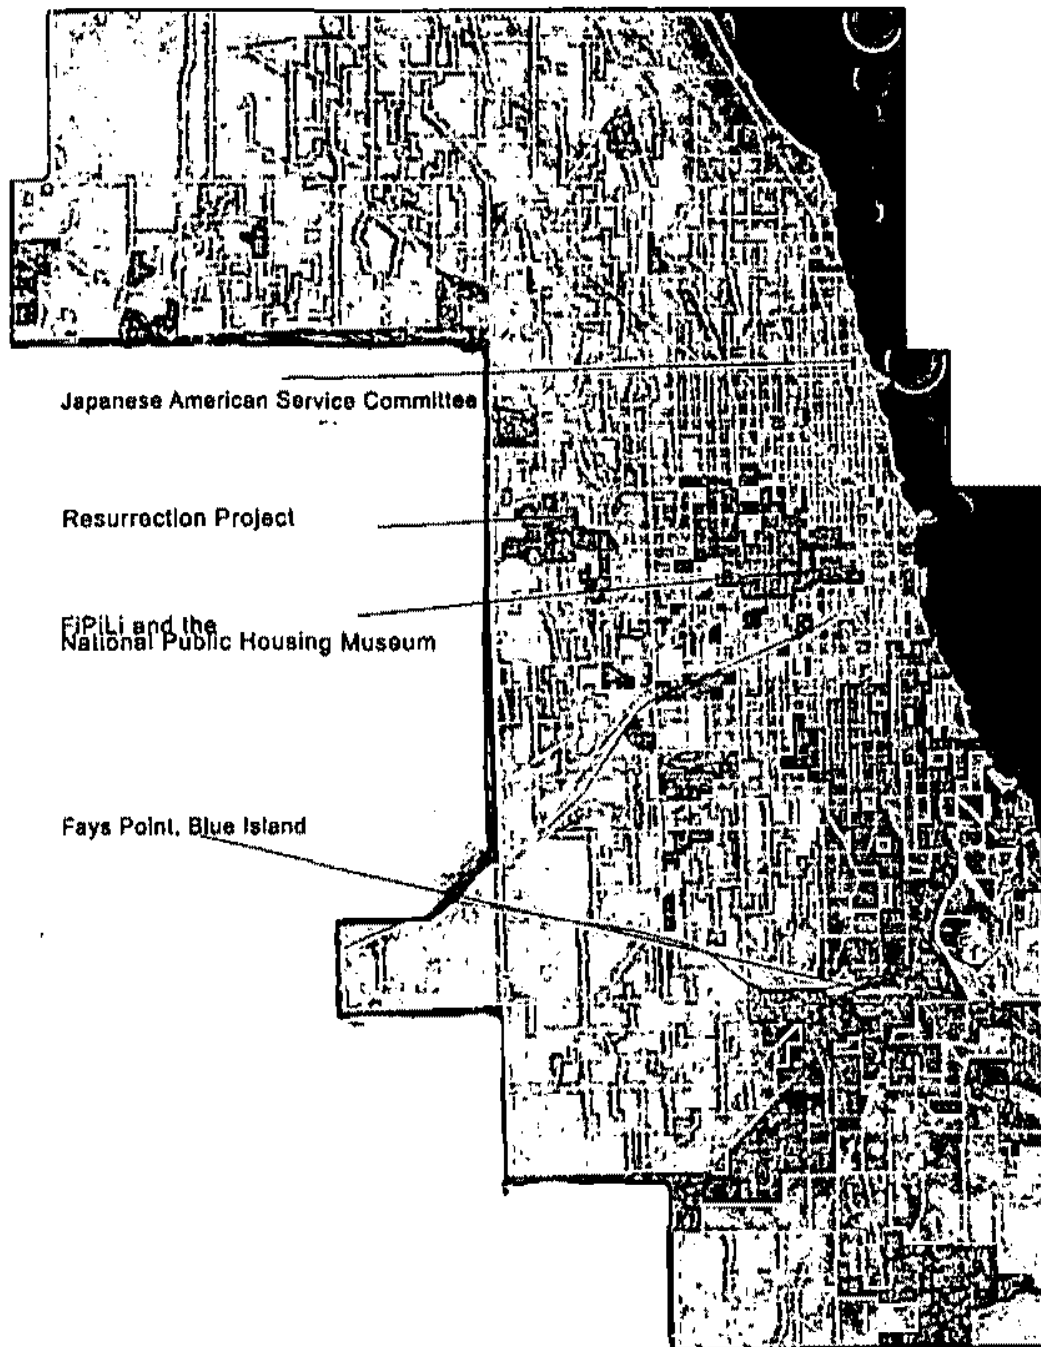

Geographic Focus / Map

Cook County, Illinois

Amended:

We wish to amend our original application to focus on projects only within the County of Cook. We find that there is ample need, and an overabundance of projects for LGRCI within the borders of Cook County.

The unshaded areas in the map below represent the TEA census tracts that qualify for the \$500,000 investment level in Cook County, Illinois.

Source: Illinois Department of Employment Security, Economic Information and Analysis

* Latest 12 month period includes November 2009 through October 2010 - data are subject to change

Split Area refers to census tracts that overlap two or more communities

Operating Plan & Business Plan

Local Government Regional Center of Illinois, LLC

Public Sector Investment for the greater good
through the EB-5 Immigrant Investor Program.

Submitted by:
Bryan Zises, Principal

January 10, 2011

Local Government Regional Center of Illinois (LGRCI)

Core mission

The EB-5 Program encourages capital investment from immigrants, creates jobs in underserved local communities and strengthens local government by growing the tax base. As such, the underlying principles of the EB-5 program are social good, infrastructure development, wealth creation and community investment.

LGRCI intends to align its mission with the goals of the EB-5 Program. We will use capital investment from immigrant investors to leverage the greatest effect and most job creation activities. We will engage in local communities where resources can best help the most disadvantaged. We will help local governments grow their tax base. Social good, infrastructure development, wealth creation and community investment will all be achieved.

(b)(4)

Corporate Structure

Local Government Regional Center of Illinois (LGRCI)

Limited Liability Corporation

The Local Government Regional Center of Illinois (LGRCI) is a d/b/a of Tizi LLC, a limited liability corporation registered and licensed to conduct all legal business by the State of Illinois.

The original and amended articles of incorporation are attached as Appendix A.

Manager-Members

LGRCI is managed by its members

(b)(4)

Investors

Investors in LGRCI have no voting rights.

The primary investor in LGRCI is CWAZ LLC, an Illinois limited liability corporation registered and licensed to conduct all legal business by the State of Illinois.

(b)(4)

The Tizi, LLC Operating Agreement and Investor Agreement are attached as Appendix B.

Deal Structure

Visual representation of a typical LGRCI EB-5 project

FiPiLi Model

(b)(4)

As is established in the diagram above and in the attached Tuscan Dining EB5 Fund LLC Operating Agreement, LGRCI's fees for any and all services will not be taken from any capital investment funds. Each \$500,000 Unit of investment will be used solely for the purposes of stimulating economic activity and job creation.

Management

Leadership

Bryan Zises

Bryan Zises will be responsible for the day-to-day operations of the proposed regional center, and will oversee all elements and responsibilities of the entity, including marketing, recruitment, reporting, due diligence and others.

Bryan Zises' experience spans more than 20 years focused on government programs and policies that profoundly affect social infrastructure and finance in the public, non-profit, political and private sectors.

In the public sector, at the Illinois Housing Development Authority, he created innovative new financing programs that made housing safe and affordable for low-income families. At the Chicago Housing Authority, he helped transform many blighted areas of public housing slums throughout Chicago into vibrant mixed-income communities. In each of these positions, and others, he has coordinated vastly diverse funding streams for the greater good of the community.

He is president of his own strategic communications consulting company that has many elected officials and public agencies as clients, and consults to several non-profit groups who seek to affect major social change.

In 2009, Bryan was hired by the Chicago Chinatown Chamber of Commerce to organize a delegation of seven Chicago Alderman to travel to China as guests of the Beijing Municipal Government. It was during this trip that Aldermen and business leaders asked Bryan to spearhead an EB-5 Regional Center focused on Chicago that would build greater relationships between China and the US and foster growth in local underserved Chicago communities.

Bryan holds a bachelors degree in political science from the University of Chicago, and an advanced degree from the University of Southern California.

Legal

Legal issues are divided between immigration/Regional Center related issues and business/employment related issues

Immigration

Michael Turansick and Anna Morzy in the Chicago offices of Fragomen, Del Rey, Bernsen and Loewy, LLP, provide legal counsel for all immigration and Regional Center issues.

Fragomen is recognized and regarded as the world's leading global immigration services provider. It is the largest US law firm dedicated exclusively to the practice of immigration law.

Employment & Business

Homero Tristan serves as General Counsel and provides all legal services for LGRCI business and employment issues.

Homero is also the founding partner of Tristan Gonzalez, a full service employment and business law firm in Chicago. Homero also has significant public sector experience, and served as City of Chicago Commissioner, Department of Human Resources where he oversaw all human resources operations for all City agencies.

Escrow Agent

North Community Bank will serve as the Escrow Agent. Leo Alejandre, Branch Manager of the Uptown Branch is our point of contact. An escrow account has been opened.

Due Diligence

Responsibility

LGRCI will take the appropriate due diligence to establish that all sources of capital used by EB-5 investors can be fully explained and clearly shown to have been legally obtained. In addition, LGRCI will monitor and coordinate I-526 businesses and report annually to USCIS to ensure compliance with applicable regulations and transparency.

Due Diligence

All subscription agreements and legal documents will require potential immigrant investors to certify that their funds have been lawfully obtained and that they meet the requirements of an immigrant investor under the law.

(b)(4)

Administrative Oversight

Pertaining to reporting

Reporting

(b)(4)

LGRCI will maintain a complete record on each project, each investor, amount of funds received and applied, number of jobs created among other data for compilation of annual reports to be submitted to USCIS and made available to individual investors upon request. LGRCI will also provide the complete record and all information above to Marquez & Assoc. on a quarterly basis for compilation of reports.

Marquez & Assoc. are master IT systems designers who create solutions to extremely complex reporting challenges for clients that include the Chicago Board of Trade, real-time map provider Navteq, telecom industry clients, proprietary trading firms and others.

LGRCI Financial Statement

Current bank statements from financial institutions are included

(b)(4)

Marketing

Efforts to date

Original marketing plan

From our reading of the USCIS Request For Evidence, the marketing plan in our original application to become a regional center was largely well received.

We have executed several pieces of the original plan.

Project development

Marketing efforts to date have been focused on identifying the strongest business opportunities in the Chicagoland area that would qualify for EB-5 immigrant investors.

(b)(4)

Marketing

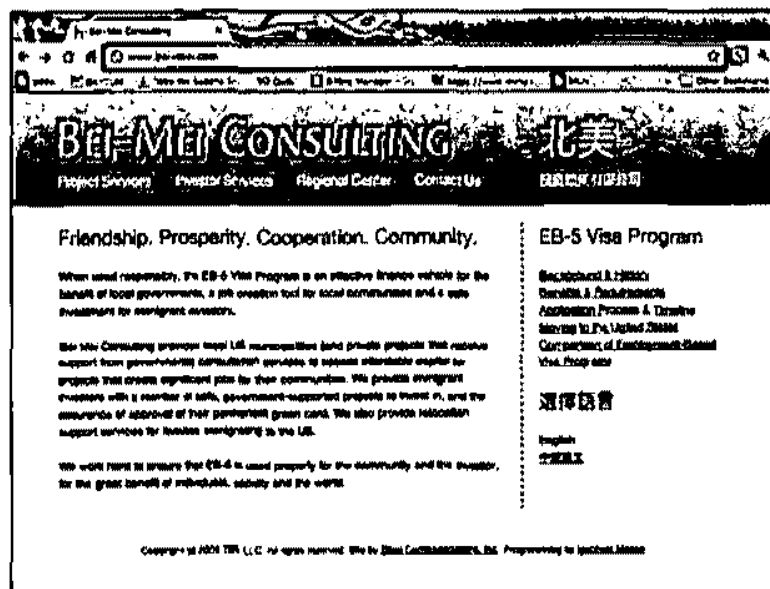

Investor Recruitment

Timing

Investor recruitment efforts begin in earnest when we receive regional center status. Our initial marketing efforts have been via word-of-mouth and limited to only non-regional center specific investments. Our recruitment advisory board of professionals across the globe has held preliminary discussions with immigrant investors and are prepared to recruit them as soon as we receive approval for our regional center status.

Websites

Our advisory board has created a client recruitment website focused on the Chinese market at www.bei-mei.com. This site has been live for several months. <http://www.lgrci.com> is currently pointing to that site as well. When LGRCI receives regional center status, we will launch a new website for the Regional Center that highlights the FiPili business opportunity. At that time, [bei-mei.com](http://www.bei-mei.com) will continue as a standalone site.

Marketing

Investor Recruitment

Materials

This will be translated and produced once we receive USCIS regional center approval. We will also produce specific documents related to the FiPiLi business and other approved businesses.

As Bryan Zises, the principal of LGRCI, also owns a communications and public relations firm, the development of marketing materials and additional websites will be very streamlined.

Immigration Attorneys

We intend to host, sponsor and attend several events that provide outreach to immigration attorneys. Two AILA events are outlined in the budget below, as are additional smaller events throughout.

Travel

Three recruitment trips are currently budgeted in the first year of operations, and sales personnel are geographically placed throughout the world.

Budget

ITEM

COST (Per Person)	# OF DAYS	# OF TRAVELLERS	TOTAL
-------------------	-----------	-----------------	-------

(b)(4)

Investor Recruitment and Promotional Activities

Geographic focused advisory board

Advisory Board

LGRCI has created an advisory board of experienced professionals located across the globe to guide the recruitment and promotional activities of the Regional Center.

The appointment of any recruiting agents or representatives outside of the US will be made only after consultation and acceptance by LGRCI. All agents will be subject to the highest ethical code of conduct. Please refer to Appendix C, the Advisory and Agent Guidelines.

Nicholas Walker

Nick Walker will guide the efforts to recruit investors from Latin and South Americas.

As the founding partner of Southbridge Group / Puente Sur, Ltda., over the past 15 years Nick has grown his entity from a two-person office to more than 200 employees serving over 70 clients. He is the legal representative for, or on the boards of directors of over 30 companies in South America.

Prior to forming Puente Sur, Nick held positions at Citicorp in Santiago and at Morningstar (financial publishing company) in Chicago.

MBA, Thunderbird School of Global Management, Glendale, AZ
AB, Economics, University of Chicago, Chicago, IL

Investor Recruitment and promotional activities (cont'd)

Geographic focused advisory board

Rex Davenport

Rex Davenport will guide efforts to recruit investors from Europe and Western Asia.

Rex is a multi-lingual professional who has worked and lived across the globe, from Mexico to the Maldives, Thailand to Paris to London and elsewhere. He is a lawyer with extensive knowledge in trust and estates law.

JD, Cornell Law School, Cornell, NY.
Maîtrise en Droit, Université de Paris I, Panthéon-Sorbonne, France
B.A., University of California Berkeley, CA
Università di Bologna, Bologna, Italy (Rhetoric program)

Julia Rendon-Terrazas

Julia Rendon-Terrazas will focus on recruitment efforts exclusively in Mexico.

Born and raised in Mexico, Julia Rendon is a multi-lingual lawyer who has specialized in Mergers and Acquisitions, Corporate Law and International Business Transactions for major international corporations working in Latin America.

LL.M, Northwestern Law School, Evanston IL

Cecilia Hong

Cecilia Hong is our Asia guide. She has significant experience in sales and marketing, particularly in the precious metals and precious jewels industry. Cecilia was born in Taiwan, currently resides in Bangkok and travels extensively to China and Taiwan.

BA, University of California, Berkeley CA

Two-Year Pipeline

Based on our review of existing business opportunities in Cook County TEAs, these projects represent our current pipeline

FiPiLi

FiPiLi, a three-part food business located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side, in partnership with Westside Community Development Corporation and in association with the Chicago Housing Authority's Roosevelt Square Development.

Job creating activities will include the management and operations of a restaurant, wine bar and mobile food truck business.

NAICS Codes: 722110 / 722410 / 722330.

(RIMSII multipliers estimate: [REDACTED] (b)(4)

Census Tract: 17031283200 / 21.8% unemployed

Fays Point

Fays Point is a master-planned 40-acre community at the convergence of the Little Calumet River and the Calumet Sag channel in Blue Island, Illinois. The original plan called for six condominium buildings, 60 town homes, 88 boat slips and a marina/restaurant/boating club. Currently two condominium sites have been sold, 88 boat slips are operational, and 17 town homes of 24 built remain unsold. The original developers lost the property in the economic downturn [REDACTED]

(b)(4) [REDACTED]

Job creating activities will include the management and operations of a club, marina and restaurant.

NAICS Codes: 713930 / 722110

(RIMSII multipliers estimate: [REDACTED]

Census Tract: 17031821500 / 33% unemployed

(b)(4)

Two-Year Pipeline (cont'd)

Based on our review of existing business opportunities

The Resurrection Project (TRP)

For more than 20 years, TRP has developed affordable housing and created economic opportunities in Chicago's predominantly Latino communities, with particular emphasis in Pilsen. As part of their growth into Melrose Park, they intend to address the community's financial dependence through a new community-based credit union and credit counseling and financial literacy programs.

NAICS Codes: 624310 (RIMSII multipliers estimate [redacted])
Census Tract: 17031816401 / 16.3% unemployed

(b)(4)

Park Boulevard

LGRCI is in talks to finance a convenience grocery store at Park Boulevard, the new development on the former site of the Chicago Housing Authority's infamous Stateway Gardens project.

Job creating activities will include the operations of retail convenience grocery stores.

NAICS Codes: 445120 / 445230 (RIMSII multipliers estimate [redacted])
Census Tract: 17031351500 54.7% unemployed

(b)(4)

Two-Year Pipeline (cont'd)

Based on our review of existing business opportunities

JASC

The Japanese American Service Committee is both a social services organization that provides elder day-care services as well as a cultural institution focused on Japanese American cultural heritage. As a cultural organization, they teach Japanese language classes, Taiko drumming, judo, Japanese cooking and myriad other programs. The JASC has outgrown their current space and are preparing to move to a new location and expand their services.

(b)(4)

NAICS Code: 624120 / 813410 / 611630 (RIMSII multipliers estimate:

(b)(4)

Census Tract: 17031031200 16.8% unemployed

National Public Housing Museum

One block from the proposed location for the FiPiLi project, a single remaining structure from the old Chicago Housing Authority ABLA development still stands at 1322-24 West Taylor. The structure is intended to be the future home of the National Public Housing Museum.

(b)(4)

NAICS Codes: 712110 / 712120 (RIMSII multipliers estimate:

Census Tract: 17031283200 21.8% unemployed

Five-Year Timeline

Year 1—2011

Investors (b)(4)

Recruit [redacted] approved immigrant investors to fully execute the FiPiLi business plan and launch the FiPiLi restaurant.

Projects

(b)(4)

Regional Center

Oversee the continued financial success and regulatory compliance of FiPiLi.

Continue to oversee contracts with service providers to guarantee compliance with all EB-5 regulatory and reporting requirements.

Year 2—2012

Investors

(b)(4)

Recruit investors and fill the subscriptions for Fays Point and The Resurrection Project with [redacted] investors total.

(b)(4)

Five-Year Timeline (cont'd)

Projects

(b)(4)

Regional Center

Oversee the continued financial success and regulatory compliance of FiPiLi.

Oversee the submission of investor I-526 forms and release the funds to the investment funds upon USCIS approval.

Continue to oversee contracts with service providers to guarantee compliance with all EB-5 regulatory and reporting requirements.

Hire and train additional full-time administrative staff to guarantee full regulatory compliance and reporting.

Years 3-5

Investors

Become the premiere Regional Center for immigrant investors worldwide. Offer the safest job creation strategy with the best rate of return of any Regional Center in the country.

Projects

(b)(4)

Regional Center

Oversee the continued financial success and regulatory compliance of all projects under the Regional Center.

Oversee the submission of investor I-526 forms and compliance with all I-829 forms.

Continue to oversee contracts with service providers to guarantee compliance with all EB-5 regulatory and reporting requirements.

Hire and train additional full-time marketing staff.

LGRCI Financial Projections

*These financial projections reflect **only** the revenue generation of the Regional Center over a five year period, and do not reflect the financial projections of any job creation project created by LGRCI for the EB-5 Program and immigrant investors.*

Marketplace Analysis

Significant need

The need for investment in job creation businesses in underserved areas far outstrips the availability of funds. Many significant job creation opportunities are unrealized because they lack the private sector investment. Rather than having competitors for this business segment, public-sector finance industries are frustrated by their inability to fully finance the job creation opportunities available, and see many opportunities go unfulfilled for lack of private-sector funds.

LGRCI will be a welcome addition and a vital resource in this underserved market segment.

Leveraged lenders

Philanthropic institutions, such as the John D. and Catherine T. MacArthur Foundation, the Chicago Community Trust, the Polk Bros. Foundation and others.

Non-profit lending vehicles such as the Illinois Facilities Fund, (IFF), the Local Initiatives Support Corporation of Chicago (LISC-Chicago), the Community Investment Corporation, and many others.

While these groups are engaged in job development in the most underserved communities, their efforts are frustrated by a lack of private-sector investment. LGRCI intends to work in concert with these funding organizations to provide the crucial missing piece of the financing puzzle: private sector investment.

Timeline of FiPiLi Project

Other projects will be layered onto this timeline as well.

Regional Center (RC)	FiPiLi Project	FiPiLi Investor
		

(b)(4)

Business Sectors

We seek approval for these specific business sectors

Sector	Jobs per \$1m investment*
Food services and drinking places (NAICS: 722110 / 722410 / 722330)	(b)(4)
Social assistance (NAICS: 624310)	
Performing arts, museums, and related activities (NAICS: 712110 / 712120)	
Amusements, gambling, and recreation (NAICS 7139)	
Retail trade (NAICS: 445120 / 445230)	
Civic, social, professional and similar organizations (NAICS: 813410)	

*RIMS II Model

The above job creation metrics are derived from the RIMS II Input/Output Model, with the summary table of the latest data for the Chicago MSA as analyzed and prepared in the economic study provided by EP Systems Group, attached as Appendix D.

The RIMS II Model will be a guidepost for LGRCI to make an initial determination of whether a business can create enough jobs to be considered for Regional Center investment. Once business details are fully completed, a proper economic analysis from EP Systems or a similar independent economic firm will be conducted for each individual project to ensure compliance with EB-5 law and practice.

Because the RIMS II Model guides the approved economic analysis of a business plan, the RIMS II Model's assumptions are legitimate and valid for purposes of approving these sectors for Regional Center activity.

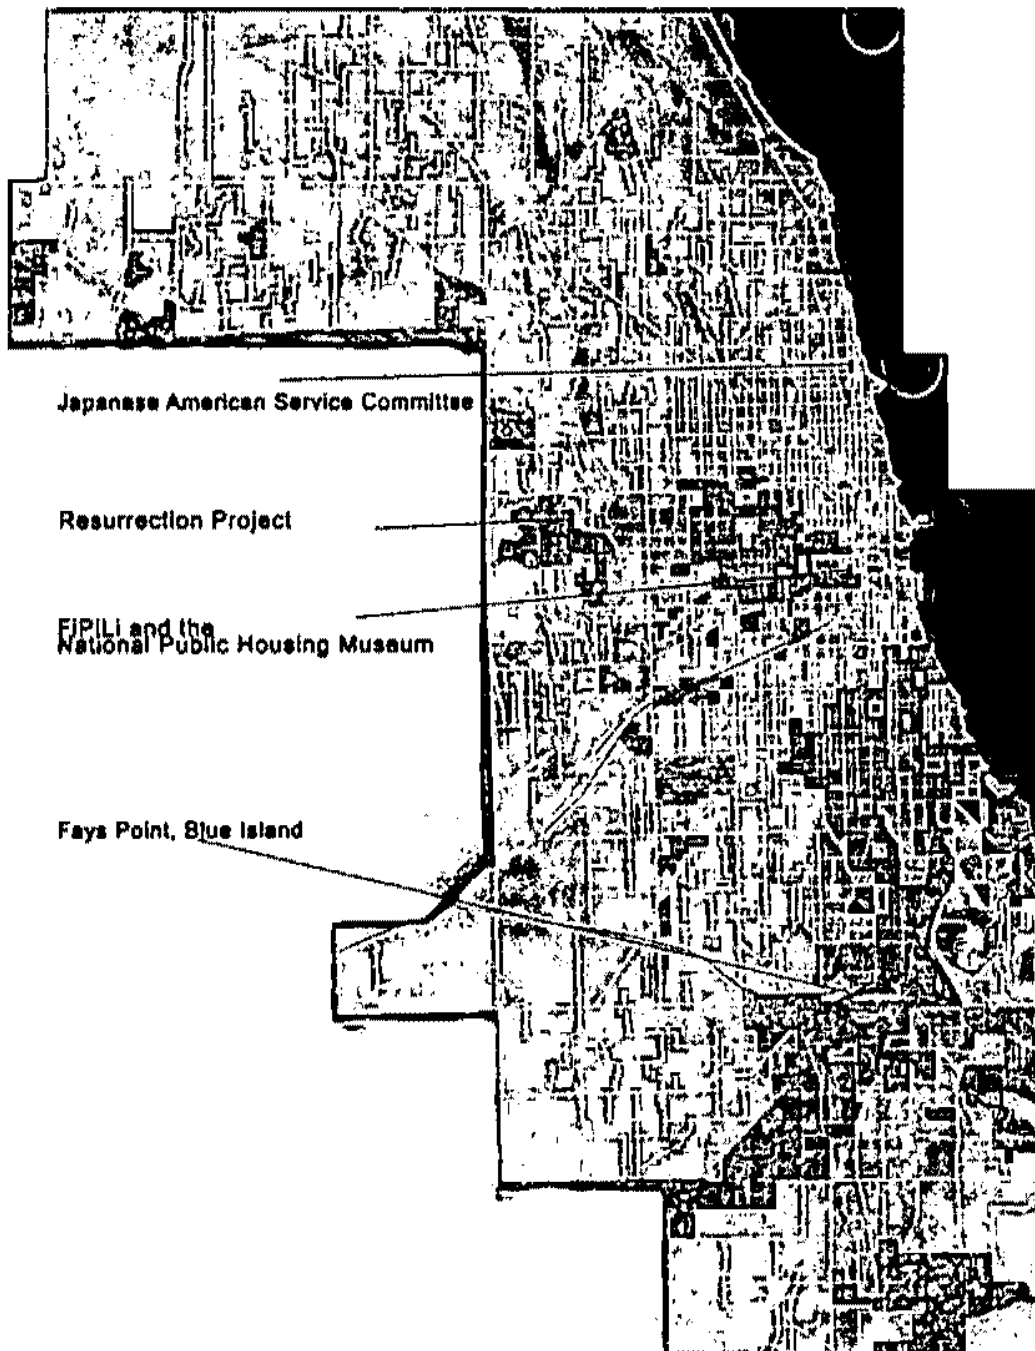

Geographic Focus / Map

Cook County, Illinois

Amended:

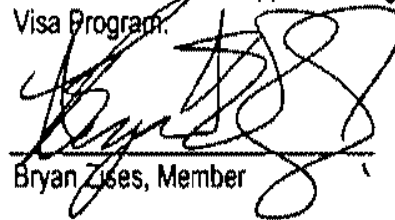

We wish to amend our original application to focus on projects only within the County of Cook. We find that there is ample need, and an overabundance of projects for LGRCI within the borders of Cook County.

The **unshaded** areas in the map below represent the TEA census tracts that qualify for the \$500,000 investment level in Cook County, Illinois.

Signature Page

This amended Operating Plan & Business Plan and all attachments are respectfully submitted as the response to the Request For Evidence with regards to the application of the Local Government Regional Center of Illinois to become an approved Regional Center under the USCIS EB-5 Visa Program.

Bryan E. Zises, Member

Effective Date: December 15, 2010

**SINGLE-MEMBER
OPERATING AGREEMENT
OF
TIZI, LLC
AN ILLINOIS LIMITED LIABILITY COMPANY**

THIS OPERATING AGREEMENT is hereby established on the effective date below by BRYAN E. ZISES, the initial member. The initial member contemplates that additional members may join the limited liability company in the future and the following Operating Agreement has been therefore developed.

**ARTICLE I
FORMATION OF THE LIMITED LIABILITY COMPANY**

1. Formation of LLC. The initial member caused to be formed a limited liability company in the State of Illinois named TIZI, LLC ("LLC"). The operation of the LLC shall be governed by the terms and conditions of this Operating Agreement ("Agreement") and the applicable laws of the State of Illinois relating the formation, operation, and taxation of the LLC.
2. Articles of Organization. The initial member or his designee caused the Articles of Organization ("Articles") to be filed with the Secretary of State of Illinois on October 12, 2009.
3. Business. The business of the LLC shall be to conduct or promote any lawful business or purposes that a limited liability company is legally allowed to conduct or promote within the State of Illinois or any other jurisdiction.
4. Registered Office and Registered Agent. The initial registered agent and office of the LLC shall be Lee Schwarzbach, 30 E. Adams Street, Suite 440, Chicago, IL 60603. The registered office and/or registered agent may be amended from time to time pursuant to the Limited Liability Company Act of Illinois.

(b)(4)

6. Fiscal Year. The LLC's and tax year shall end December 31.

**ARTICLE II
MEMBERS AND ECONOMIC INTEREST OWNERS**

(b)(4)

(b)(4)

**ARTICLE III
MANAGEMENT**

(b)(4)

**ARTICLE IV
CONRTIBUTIONS, PROFITS, LOSSES, AND DISTRIBUTIONS**

(b)(4)

(b)(4)

**ARTICLE V
VOTING**

(b)(4)

ARTICLE VI
DISSOCIATION AND TRANSFERABILITY OF LLC INTEREST

(b)(4)

(b)(4)

**ARTICLE VIII
DISSOLUTION**

(b)(4)

**ARTICLE IX
RECORDS AND INFORMATION**

(b)(4)

(b)(4)

ARTICLE X
MISCELLANEOUS PROVISIONS

(b)(4)

31. Application of Illinois Law. This Agreement and its interpretation shall be governed exclusively by the laws of the State of Illinois.

(b)(4)

(b)(4)

41. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original but all of which shall constitute one (1) and the same instrument.

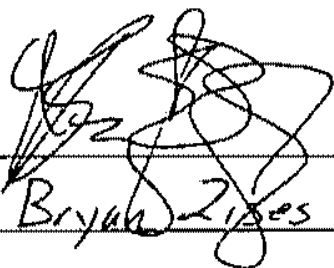

(b)(4)

WHEREFORE, the Initial Member, being the single member of the LLC, has executed this Agreement to be in full force and effect this 15th day of December, 2011.

APPENDIX D

THE E. P. SYSTEMS GROUP, INC.

P. O. Box 15124

Covington, KY 41015-1024

502-435-3240

<www.TheEPSystemsGroup.com>

The E. P. Systems Group, Inc. (EPSG), is a small economic and environmental planning and policy development/analysis firm that was incorporated in 1981, and assembles tailored teams of experienced professionals for the conduct of applied research and technical assistance on developmental policy issues. The firm has maintained a broad ranging record in economic and sustainable development studies for public and private sector clients. The firm generates different types of work products and services to respond to client needs, including formal research reports on economic impacts, legal and legislative expert witness testimony, economic development program plans, project evaluations, specialized technical assistance and training, and consultancy services.

EPSG has served eight different Federal departments and agencies, and other domestic clients ranging from central labor councils and community development corporations through private businesses and policy advocacy organizations to chambers of commerce and municipal, county and state economic development agencies. In particular, the firm has assisted U.S. local development planners with federal programs from Model Cities through Empowerment Zones and Enterprise Community initiatives, including brownfield revitalization and other landbased strategic planning.

The firm is currently providing financial management technical assistance to state and local government recipients of energy efficiency/renewable energy funds from the US Department of Energy. Support is being provided with respect to tools for leveraging private sector investments, including analyses of local public economic impacts of, and private rates of return on, such energy investments.

Senior Personnel

Peter B. Meyer, PhD, President and Chief Economist

Dr. Meyer is Professor Emeritus of Urban Policy and Economics at the University of Louisville, where he founded and directed a Center for Environmental Policy and Management and the EPA Region 4 Environmental Finance Center. He served as Director of the Local Economic Development Assistance Center at The Pennsylvania State University, 1978-1987. From 1993 through 2010, he was an Expert Witness to the US Environmental Protection Agency's Environmental Finance Advisory Board.

A specialist in community and local economic development and public policy evaluation, Dr. Meyer has been engaged in brownfield redevelopment research and related environmental and economic development work since 1993. He has written extensively on contaminated land redevelopment policy and practices in the United States and the European Union, collaborating with colleagues in Britain, Germany, Greece, Italy, and the Netherlands. While his first work on local government energy conservation planning dates to the 1970s, he has shifted his attention to the economics of conversion to lower carbon intensities in national economies. In addition to his research and consultation activities in the US and overseas, Dr. Meyer has also participated in the design and development of informational websites, looking to provide the widest possible access to informational sources and the results of his research efforts.

Kristen R. Yount, PhD, Vice President and Director of Research

Dr. Yount is Professor Emerita of Sociology at Northern Kentucky University, where she recently served as Coordinator of the University's Sustainable Future Program. Her work is grounded in deriving findings from in-depth interviews with public officials engaged in the mitigation of environmental conditions.

A specialist in risk perception and management, Dr. Yount has applied her expertise to the liabilities involved in brownfield revitalization projects. Her research in this area has been funded by the US Environmental Protection Agency, the US Department of Housing and Urban Development, and the Lincoln Institute of Land Policy. She has authored federal research reports, journal articles, and book chapters and presented numerous times at local, national, and international forums. Currently she is engaged in examination of public risk perceptions of climate change, the development of state and multi-state climate change policies in the US, and equity issues embedded in these and in international policies.

Project Description

The E.P. Systems Group, Inc. (EPSG) has been contracted by Local Government Regional Center of Illinois (LGRCI) to develop an economic analysis of the employment impacts of a new restaurant venture in the Chicago area. The purpose of this analysis is to provide evidentiary information in support of an EB5 Regional Center Application under the regulations of the United States Citizenship and Immigration Service (USCIS). EPSG is independent of, and has no financial or other interest in LGRCI or in its application for Regional Center status.

The charge of our contract is to indicate whether the proposed restaurant will generate at least twenty (20) jobs in the Region under study per \$1 million of investment. The basis for this analysis is the RIMS II input-output model for 2006 developed by the US Bureau of Economic Analysis (BEA), the most recent such model available. The BEA methodology and regionalized I-O coefficients has been widely used and is the accepted standard for economic impact analysis. The Region under study is the whole of the Chicago Consolidated Metropolitan Statistical Area (CMSA).

Other supportive information is also included. A basic description of the Chicago metro economy is included to provide context. In addition to the delineation of the proposed restaurant venture impacts, appropriate industries and sectors for other possible EB5 investments are described to show the type and scale of projects envisioned by LGRCI under the Regional Center program.

This analysis addresses a proposed investment in a resubmission of the initial LGRCI application for EB-5 Regional Center status. Much of the background material remains the same.

A Brief Description of the Economy of the Chicago MSA

Census Profile

(Data from the *American Community Survey*, 2008 with updates from the 2009 ACS)

With more than 9.5 million residents, the Chicago CMSA is the third largest population concentration in the US. The median age in 2008 was 35.7 years and 11.0% were over 65. Almost 1.7 million, 17.5%, were African Americans and 5.3% were Asian. Hispanics made up 19.9%. Foreign born persons were nearly 1.7 million (17.7%) and 931,000 or 54.8% of those were not US citizens.

The Chicago CMSA has a varied and balanced economy with both high household incomes (\$61,285) and significant poverty (about 11.8%). About 5.1 million persons over the age of 16 are in the civilian labor force and, in 2008, 7.1% were unemployed. (By November of 2009 this figure had jumped to 10.3%). The median wage for all workers was \$32,742. Educational attainment is quite high with 85.5% of persons over 25 having at least a high school diploma and 33.0% having a college degree.

Economic Structure and Change

(Data from *County Business Patterns*, 2003 and 2007)

Job Creation

Methodology

The basis for this analysis is the RIMS II input-output model developed by the US Bureau of Economic Analysis (BEA), the most recent such model available. The BEA methodology and regionalized I-O coefficients has been widely used and is the accepted standard for economic impact analysis. The data employed here are taken from the US Input-Output Tables generated by the BEA for 1997 as updated for 2006. These tables provide a snapshot of the US economy based on the sales from one industry to another and to final demand. [REDACTED]

The Current Economic Situation: Unemployment

Illinois and the Chicago metro area were, like all areas of the US, seriously impacted by the recession of 2008 – 2009. Unemployment jumped from just over seven percent to nearly twelve percent in just a few months. Economic growth, measured in GDP, slowed to almost nil. However, the Chicago metro area has seen dramatic improvement in its unemployment rate during 2010. In January, 11.7% of the civilian labor force was unemployed; this percentage fell to 9.0% by November.

(b)(4)

In January the Illinois unemployment rate was 12.2%; this fell to 9.2% by November.

Proposed Project

The Local Government Regional Center of Illinois expects to utilize EB5 investment in several ways. Of particular concern for this application, LGRCI has identified the first actual project to be undertaken by the Regional Center. The business plan evaluated here calls for a [REDACTED] (b)(4) investment from EB5 qualified investors as startup monies for a three part restaurant venture in a downtown/university area of Chicago. Although the [REDACTED] investment in a new restaurant venture is significant for its immediate economic impacts [REDACTED] (b)(4)

(b)(4) [REDACTED] our analysis is based on the revenue streams generated by the investment rather than temporary jobs created in the construction of the asset.

OPERATING AGREEMENT

ADVISORY AGREEMENT

ADVISORY AGREEMENT

This Advisory Agreement ("Agreement") is made as of _____, 20____, by and among:

- (1) Tuscan Dining EB-5 Fund, LLC (hereinafter "the Company"), an Illinois limited liability company, having its principal place of business located in Cook County, Illinois; and
- (2) Local Government Regional Center of Illinois, LLC ("LGRCI"), an Illinois limited liability company, having its principal place of business located in Cook County, Illinois.

BACKGROUND

1. In 1990, the United States Congress enacted an Immigration Act (the "Act"), which created an employment-creation immigrant investor visa program to be administered by U.S. Citizenship and Immigration Services ("USCIS") through its legacy agencies, the Bureau and Immigration Services and the Immigration and Naturalization Service.

2. The EB-5 permits foreign nationals to receive conditional resident status in the United States in exchange for making a capital investment in the United States that will benefit the United States economy. Each investment needs to create or save at least ten direct full-time jobs for U.S. workers. The minimum amount of investment is \$1,000,000, but that minimum amount is reduced to \$500,000 if the investment is made in a high unemployment area or qualifying rural region.

3. In 1992, the United States Congress enacted the EB-5 regional center pilot program. This Immigrant Investor Pilot Program ("Program") allows both public and private entities to apply for regional center status. The Program allows an investor to create or save at least ten direct and indirect full-time jobs for U.S. workers.

4. LGRCI is a designated regional center pursuant to the Program, and was founded as an Illinois limited liability company for the express purpose of working with the state of Illinois and the local governmental organizations of the greater Chicago, Illinois area and private corporations within these areas to increase the regions economic welfare. LGRCI seeks to increase sales, improve the regional workforce, work to advance job creation, to provide consultation services for foreign investors, and interact with entities assisting foreign investors to invest in Program eligible capital investments in the State of Illinois and serve as Chicago's designated Regional Center as that term is defined in the Program and pursuant to U.S. laws and regulations.

(b)(4)

5. The Company was created to serve as an eligible capital investment fund under the Program. The Company is offering up to [REDACTED] of units in the Fund ("Units") for \$500,000 per Unit pursuant to the Private Placement Memorandum, ("PPM") and in compliance with U.S. Laws and regulations, to foreign investors who (a) plan to file for an EB-5 Visa under the Immigrant Investor Pilot Program (the "Program") through the U.S. Citizenship and

Immigration Services ("USCIS") and (b) are "accredited investors" as defined in Rule 501 of Regulation D under the Securities Act of 1933, as amended, and where the "accredited investor" status does not violate U.S. Laws and regulations.

(b)(4)

WHEREFORE, in consideration of the mutual promises contained in this Agreement, and intending to be legally bound by this Agreement, LGRCI, and the Company mutually contract and agree as follows:

(b)(4)

(b)(4)

(b)(4)

(b)(4)

7.7 Governing Law. This Agreement and all questions relating to its validity, interpretation, performance, and enforcement shall be governed in all respects by the laws of the State of Illinois, without regard to its conflicts of law doctrine.

7.8 Counterparts. This Agreement may be executed in one or more counterparts (including by facsimile), each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which taken together shall constitute one and the same instrument. This Agreement shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as the signatories.

7.9 Entire Agreement. This Agreement constitutes the entire agreement between the parties relating to this subject matter. The terms of this Agreement will govern all services undertaken by LGRCI for the company.

[Signatures on Following Page]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year first above written.

PRIVATE PLACEMENT MEMORANDUM

January 2011

This confidential Private Placement Memorandum (the "Memorandum") is being distributed on a limited basis to selected individuals and entities in connection with a private offering (the "Offering") of membership interests (the "Units") in TUSCAN RESTAURANT EB-5 FUND, LLC, an Illinois limited liability company (the "Company"). The Offering is made only to accredited investors who, upon admission to the Company, will become limited members of the Company (the "Members"). Each Member must make a capital contribution to the Company in an amount not less than \$500,000.00 per Unit. [REDACTED]

(b)(4)

The Company's investment objective is to provide investment funding to FiPiLi, LLC ("FiPiLi"), a 3-part food services company comprising a fine-dining restaurant, a wine-bar and a 3-truck mobile foods operation located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side, to enable FiPiLi to create 10 direct or indirect fulltime jobs for U.S. workers for each \$500,000.00 investment distributed to FiPiLi and to re-determine the Company investment strategy and the continuation of end of the Company use of proceeds.

(b)(4)

With respect to an Investor applying for approval of a Form I-526 Petition for Alien Entrepreneur (the "Petition") through the Immigrant Investor Pilot Program, before an Investor's Petition is approved by United States Citizenship and Immigration Services ("USCIS") and the Investor obtains conditional lawful permanent residence in the U.S., the capital contribution subscription amount of \$500,000.00 per Unit and the [REDACTED] Administrative Fee will be held in (b)(4) the Escrow Account, and the Administrative Fee will be immediately dispersed from the Escrow Account to LGRCI. [REDACTED]

(b)(4)

(b)(4)

AN INVESTMENT IN THE COMPANY INVOLVES SUBSTANTIAL RISKS AND SHOULD BE CONSIDERED ONLY BY PERSONS WHO CAN AFFORD THE LOSS OF THEIR ENTIRE INVESTMENT. SEE "RISK FACTORS." THIS MEMORANDUM DOES NOT CONSTITUTE AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY THE UNITS IN ANY JURISDICTION WHERE THE OFFER AND SALE OF SUCH UNITS IS UNLAWFUL.

NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATIONS CONCERNING THE COMPANY OTHER THAN AS CONTAINED IN THIS MEMORANDUM, AND IF GIVEN OR MADE, SUCH OTHER INFORMATION OR REPRESENTATIONS MUST NOT BE RELIED UPON. THE DELIVERY OF THIS MEMORANDUM DOES NOT IMPLY THAT THE INFORMATION SET FORTH IN IT IS CORRECT AT ANY TIME SUBSEQUENT TO THE DATE HEREOF.

PRIOR TO THE SALE OF ANY UNITS OFFERED HEREBY, THE COMPANY WILL MAKE AVAILABLE TO EACH INVESTOR THE OPPORTUNITY TO ASK QUESTIONS OF AND RECEIVE ANSWERS FROM THE MANAGER CONCERNING THE TERMS AND CONDITIONS OF THIS OFFERING AND TO OBTAIN ADDITIONAL INFORMATION NECESSARY TO VERIFY THE ACCURACY OF THE INFORMATION CONTAINED WITHIN THIS MEMORANDUM, TO THE EXTENT THE COMPANY POSSESSES SUCH INFORMATION OR CAN ACQUIRE IT WITHOUT UNREASONABLE EFFORT OR EXPENSE.

INVESTORS SHOULD READ THE COMPANY'S LIMITED LIABILITY COMPANY OPERATING AGREEMENT AND THE SUBSCRIPTION AGREEMENT INCLUDED WITHIN THE EXHIBIT VOLUME FOR COMPLETE INFORMATION CONCERNING THE RIGHTS AND OBLIGATIONS OF INVESTORS WHO PURCHASE THE UNITS OFFERED HEREBY.

THE SECURITIES OFFERED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT. THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF

THIS OFFERING CIRCULAR. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

The delivery of this Memorandum at any time does not imply that the information herein contained is correct as of any time subsequent to the date hereof:

COMPANY AND MANAGER

Tuscan Dining EB-5 Fund, LLC (the "Company") is an Illinois limited liability company formed in January 2011. The address of the Company is 5111 N. Wolcott Avenue, Chicago, Illinois, 60640, U.S.A. The Company's business purpose is to extend a [REDACTED] loan to FiPiLi, LLC ("FiPiLi") to develop a 3-part food services company comprising a fine-dining restaurant, a wine-bar and a 3-truck mobile foods operation located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side. [REDACTED]

(b)(4)

(b)(4)

The Manager of the Company is Local Government Regional Center of Illinois, LLC ("LGRCI"), an Illinois limited liability company formed in order to own and operate projects of the Local Government Regional Center of Illinois, LLC USCIS-approved Regional Center. The [REDACTED]

(b)(4)

Bryan Zises

Bryan Zises' experience spans more than 20 years focused on government programs and policies that profoundly affect social infrastructure and finance in the public, non-profit, political and private sectors.

In the public sector, at the Illinois Housing Development Authority he created innovative new financing programs that made housing safe and affordable for low-income families. At the Chicago Housing Authority he helped transform many blighted areas of public housing slums throughout Chicago into vibrant mixed-income communities. In each of these positions, and others, he has coordinated vastly diverse funding streams for the greater good of the community.

He is president of his own strategic communications consulting company that has many elected officials and public agencies as clients, and consults to several non-profit groups who seek to affect major social change.

Bryan holds a bachelors degree in political science from the University of Chicago, and an advanced degree from the University of Southern California.

THE FIPILI, LLC BUSINESS

Concept

FiPiLi is a three-part food business with 6,000 sq. ft. of commercial space located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side.

FiPiLi Fine is a 110-seat fine-dining restaurant; FiPiLi Vino, abutting the restaurant, is a 40-seat wine bar; and FiPiLi Mobile is a three-truck Mobile Food Provisions business. The name is familiar to anyone lucky enough to have toured the Tuscany region of Italy by car. It is on road signs everywhere and comes from combining the region's three largest cities - Firenze (Florence in English), Pisa and Livorno.

(b)(4)

The Face of FiPiLi

FiPiLi will be fronted by Hearth, LLC, a restaurant management group based in New York and composed of Marco Canora and Paul Grieco, who will be bringing their combined decades of experience and consistently successful formula to Chicago.

(b)(4)

Hearth, LLC was formed in 2002 to create the famed Hearth Restaurant in Manhattan's East Village. Since its opening, Marco and Paul have earned rave reviews for the quality of the food, wine, service and atmosphere. The restaurant's overall concept is so strong, in fact, that the

Hearth Restaurant

restaurant received a James Beard Foundation award nomination in 2003 for Best New Restaurant, as well as being listed in *Travel + Leisure* magazine's 2006 survey of New York's Top 50 Restaurants, describing it as "No fuss, no swagger, no reservation traumas...is Hearth too good to be true?"

In the spring of 2008, Hearth, LLC opened Terroir winebar in Manhattan's East Village, which was an instant success and has spawned a sister Terroir in Manhattan's TriBeCa neighborhood that opened in the middle of 2010.

Through these years and ventures, Hearth, LLC has honed a seriously successful strategy of conceptualizing, actualizing and running food service establishments that have earned the love of the media, of their clients and, because of their financial returns, their investors. Their accomplishments are a testament not only to their strong business sense, but also to the unique set of talents that each brings to the myriad aspects of restauranteuring.

Marco Canora

The food of the FiPiLi brand will be fronted by Chef Marco Canora, who has been for the past decade one of the premier names in Italian cooking in the country. In addition to his many accolades as a New York chef, Marco has gained a national presence with his many appearances on *The Today Show*, the *CBS Early Show*, *Martha Stewart*, and *ABC Nightline*. Most prominently, Marco spent a season as a contestant on the Food Network's *2010 Next Iron Chef* where he finished as a finalist.

Prior to striking out on his own with Hearth, and later Terroir, Marco was enlisted by Tom Colicchio – face of Bravo Network's *Top Chef* – to open Craft Restaurant in the Flatiron District. It was during Marco's tenure there that the restaurant received three stars from the New York Times and won the 2001 James Beard Award for Best New Restaurant in the Country. As Craft's executive chef, Marco also helped launch Craftbar and Craftsteak in Las Vegas.

In 2009, Marco published *Salt to Taste: The Keys To Confident, Delicious Cooking* (Rodale). The book was nominated for a James Beard Publishing Award and selected as one of *Food & Wine Magazine's* Best of The Best. Marco has also created a series of instructional webisodes for KitchenDaily.com in an effort to share some of his favorite dishes as well as some helpful cooking techniques with a wider audience.

Paul Grieco

The wine and beverage program will be run by Paul Grieco, widely regarded as the most creative sommelier in all of New York City. Paul has run the wine and beverage program at Hearth as well as at both Terroirs since they opened.

Saveur magazine, in their April 2009 bio of Paul, stated: "Paul Grieco first made a name for himself as an outspoken wine guy when he was the assistant manager at New York's Gramercy Tavern, but it wasn't until he left to open Hearth, Insieme, and Terroir that his gospel took on real power. Not only do his wine lists feature multiple vintages of wine he love – many of them obscure ones like Chateau Musar, a red from Lebanon, and Scholium Project sauvignon blanc from the Napa Valley – but his descriptions of those wines reflect a passion that invariably rubs off."

It is no doubt because of Paul's infectious passion that he was nominated for the 2010 James Beard Foundation's Award for Outstanding Wine and Spirits Professional.

Ownership & Management

(b)(4)

Zachary Zises

Zachary Zises will serve as Business Manager for FiPiLi, LLC.

Since 1996 Zachary has been a member of the Chicago Board of Trade working as a self-employed, self-capitalized trader in the Wheat Options pit. In 2004 Zachary formed Icarus Trading, an options and futures arbitrage company, which he owned and managed until 2008.

In 2009 Zachary left trading to pursue his passion for the entirety of the food chain. He manages a blueberry farm in Benton Harbor, MI that is transitioning to organic and is the largest single investor in the Terroir Tribeca winebar in New York City.

James Ventrella

James will be in charge of day-to-day management of FiPiLi once its door open as well as our restaurant consultant for the pre-opening process.

He was the owner and proprietor of *Ventrella's Caffè* in the Ravenswood neighborhood of Chicago's North Side, which was open from February 2006 to March 2010.

James will bring to bear his mastery of Chicago's complex and complicated inspection and licensing system in helping Hearth LLC efficiently branch out beyond its New York roots.

Susannah Walker

Susannah will be our chef de cuisine. Her first job helming a restaurant came in 2002 at Chicago's MOD Restaurant. Since then she has run kitchens in restaurants around the country, most notably at the Wilmington Inn and Tavern in Wilmington, VT and at Diterro's Urban Italian in Dallas, TX.

At Diterro, Susannah was the original executive chef, in charge of conceptualizing and designing the cuisine for the 60-seat restaurant. The restaurant was awarded 4 stars by the Dallas Morning News.

Susannah's mastery of Italian cuisine was honed by a 2-year stint cooking in restaurants in Rome and Florence.

Timeline

FiPiLi will hold each investors' \$500,000 investment in escrow until the entirety of the \$2,000,000 subscription has been fulfilled. Once the entire \$2M has been received I-526 forms will be submitted to USCIS. Only after all the I-526's have been approved will the monies be released from escrow and given to the Tuscan Dining EB-5 Fund, LLC, which will then initiate its loan to FiPiLi, LLC.

At this point everything will happen as quickly as possible to ensure that no delays stand in the way of FiPiLi's opening for business prior to the 2-year jobs requirement mandated by the EB-5 Visa program. While location is often a major stumbling block for any business, the advance

(b)(4)

Location

FiPiLi is currently negotiating a space on the 1200 block of West Taylor street, in the heart of University Village/Little Italy neighborhood on Chicago's Near West Side, which is an ideal location for several vital reasons:

First, the block's proximity to University of Illinois at Chicago campus. With it's 26,000 undergraduate and graduate students and over 5,000 administrative and professional staff, this

institution guarantees vibrant foot traffic for both lunch and dinner service. At the same time, this area is only a mile outside of Chicago's incredibly dense downtown, which means that the neighborhood's businesses have access to be tremendous number of lunch-time clients.

Second, the location is in the heart of Chicago's famed Little Italy neighborhood. The University Village Association has this to say about the area's business history:

The history of University Village/ Little Italy is closely linked to a history of Italian food. In the Taylor Street area are the roots of nationally known restaurants and local favorites which go back to the early 20th century. It is a history of entrepreneurs who were creative and hardworking and who have risen to become among some of the top restauranteurs in the country.

Yet, despite all these geographic advantages, this stretch of blocks also qualifies as a Targeted Employment Area, which means qualified investors need only profer \$500,000 to be entitled to eventually receiving their I-526 and I-829 approvals through USCIS's EB-5 Visa Program. This is in large part due to Little Italy's proximity to the Chicago Housing Authority's Roosevelt Square development, which includes approximately 35 city blocks at the site of a former public housing project, the ABLA Gomes, which is currently in Phase II of its redevelopment. When the project is done, there will be 366 CHA public housing rental units, 480 affordable units for low- to moderate-income families and market-rate condominiums and townhomes as well as 15,000 square feet of new retail on Taylor Street.

The below map shows a black line along Taylor street along the strip is which designated as a TEA and where FiPiLi will be located.

USCIS EB-5 IMMIGRATION VISA PROGRAM

Generally

Under section 203(b)(5) of the 1990 Immigration and Nationality Act, 8 U.S.C. § 1153(b)(5) immigrant visas are available to qualified individuals seeking permanent resident status on the basis of their engagement in a new commercial enterprise.

The immigrant seeking permanent resident status must demonstrate that this investment will benefit the U.S. economy and preserve and/or create the requisite number of full time jobs for qualified persons within the U.S. Specifically, eligible individuals include those who establish a new commercial enterprise and: Who have invested or who or actively in the process of investing at least \$1,000,000.00 or \$500,000.00 where the investment is being made in a "targeted employment area" which is an area that has experienced unemployment of at least 150% of the national average rate or a rural area as designated by OMB and: Whose engagement in the enterprise will benefit the United States economy creating full time employment, directly or indirectly, for not fewer than 10 qualified individuals and: The individual must prove that the investment comes from a lawful source of funds.

Government Regulation

Regulations, regulatory actions, and court decisions in the future could have both a positive and/or negative impact on LGRCI's and the Company's ability to compete. LGRCI and the Company will be under substantial scrutiny by the agency responsible for oversight of the USCIS EB5 program. LGRCI and the Company understand the future scrutiny and have put in place a system of checks and balances designed to monitor and report on a timely basis every requirement of the EB-5 program.

The Regional Center Program

The Regional Center Program is ideal for the retiree or inactive investor due in large part to the "indirect employment creation" requirement and possible limited partner features of this program. The Regional Center program advantageously removes the 10 employee requirement of the regular program and substitutes the less-restrictive "indirect employment creation," which allows the investor to qualify for an EB-5 Visa without hiring 10 people in the company that the investor has invested in. So, in a nutshell, under a Regional Center program, the investor can qualify by presenting evidence that 10 jobs will be created throughout the Regional Center economy, supported by an economist's report obtained by the Regional Center.

Also, the EB-5 policy management requirement is minimal in that the investor can be a limited partner with only a policy-making role and still qualify. Thus, for those who are not interested in day-to-day management or running an active business, Regional Center programs offer a more acceptable form of investment for the inactive investor.

Another advantage of Regional Center programs that adds to the flexibility of this immigrant visa category is that the investor is not required to live in the place of investment; rather, he or she can live wherever he or she wishes in the U.S. For example, the investor may invest in a Regional Center in the State of Illinois, but choose to live in California.

Under mandate by Congress, Regional Center EB-5 petitions are given priority which often results in a quicker path to approval. Each Regional Center program must be pre-approved in order to be eligible to apply for EB-5 Green Cards.

EB-5 Visa: Case Processing Procedures

For applicants outside the United States

- The applicant first makes a qualifying investment
- The applicant files a Form I-526 petition (and supporting documents) with USCIS.
- USCIS adjudicates the Form I-526 petition
- The U.S. Department of State's National Visa Center process the EB-5 immigrant visa through the local U.S. consular post with jurisdiction over the place of residence.
- The applicant uses the EB-5 immigrant visa to enter the United States, which commences the two-year conditional lawful permanent resident status.
- Approximately 21 months later, the applicant must file a Form I-829 with the USCIS to remove the conditional status.
- The applicant must provide supporting documents to establish that they have satisfied all EB-5 qualifying conditions.
- Upon approval, a new ten-year unconditional green card is issued.

For applicants having lawful non-immigrant status within USA and staying in USA

- The applicant first makes a qualifying investment
- The applicant files a Form I-526 petition (and supporting documents) with USCIS.
- On approval of Form I-526, the applicant files a Form I-485 (Application to Register Permanent Residence or Adjust Status).

- Upon approval of the Form I-485, the applicant is granted a conditional lawful permanent resident status, which is valid for two years.
- Approximately 21 months later, the applicant must file a Form I-829 with the USCIS to remove the conditional status.
- The applicant must provide supporting documents to establish that they have satisfied all EB-5 qualifying conditions.
- Upon approval, a new ten-year unconditional green card is issued.

Active Investment

The EB-5 program is expected to create employment that is generated through a viable and registered commercial enterprise. The EB-5 regulations require only minimal involvement in management or policy making.

Timing of investment

The EB-5 program procedures requires an investor to first make a qualifying investment, and then file a Form I-526 petition (and supporting documents) with USCIS. The applicant must thus be prepared for situations where – if the application is denied – he or she would have incurred irrecoverable expenses on foreign exchange transfer and then getting the investment returned. The investor might also have disposed of some valuable asset to arrange liquid funds in the first place and would be required to look for new investment assets. The investor should factor in expenses and costs and losses that he or she might incur while going through sale and purchase of assets. From the time that the investor makes the investments and time he or she receives the money back, the investor will need to factor in the lost interest in the process.

Conditional Lawful Permanent Residence (Green Card)

To start with the investor will only get a two-year conditional lawful permanent residence status. During the interim period he or she should be able to prove that the commercial enterprise in which his or her funds were invested met the conditions for removing the conditional residence status, particularly related to the creation of 10 direct or indirect jobs on an ongoing basis. Should the investor not be able to demonstrate that he or she has met the conditions for removing the conditional residence status, the investor will be asked to leave the U.S.

Troubled Business

In the case of a capital investment in a troubled business, employment creation may meet the criteria set forth in 8 CFR 204.6(j)(4)(ii). This section states that in order to show that a new commercial enterprise which has been established through a capital investment in a troubled business meets the statutory employment creation requirement, the petition must be accompanied by evidence that the number of existing employees is being or will be maintained at no less than the pre-investment level for a period of at least two years. Photocopies of tax records, Forms I-9, or other relevant documents for the qualifying employees and a comprehensive business plan

shall be submitted in support of the petition. An investment entity's qualification or non-qualification as a Troubled Business may have some effect on the Company's ability to demonstrate sufficient job generation for purposes of approving Form I-526s.

Dependent definition

U.S. law permits a spouse or a dependent less than 21 years old at the time of Consulate interview or at the time of adjustment of status interview, with certain exceptions, to be considered as part of the application under EB-5.

ADMISSIBLE TO THE UNITED STATES

Immigrant Investors applying for U.S. lawful permanent residence must demonstrate that they are admissible to the U.S. Section 212 of the Immigration and Nationality Act sets forth various grounds of inadmissibility, which may prevent an otherwise eligible Investor from receiving lawful permanent residence or entering the U.S. Immigrant Investors who are ineligible to receive conditional lawful permanent residence or be admitted to the U.S. include but are not limited to an individual who:

- (1) Is determined to have a communicable disease of public health significance, which shall include infection with the etiologic agent for acquired immune deficiency syndrome;
- (2) Is determined to have a physical or mental disorder and behavior associated with the disorder that may pose, or has posed, a threat to the property, safety, or welfare of the individual or others;
- (3) Is determined to have a physical or mental disorder and a history of behavior associated with the disorder, which behavior has posed a threat to the property, safety, or welfare of the individual or others and which behavior is likely to recur or to lead to other harmful behavior;
- (4) Is determined to be a drug abuser or addict;
- (5) Has been convicted of, or who admits having committed, or who admits committing acts which constitute the essential elements of a crime involving moral turpitude (other than a purely political offense), or a violation of (or a conspiracy or attempt to violate) any law or regulation of a State, the United States, or a foreign country relating to a controlled substance;
- (6) Has been convicted of 2 or more offenses (other than purely political offenses), regardless of whether the conviction was in a single trial or whether the offense involved moral turpitude, for which the aggregate sentences to confinement were 5 years or more;
- (7) Is or has been an illicit trafficker in any controlled substance or in any listed chemical (as defined in section 102 of the Controlled Substances Act (21 U.S.C. § 802)), or is or has been a knowing aider, abettor, assister, conspirator, or colluder with others in the illicit trafficking in any such controlled or listed substance or chemical, or endeavored to do so;

(8) Is the spouse, son, or daughter of an alien inadmissible under clause (7) and has, within the previous 5 years, obtained any financial or other benefit from the illicit activity of that alien, and knew or reasonably should have known that the financial or other benefit was the product of such illicit activity;

(9) Is coming to the U.S. solely, principally, or incidentally to engage in prostitution, or has engaged in prostitution within 10 years of the date of application for a visa, admission, or adjustment of status;

(10) Directly or indirectly procure or attempts to procure, or (within 10 years of the date of application for a visa, admission, or adjustment of status) procured or attempted to procure or to import, prostitutes, or persons for the purpose of prostitution, or receives or (within such 10 year period) received, in whole or in part, the proceeds of prostitution;

(11) Is coming to the U.S. to engage in any other unlawful commercialized vice, whether or not to prostitution;

(12) Has committed in the U.S. a serious criminal offense, regardless of whether such offense was prosecuted as a result of diplomatic immunity;

(13) Is excludable from the U.S. on grounds relating to national security, related grounds or terrorist activities;

(14) Is excludable from the U.S. on grounds relating to foreign policy;

(15) Is or has been a member of or affiliated with the Communist or any other totalitarian party or who has participated in Nazi prosecutions or genocide;

(16) Is likely to become a public charge at any time after entry;

(17) By fraud or willfully misrepresenting a material fact, seeks to procure (or has sought to procure or has procured) a visa, other documentation, or admission to the U.S.;

(18) Illegally entered into the U.S.; or

(19) Has at any time knowingly encouraged, induced, assisted, abetted, or aided any other alien to enter or to try to enter the U.S. in violation of law.

KEY PROVISIONS OF THE LIMITED LIABILITY COMPANY OPERATING AGREEMENT

General

The Company's Operating Agreement governs the operations of the Company and the rights and duties of the Manager and the Members.

Any prospective Investor should review the entire Operating Agreement before subscribing for Units. The following is merely a summary of some of the significant provisions of the Operating Agreement and is qualified in its entirety by the full text of the Operating Agreement. Capitalized terms in this section not otherwise defined shall have the same meaning as set forth in the Operating Agreement.

(b)(4)

The Company was recently formed as an Illinois limited liability company. The character and the general nature of the business is to extend a business loan to FiPiLi, LLC ("FiPiLi"), to create a 3-part food services company comprising a fine-dining restaurant, a wine-bar and a 3-truck mobile foods operation located in the University Village/Little Italy neighborhood on Chicago's New West Side in order to generate 10 or more direct or indirect fulltime jobs for each \$500,000.00 capital contribution distributed to FiPiLi.

Independent Legal Advice

**EACH MEMBER IS INSTRUCTED TO SEEK INDEPENDENT LEGAL
ADVICE CONCERNING THEIR RESPECTIVE RIGHTS AND
RESPONSIBILITIES CONCERNING THIS AGREEMENT.**

ESCROW AGREEMENT

ESCROW AGREEMENT

This Escrow Agreement ("Agreement") is made as of _____, 2011, by and among:

- (1) Tuscan Dining EB-5 Fund, LLC (the "Company") an Illinois limited liability company, having its principal place of business located in Cook County, Illinois;
- (2) Local Regional Government Center of Illinois, LLC ("LGRCI") an Illinois limited liability corporation, having its principal place of business located in Cook County, Illinois;
- (3) _____, a national ("Investor"); and
- (4) North Community Bank ("Escrow Agent" or "Bank"),

all of whom collectively may be referred to hereafter as the "Parties."

WHEREAS, Investor has offered to acquire a unit of interest (a "Unit") in the Company pursuant to the terms of the subscription agreement (the "Subscription Agreement") entered into by Investor, the terms of which provide, among other things, that Investor shall deposit the capital contribution subscription price of \$500,000 per Unit ("Capital Contribution") and an administrative fee of _____ "Administrative Fee") into an escrow account established by the Company; and

(b)(4)

WHEREAS, Company is offering up to _____ of units in the Fund ("Units") for \$500,000 per Unit pursuant to the Private Placement Memorandum, and in compliance with U.S. laws and regulations, to foreign Investors who (a) plan to file for an EB-5 Visa under the Immigrant Investor Pilot Program (the "Program") through the U.S. Citizenship and Immigration Services ("USCIS") and (b) are "accredited Investors" as defined in Rule 501 of Regulation D under the Securities Act of 1933, as amended, and where the "accredited Investor" status does not violate U.S. laws and regulations; and

WHEREAS, foreign Investors who desire to participate must: (a) execute the Subscription Agreement for Units setting forth the terms and conditions pursuant to which they will receive admission to the Company as a member, a copy of which is attached to the PPM and a separate copy for execution of which accompanies the PPM, (b)(4) (b) agree to pay administrative fees of _____ the "Administrative Fees") to LGRCI pursuant to the terms of the Consulting Agreement, and (c) submit payment of the Capital Contribution to the Company equal to \$500,000 per Unit and in compliance with U.S. rules and regulations; and

WHEREAS, Company and Investor each appoint the Escrow Agent to serve as an escrow agent hereunder; and

WHEREAS, the Escrow Agent is willing to serve as escrow agent pursuant to the terms and conditions of this Agreement and in compliance with U.S. laws and regulations; and

WHEREAS, the Company and the Investor desire that the Subscription Agreement, the Capital Contribution, and the Administrative Fees (collectively, the "Escrow") be held in escrow with the Escrow Agent and that the Capital Contribution and Administrative Fees be deposited into an interest bearing bank account set up by the Escrow Agent titled "Tuscan Dining EB-5 Fund, LLC Escrow Account" at Escrow Agent; and

WHEREAS, the Escrow Agent is to hold the Escrow and disburse the Escrow in accordance with the terms and conditions of this Agreement and in compliance with U.S. laws and regulations.

NOW THEREFORE, in consideration of the mutual agreements included in this Agreement, and being legally binding by this Agreement, the parties mutually contract and agree as follows:

1. Definition. All capitalized terms used herein are defined in this Agreement. Any capitalized terms which are not defined herein shall have the meanings ascribed in the Company Operating Agreement.

2. Currency. All dollar amounts expressed herein are of the United States Dollar.

NOTICE REGARDING NATIVE LANGUAGE TRANSLATION

Investor hereby agrees that it is the sole responsibility of Investor to ensure proper translation of this Agreement into their native language if necessary for Investor's understanding of the rights and obligations contained herein. Any language translation of this Agreement provided by any of the parties hereto is not a binding legal document, and is being provided solely for the Investor's convenience, and shall not in any way be construed as a contract or any part of this Agreement as set forth in English. None of the parties hereto are liable for any inaccuracies in any language translation or for any misunderstandings due to differences in language usage or dialect. In the event of any inconsistencies between this Agreement as set forth in English and any language translation, this Agreement as set forth in English and as executed shall govern. The investor assumes the responsibility for fully understanding the nature and terms of the rights and obligations under this Agreement as set forth in English. None of the parties shall sign any translation of this Agreement.

SUBSCRIPTION AGREEMENT

TUSCAN DINING EB-5 FUND, LLC
Unit Subscription Agreement

IMPORTANT: This document contains significant representations.
Please read carefully before signing.

This Unit Subscription Agreement (the "Agreement") is made this _____ day of _____
20__.

Between:

TUSCAN DINING EB-5 FUND, LLC (the "Company"), an Illinois limited liability company,
located at 5111 N. Wolcott Avenue; Chicago, IL 60640,

And:

_____, (hereinafter "Investor"), an individual residing
at _____
_____.

WHEREAS:

Investor desires to apply for the purchase of _____ unit(s) of limited liability company interest (a
"Unit") in the Company and to make a capital contribution in amount of \$500,000.00 per Unit.

The Company represents and warrants that the Company is a business with an investment
opportunity identified and sponsored by the Local Government Regional Center of Illinois, LLC
(hereinafter "LGRCI"), that LGRCI has been approved by United States Citizenship and
Immigration Services (hereinafter "USCIS") as a regional center to participate in the Immigrant
Investor Pilot Program within Cook County Illinois, and that the Company's investment will
allow its investors to apply for an EB-5 Visa Petition and conditional permanent residence within
the U.S.

(b)(4)

The Company intends to distribute a business loan of _____ or less, to FiPiLi, LLC
("FiPiLi") an Illinois limited liability company formed to create a 3-part food services company
comprising a fine-dining restaurant, a wine-bar and a 3-truck mobile foods operation located in
the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side, to
enable FiPiLi to create 10 direct or indirect fulltime jobs for U.S. workers for each \$500,000.00
investment distributed to FiPiLi.

THEREFORE, the Company and Investor hereby mutually agree as follows:

(b)(4)

(b)(4)

(b)(4)

(b)(4)

(1) Investment Risks: No Registered INVESTOR UNDERSTANDS THAT THESE ARE SPECULATIVE SECURITIES WHICH INVOLVE A HIGH DEGREE OF RISK. ONLY THOSE INVESTORS WHO CAN BEAR THE LOSS OF THEIR ENTIRE INVESTMENT SHOULD INVEST IN THESE MEMBERSHIPS. THE SECURITIES OFFERED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT"), THE SECURITIES LAWS OF THE STATE OF ILLINOIS, OR UNDER THE SECURITIES LAWS OF ANY OTHER STATE OR JURISDICTION IN RELIANCE UPON THE EXEMPTIONS FROM REGISTRATION PROVIDED BY THE ACT AND REGULATION D RULE 506 PROMULGATED THEREUNDER, AND THE COMPARABLE FROM REGISTRATION PROVIDED BY OTHER APPLICABLE SECURITIES LAWS.

minimum subscription amount shall be used to further the business purposes of the Company as described in the Private Placement Memorandum and the Operating Agreement.

6. Choice of Law.

This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

7. Counterparts.

This Agreement may be signed in counterparts and such counterparts together shall constitute one and the same instrument. A telecopy or electronic facsimile transmission hereof signed by any person named below will be sufficient to establish the signature of that person and to constitute the consent in writing of that person to the foregoing resolutions and, notwithstanding the date of execution, shall be deemed to be executed as of the date set forth above. The parties shall execute and deliver such further documents and instruments and do all such acts and things as may be reasonably necessary or requisite to carry out the full intent and meaning of this Agreement and to effect the transactions contemplated by this Agreement.

8. Confidentiality.

(b)(4)

9. Risk.

AN INVESTMENT IN THE LIMITED LIABILITY COMPANY HAS CERTAIN ELEMENTS OF RISK DIFFERENT FROM AND/OR GREATER THAN THOSE ASSOCIATED WITH OTHER INVESTMENTS. THE HIGHER DEGREE OF RISK MAKES AN INVESTMENT IN THE LIMITED LIABILITY COMPANY SUITABLE ONLY FOR THOSE INVESTORS (1) WHO HAVE A CONTINUING LEVEL OF ANNUAL INCOME AND SUBSTANTIAL NET WORTH, (2) WHO CAN AFFORD TO BEAR THOSE RISKS, (3) WHO HAVE PREVIOUSLY MADE AN INVESTMENT OF AN AMOUNT EQUAL TO OR GREATER THAN THE INVESTMENT THEY INTEND TO MAKE IN THE LIMITED LIABILITY COMPANY, AND (4) WHO HAVE NO NEED FOR LIQUIDITY FROM THESE INVESTMENTS.

THE UNDERSIGNED EITHER READS AND UNDERSTANDS ENGLISH OR HAS HAD THIS SUBSCRIPTION AGREEMENT TRANSLATED INTO A LANGUAGE THAT THE UNDERSIGNED DOES UNDERSTAND.

CONSULTING AGREEMENT

CONSULTING AGREEMENT

This CONSULTING AGREEMENT ("Agreement") is made as of _____, 2011, by and among:

- (1) Local Government Regional Center of Illinois, LLC, an Illinois limited liability corporation ("LGRCI") having its principal place of business located in Cook County, Illinois; and
- (2) _____, a _____ national ("Investor").

PREAMBLE AND BACKGROUND

1. In 1990, the United States Congress enacted an Immigration Act (the "Act"), which created an employment-creation immigrant investor visa program to be administered by US. Citizenship and Immigration Services ("USCIS") through its legacy agencies, the Bureau and Immigration Services and the Immigration and Naturalization Service.

2. The EB-5 permits foreign nationals to receive conditional resident status in the United States in exchange for making a capital investment in the United States that will benefit the United States economy. Each investment needs to create or save at least ten direct full-time jobs for U.S. workers. The minimum amount of investment is \$1,000,000, but that minimum amount is reduced to \$500,000 if the investment is made in a high unemployment area or qualifying rural region.

3. In 1992, the United States Congress enacted the EB-5 regional center pilot program. This Immigrant Investor Pilot Program ("Program") allows both public and private entities to apply for regional center status. The Program allows an investor to create or save at least ten direct and indirect full-time jobs for U.S. workers.

4. LGRCI, a Regional Center, was founded as an Illinois limited liability company for the express purpose of working with state and local government organizations and private entities to promote economic growth, improve yield and job creation in Chicago, Illinois and surrounding areas, capital investment within the area, to offer consultation to foreign national investors, interact with entities assisting foreign investors to invest in Program-eligible capital investments in the State of Illinois, and serve as Chicago's designated Regional Center as that term is defined in the Program.

5. Projects related to LGRCI have a limited number of investment units available; thus, each project shall have a definite maximum number of Investors.

6. LGRCI will provide both consulting and advising services to the Investor (and his or her legal counsel) in all aspects relating to the filing and prosecution of the Investor's I-526 petition under the Program.

WHEREFORE, in consideration of the mutual promises contained in this Agreement,
LGRCI and the Investor mutually covenant and agree as follows:

(b)(4)

(b)(4)

(b)(4)

8.3 Governing Law. This Consulting Agreement and all questions relating to its validity, interpretation, performance and enforcement shall be governed in all respects by the laws of the State of Illinois, without regard to its conflicts of law doctrine.

(b)(4)

8.7 Counterparts. This Consulting Agreement may be executed in one or more counterparts (including by facsimile), each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which taken together shall constitute one and the same instrument. This Consulting Agreement shall become binding when

one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as the signatories.

8.8 Entire Agreement. This Consulting Agreement constitutes the entire agreement between the parties relating to this subject matter and supercedes any and all prior documents relating to the terms of this Agreement. The terms of this Agreement will govern all services undertaken by LGRCI for the Investor's investment company(ies).

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the day and year abovementioned.

NOTICE REGARDING NATIVE LANGUAGE TRANSLATION

Investor hereby agrees that it is the sole responsibility of Investor to ensure proper translation of this Agreement into their native language if necessary for Investor's understanding of the rights and obligations contained herein. Any language translation of this Agreement provided by any of the parties hereto is not a binding legal document, and is being provided solely for the Investor's convenience, and shall not in any way be construed as a contract or any part of this Agreement as set forth in English. None of the parties hereto are liable for any inaccuracies in any language translation or for any misunderstandings due to differences in language usage or dialect. In the event of any inconsistencies between this Agreement as set forth in English and any language translation, this Agreement as set forth in English and as executed shall govern. The Investor assumes the responsibility for fully understanding the nature and terms of the rights and obligations under this Agreement as set forth in English. None of the parties shall sign any translation of this Agreement.

美国移民签证种类

美国相比加拿大，澳大利亚签证和欧洲签证的类别要复杂得多，非移民签证从a—z，比较常见的是b1/b2旅游/商务考察；f-1留学签证；h-2a农业领域短期劳工；l-1驻美国分公司的执行人员；e-2投资者。

而移民签证则有有邀请移民，职业移民，抽签移民，难民移民，前两者比较常见。

邀请移民：

出于人道主义因素，通过在美国的公民或永久居住权（绿卡）身份的亲属发出邀请实现移民。
具体类别如下：

f0类：公民权者的父母及未成年子女

f1类：公民权者的21岁以上未婚子女

f2类：永久居住权者配偶及21岁以下未婚子女

永久居住权者21岁以上未婚子女

f3类：公民权者的已婚子女

f4类：公民权者的兄弟姐妹

职业移民：

是通过就业，以满足美国经济发展需要来实现移民。

eb-1第一优先(每年40,000名限额) 国际经营及管理人才、杰出教授和科研人员、在科学、艺术或商务方面具有特殊才能之外籍人士。

eb-2第二优先(每年40,000限额 第一优先之余额) 在科学、艺术或商务方面具备独特能力者、尖端科技专业人士。

eb-3第三优先(每年40,000限额 第二优先之余额) 不符合第二优先类之学士级专业技术人士、技术性劳工(至少经过二年以上之训练与经验)、非技术性劳工。

eb-4第四优先(每年10,000限额) 牧师，神父宗教从业人士，两年以上非盈利性工作经验。

eb-5第五优先(每年10,000限额) 投资移民，美国移民局允许基于不同专业之外籍人士申请成为美国合法永久居民，不同职业之人员有不同的规范。

注意事项：

1. 除非有特别免除之规定，否则各优先类别申请人必须具备美国雇主之聘书 (job offer)，且该聘书之期限必须在本质上是永久性的；
2. 除了第一优先类别及有特别免除之规定者外，所有申请人必须具备劳工证 (labor certificate)。劳工证是美国雇主雇佣外国人的证明。

与普通大众关系较密切的eb-3中的三个类别的介绍：

- 1、专业人士：申请人必须拥有学士以上的学位，并且是专业人员。同时，申请人必须获得劳工部发出的劳工许可证。如：律师、医生等；
- 2、技术工人：申请人在提交移民申请时，必须是从事技术性工作的人员，即需要有两年以上的专门训练或工作经验才能胜任的工作，这份工作不是临时性工作或季节性工作，而且在美国找不到合适的工人。同时，申请人必须获得劳工部发出的劳工许可证。如：中餐厨师、电梯维修工等；
- 3、非技术工人：申请人在提交移民申请时，是从事非技术性工作，而这份工作不是临时性工作或季节性工作，且在美国找不到合适的工人。同时，申请人必须获得劳工部发出的劳工许可证。如：食品加工厂工人，洗衣工等；

因为非技术工的工资和工作环境比专业人士、技术工人都要差，国内解决不了招工难题，目前美国此类劳工缺口最大，加上对申请者的语言，学历，外语，工作经验没有要求，主要以美国雇主的资格获得移民签证，所以签证通过率最高。

f类 - family-based 依亲类

美国相比加拿大，澳大利亚签证和欧洲签证的类别要复杂得多，非移民签证从a—z，比较常见的

是b1/b2旅游/商务考察；f-1留学签证；h-2a农业领域短期劳工；l-1驻美国分公司的执行人员；e-2投资者。

The Resurrection Project (TRP)

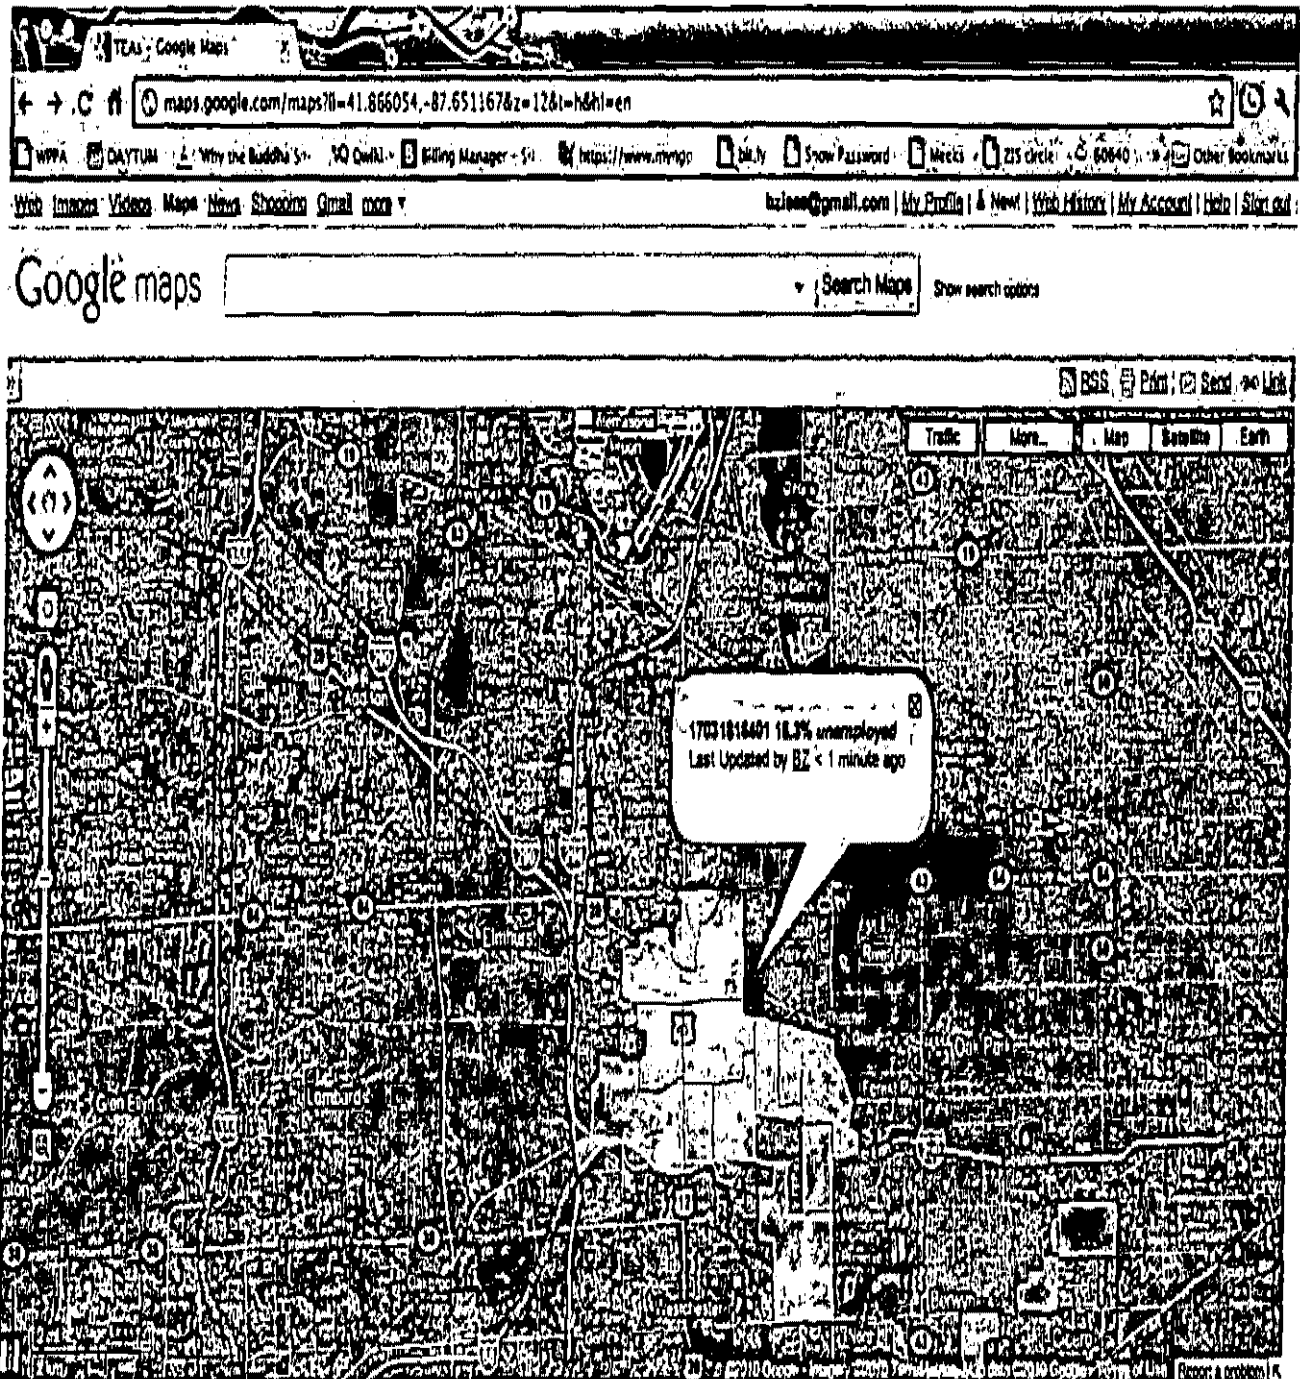

For more than 20 years, TRP has developed affordable housing and created economic opportunities in Chicago's predominantly Latino communities, with particular emphasis in Pilsen. As part of their growth into Melrose Park, they intend to address the community's financial dependence through a new community-based credit union and credit counseling and financial literacy programs.

OPERATING AGREEMENT
BETWEEN
TUSCAN DINING EB5 FUND, LLC
AND
FIPILI, LLC

**TUSCAN DINING EB-5 FUND, LLC
LIMITED LIABILITY COMPANY OPERATING AGREEMENT**

This Limited Liability Company Operating Agreement (the "Agreement") of Tuscan Dining EB-5 Fund, LLC, an Illinois limited liability Company (the "Company") is entered into as of this 7th day of January 2011, by and among those persons identified on Schedule A hereto (the "Members").

RECITALS

(b)(4)

A. By their mutual consent, the Members formed a limited liability Company under the laws of the State of Illinois in January 2011, for the purpose of extending an [REDACTED] loan to FiPiLi, LLC ("FiPiLi"), an Illinois limited liability company formed to create a 3-part food services company comprising a fine-dining restaurant, a wine-bar and a 3-truck mobile foods operation located in the heart of the University Village/Little Italy neighborhood on Chicago's Near West Side;

B. It has been, and remains, the intention of the Members that the business should be carried on in the form of a limited liability Company duly organized under the laws of the State of Illinois; and

C. The Members wish to set forth in writing the terms and conditions on which the Company has been formed and on which its business is to be conducted.

Now, therefore, in consideration of the mutual promises of the parties, each to the other, and of other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

ARTICLE I DEFINITIONS

As used in the Agreement, the following defined terms shall have the meanings specific below:

1.01 "Act" means the Illinois Limited Liability Company Act, 805 ILCS 180/1-1 *et seq.*, as amended.

(b)(4)

(b)(4)

(b)(4)

1.14 "LGRCI" means Local Government Regional Center of Illinois, LLC, an Illinois limited liability company and a USCIS-approved Regional Center.

(b)(4)

1.16 "Code" means the Internal Revenue Code of 1986, as amended.

1.17 "Company" means Tuscan Dining EB-5 Fund, LLC; formed and operated under the terms and conditions of this Agreement.

(b)(4)

1.19 "Immigrant Investor" means a Member who intends to apply for an EB-5 Immigrant Visa through USCIS by filing a Form I-526 and subsequent Form I-829.

(b)(4)

(b)(4)

1.33 "Secretary of State" means the secretary of State of the State of Illinois.

(b)(4)

(b)(4)

ARTICLE II ORGANIZATION

2.1 Formation This Company was formed under and pursuant to the Act by filing, in January 2011, the Articles of Organization. Consistent with the Act and the Articles of Organization, the Company will be operated pursuant to the terms and conditions contained in this Agreement.

2.2 Name The name of the Company will be "Tuscan Dining EB-5 Fund, LLC." The Members may change the name of the Company at any time, provided all provisions of the Act are satisfied.

(b)(4)

ARTICLE III PURPOSES OF THE COMPANY

Re: Memorandum of Understanding

This Memorandum of Understanding is entered into by the Local Government Regional Center of Illinois (LGRCI) and Westside Community Development Corporation (WCDC) to facilitate a partnership for the business development and community investment purposes stated below.

LGRCI Background

LGRCI was formed as an Illinois-based Corporation in 2009 for the purpose of becoming a USCIS-certified Regional Center under the EB-5 Immigrant Investment Program (the "Program.") LGRCI intends to provide immigrant investors with qualified business investments that meet the federal requirements under the Program for immigration to the United States.

The application for approval as a Regional Center is currently under review by the federal USCIS.

Under the Program, LGRCI seeks qualified new business opportunities that are located in Targeted Employment Areas, defined as census tracts with unemployment rates that are higher than 150% of the national average, as published annually by the Illinois Department of Commerce and Economic Opportunity. These businesses must create at least 20 jobs per every \$1 million investment.

WCDC Background

WCDC was established as an Illinois not-for-profit corporation on June 4, 2010, for the purpose of providing technical assistance, investment, workforce training and other support for economic development on Chicago's west side. WCDC is engaged in activities that spur business development, business investment and entrepreneurial activities in underserved, low-income areas.

To fulfill its mission, WCDC is familiar with many different business plans and entrepreneurial activities in distressed neighborhoods and Targeted Employment Area census tracts. Further, WCDC is familiar with myriad sources of public finance, including Tax Increment Financing (TIF), Federal New Markets Tax Credits, State New Markets Tax Credits, Workforce and Economic Development (WED) funds, Workforce Investment Act (WIA) and many others. However, the businesses are often in need of additional funds and investment.

Goals

WCDC and LGRCI recognize that they share similar goals in the creation of vibrant businesses that create jobs in underserved areas on Chicago's west side.

Westside

Community Development

Overview

Westside Community Development Corporation (WCDC) was established as an Illinois not-for-profit corporation in June 2010 for the purpose of providing technical assistance, investment, workforce training and other support for economic development on Chicago's west side. The organization will be engaged in activities that will spur business development, business investment and entrepreneurial activities in underserved, low-income areas. It will also encourage existing businesses to locate to the Westside community and support new businesses with technical assistance, facility support and office location to ensure their success.

The communities comprising Chicago's west side are infamous for their disinvestment, high crime, poor schools, poverty and lack of business development. Neighborhoods include:

- Austin
- Lawndale
- Little Village
- Near West Side
- Tri-Taylor

We will raise and allocate seed money investment for new businesses as loans or grants, provide technical assistance, facility support and office location for new startup companies.

Leadership

WCDC was created by Arthur L. Turner, who served in the Illinois State House as the representative from Chicago's west side for more than 30 years. He also served as the Deputy Majority Leader of the House for nearly 20 years.

Mr. Turner is an expert in housing development issues and workforce development strategies. Mr. Turner is best known for the creation of the Illinois Affordable Housing Trust Act, which provides more than \$20 million each year to help thousands of low-income Illinois families afford to make repairs to their homes, avoid homelessness, purchase their first home or live in safe decent housing. He also championed the Illinois Affordable Housing Tax Credit program, which leverages over \$95 million dollars in resources toward workforce and affordable housing.

Most recently, Mr. Turner served as the executive director of the Cook County President's Office of Employment Training (POET). Through the Workforce Investment

Act (WIA), POET offers job training services and programs to assist residents in the search for employment.

Mr. Turner has served on the Committees of Labor and Commerce, Energy and Environment, Consumer Protection, Insurance, Criminal Justice and Housing. In addition to his work in the General Assembly, Mr. Turner is a board member of many social service nonprofit groups, including:

- Harborquest, a job training and placement agency
- Westside Association for Community Action
- Lawndale Christian Development Corporation
- Boy Scouts of America, Chicago Western Trail

Mr. Turner has received numerous awards from organizations that recognize his commitment to making Illinois a great place to live and work.

The initial Board of Directors of the WCDC includes several prominent community leaders. They have identified the following areas of expertise for the organization:

Workforce development
Business development
Public private partnership
Economic investment

WCDC also intends to write, create and distribute a business-focused printed newspaper and news website that outlines recent business activities, permits, openings, closings, real estate purchases and other activities that highlight the activity on the Westside to help encourage existing businesses to locate to the Westside through media, marketing, policy-making and incentives.

Westside[★]

Community Development

Arthur Turner Bio

A 30-year veteran legislator in the Illinois General Assembly, Turner served for 18 of those years as the Deputy Majority Leader. He is best known for the creation of the Illinois Affordable Housing Trust Act, which provides more than \$20 million each year to help thousands of low-income Illinois families afford to make repairs to their homes, avoid homelessness, purchase their first home or live in safe decent housing. He also championed the Illinois Affordable Housing Tax Credit program, which leverages over \$95 million dollars in resources towards workforce and affordable housing.

Other major legislative victories led by Turner include legislation that would require power companies to produce 5% of their power from renewable energy resources by 2010 and 15% by 2020.

Most recently, Turner served as the executive director of the Cook County President's Office of Employment Training (POET). Through the Workforce Investment Act (WIA), POET offers job training services and programs to assist residents in the search for employment.

Turner has received numerous awards from organizations that recognize his commitment to making Illinois a great place to live and work. He has received steadfast support from the Illinois Farm Bureau, business associations and organized labor groups for his commitment to a better standard of living for all, regardless of their ethnicity, income, gender or where they live in Illinois. In addition to his work in the General Assembly, he is a board member of many social service nonprofit groups, including:

- Harborquest, a job training and placement agency
- Westside Association for Community Action
- Lawndale Christian Development Corporation
- Boy Scouts of America, Chicago Western Trail

Born in Chicago's North Lawndale neighborhood to a laborer with the Chicago Public Schools, Turner attended Illinois State University in Bloomington-Normal where he earned his Bachelor's degree in Business Administration. He later obtained a Master's degree in Social Justice from Lewis University in Lockport, Illinois. Turner and his wife Rosalyn raised their two sons, Arthur and Aaron, in North Lawndale only a block from his childhood home.

Re: Local Government Regional Center of Illinois

To Whom It May Concern:

I am writing in strong support of the Local Government Regional Center of Illinois' application to become a Regional Center under the federal USCIS EB-5 Program.

While there are other Regional Centers in Illinois, none are focused on urban development and business creation in our inner cities. Rather than work on the periphery, the Local Government Regional Center of Illinois intends to develop businesses in the most underserved areas that need it most.

As the State Representative from the 9th Legislative District, I represent some of the most underserved communities in the entire State of Illinois and communities with some of the highest rates of unemployment in the State. I believe it is vitally important for the District and for the entire State of Illinois to provide opportunities that attract jobs and businesses into these underserved communities.

Please take this letter as a sign of my strong support for the LGRCI application to become a USCIS-approved Regional Center. I look forward to working closely with them to facilitate local and State resources to help support their job creation business opportunities in distressed areas on Chicago's west side. I also strongly support their partnership with the Westside Community Development Corporation, which was created by the former Representative in the region to facilitate these business growth and job creation where they are needed most.

Please do not hesitate to contact my office for any additional information.

Sincerely,

A handwritten signature in cursive script, appearing to read "Arthur L. Turner".

Arthur L. Turner

STATE OF ILLINOIS
OFFICE OF THE GOVERNOR
CHICAGO 60601

JIM EDGAR
Governor

March 30, 1991

Mr. Gene McNary
Commissioner
U. S. Immigration and Naturalization Service
425 I Street, N.W.
Washington, D.C. 20536

Dear Commissioner McNary:

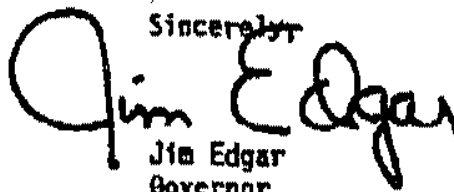

As the Governor of a major Midwestern industrial and agricultural state, I had the occasion last July to express our views concerning the regulations for the Immigration Act of 1990. I am very pleased to learn that in accordance with provisions of the act, a lower investment threshold for investments in high unemployment or rural areas has been set for immigrant investors.

Economic development in depressed urban and rural areas is crucial to their long-term transition. The \$500,000 level, as enacted, provides an incentive to attract investors to high-unemployment or rural areas and is a realistic investment or development threshold.

Pursuant to the Immigration Act of 1990, and the rules and regulations as set forth in the Federal Register Vol. 56, No. 230 on Friday, November 29, 1991, I have designated the Illinois Department of Commerce and Community Affairs, in cooperation with the Illinois Department of Employment Security, as the state agency with the authority to certify that geographic or political subdivisions of non-rural areas within the State of Illinois qualify as areas of high unemployment.

I therefore, respectfully request that any correspondence in this regard be directed to Mr. Jan Grayson, Director of the Department of Commerce & Community Affairs, 100 W. Randolph Street, Suite 3-400, Chicago, Illinois 60601.

Sincerely,

Jim Edgar
Governor

Ed,

Thank you again for this information last year. I received word from the US Customs and Immigration Service that I need to provide a letter from the Governor to USCIS that identifies DCEO as the entity that will identify TEAs under the EB-5 Program. I assume that this letter has already been created since there are two other existing EB-5 Regional Centers in Illinois. How might I get a copy for my application?

Also, is there an updated census tract list from the 2009 version attached you provided last year?

Thanks again,

Bryan Z.

On Mon, Oct 19, 2009 at 4:03 PM, Taft, Ed <Ed.Taft@illinois.gov> wrote:

Census Tracts are used to identify Targeted Employment Areas (TEA). I'm attaching a list of all census tracts in Illinois. The areas that qualify as a TEA are highlighted. Census tract boundaries never cross county lines, but they do cross municipal boundaries, which means one tract could cover more than one city or could include both incorporated and unincorporated areas.

In order to determine if an area qualifies you will need to identify the census tract. There are a couple of ways to do that. If you have a specific address the easiest way is to enter the address at this site. <http://www.ffiec.gov/Geocode/default.aspx>.

If you have a general area in mind you can enter the zip code on this site and will see a map with the census tracts in red. (make sure you specify you want to see 2000 census tracts).

http://factfinder.census.gov/jsp/saff/SAFFInfo.jsp?_pagelId=referencemaps&_submenuId=maps_2

A third option is to look at the Census maps located at: http://ftp2.census.gov/plmap/pl_tr/st17_illinois/. When you open Cook county you will see a list of maps. Open CT17031_000.pdf first. This is the master map of the county. You can use this map to determine which map you need for detailed information. It looks like you will need map 18 for Blue Island. These maps show the tract outlines and label to major roads that border the tracts.

I hope this helps. Feel free to contact me if you have any questions.

Subject: Fwd: Unemployment statistics

Dear Mr. Taft,

I received your name from your colleague at IDES. I am doing some research on a federal immigration visa program called EB-5, which specifies a difference between investment in areas of high unemployment (150% of the national average) and Targeted Unemployment Areas designated by the Governor. I am trying to discern whether particular addresses in Cook county qualify. Could you help me understand what the most localized (census tract or otherwise) data or map is? Right now, I am looking for Blue Island and City of Chicago addresses. I understand that this program's qualifications may change block by block, and I'd like to know where the best data may be.

Thanks very much for your help,
Bryan Z.

Re: Expeditionary Handling Request for EB-5 Application
Applicant: Local Government Regional Center of Illinois
Our File No. 10002.001

To the Office of the United States Citizenship and Immigration Service:

We are requesting that the U.S.C.I.S. expedite the enclosed EB-5 Regional Center Proposal as it is in the best interests of U.S.C.I.S., will create significant job growth and, as proven in the enclosed support letter, there is a compelling regional interest in the immediate approval of this Proposal.

The Local Government Regional Center of Illinois will create significant job growth in areas devastated by high unemployment. To illustrate, the unemployment rate in Chicago is 11.0%¹. These unemployment figures exceed the national averages, currently at 9.7%². By expediting this proposal, the U.S.C.I.S. can take part in and assist the Local Government Regional Center of Illinois in creating an immediate impact in the communities devastated by the current economic climate.

(b)(4)

The Local Government Regional Center of Illinois can create over [redacted] jobs immediately. By expediting the approval of this Proposal, the Local Government Regional Center of Illinois [redacted]

(b)(4)

[redacted] The U.S.C.I.S. can rest assured that social good will be served, infrastructure development will be begun, and wealth creation and community investment will result.

¹ <http://lmi.ides.state.il.us/laus/lausmenu.htm>

² <http://www.bls.gov/news.release/empsit.nr0.htm>

³ The Local Government Regional Center of Illinois, LLC will track and provide ongoing quarterly updates of all job creation and will work with local economic development organizations to assist in reporting full job creation impact.

Furthermore, there is a strong and significant local and regional interest in the immediate processing of this EB-5 Proposal. Several local and federal elected officials realize and the potential opportunity for growth in their local economies and understand that the Local Government Regional Center of Illinois, along with the U.S.C.I.S., will provide immediate assistance to those areas that are the most disadvantaged. In further support of this request, we have enclosed a letter from U.S. Congressman Luis Gutierrez to illustrate the importance in expediting the Local Government Regional Center of Illinois' EB-5 Proposal.

We appreciate your help in this matter. If you have any questions, please contact me at your convenience.

Very truly yours,

TGC PARTNERS

Alejandro Mayorkas, Director
US Citizenship and Immigration Services
20 Massachusetts Avenue
Washington, DC, 20529

Dear Mr. Mayorkas:

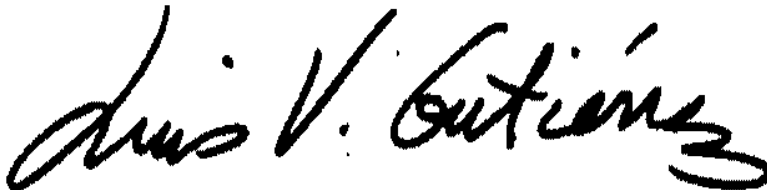

I am writing on behalf of my constituent Mr. Bryan Zises who is submitting an application for the Local Government Regional Center of Illinois to become an approved Regional Center under the EB-5 Regional Center Pilot Program. Mr. Zises is requesting for my office to inquire on the possibility to expedite the review of the application for a Regional Center.

It is my understanding that the purpose of the Local Government Regional Center of Illinois is to support municipal infrastructure projects that will help local municipalities finance major community improvements as well as create significant jobs in the region. I also understand that Chicago currently only has one current Regional Center under the EB-5 Program, and it is not focused on municipal infrastructure improvements at all.

Therefore, I would be grateful if you would review this matter and please informed me if it is possible to assist Mr. Zaises with his request to expedite the review of the application.

Thank you for your prompt attention to this important matter. I look forward to receiving your response at my Chicago District office, located at 2201 W. North Avenue, Chicago, IL 60647.

Sincerely,

Luis V. Gutierrez
Member of Congress

Local Government Regional Center of Illinois

By its Managing Member

Re: Subscription Agreement

Dear Sir or Madam:

Mr. EB-5 Qualified Investor ("Investor") hereby subscribes for 1 share of the membership interests (the "Units") of Local Government Regional Center of Illinois (the "Company") at \$500,000 a share. A certified or cashier's check in the amount of \$500,000 payable to your order, is transmitted herewith in payment therefore on the following conditions:

(b)(4)

2. We recognize that the Units may have not been registered under the Securities Act of 1933, as amended (the "Act"), and they are exempt from such registration; provided however that the Company will fulfill any and all obligations existing now or in the future becoming necessary to comply with provisions of the Act. Except as provided in paragraph 3. below, we recognize that you have made no representations with respect to registration of the Units under the Act and no registration other than as therein described is contemplated at present.

3. In connection with the private financing to which this agreement relates, you have undertaken to each of the subscribers (the "Subscribers") that if at any time during the two years following the effective date you determine to register any of your securities under the Act, then, unless such registration is to be effected by the filing of a Form S-8 (relating to offerings to employees) or a Form S-14 (relating to offerings in mergers and consolidations), you will furnish notice to each Subscriber and offer to each Subscriber who indicates its desire to participate the opportunity to have the Units held by it included in the registration statement at your expense.

4. We hereby represent and warrant that:

a. We are acquiring the Units for our own account for investment, not with a view to resale or distribution. We will not sell, hypothecate, transfer, or otherwise dispose of the Units.

b. We recognize that investment in the Units involves certain risks and we fully understand all of the risks related to the investment, and we further represent that we are able to bear the economic risk of the investment.

c. Our principals have such knowledge and experience in financial and business matters that they are capable of evaluating the merits and risks of an investment in the Units.

d. We are acquiring the Units without being furnished any offering literature, prospectus, or any other form of general solicitation or general advertising; and we have been given no oral or written representations or assurances by you or any of your representatives in connection with this investment other than as contained in any documents or answers to questions furnished to us by you. We hereby acknowledge that any financial statements, books, records, and other information pertaining to this investment requested by us have been made available to us for inspection. We hereby confirm that our representatives have been granted the opportunity (i) to ask questions of and receive answers from you in connection with the investment in the Units, and (ii) to obtain any additional information from you which our representatives deemed necessary to verify the accuracy of information otherwise received in such connection.

Very truly yours,

NAME OF OFFEREE: _____

COPY OF MEMORANDUM: _____

CONFIDENTIAL PRIVATE PLACEMENT MEMORANDUM

Local Government Regional Center of Illinois

Local Government Regional Center of Illinois, an Illinois limited liability company (the "Company"), was formed to participate in certain commercial lending activities and real estate development projects through direct or indirect investments in such projects or through investments in other entities participating in such loans and projects. The Company is conducting this offering (this "Offering") of Common Membership Units ("Units"), pursuant to this Confidential Private Placement Memorandum (the "Memorandum"). A purchase of Units should be made only after reviewing this Memorandum, including the "Certain Risk Factors" section contained herein, and the other materials attached as exhibits hereto. An investment in the Units does not represent a direct investment in any real estate or in any other assets or entities other than the Company. This Offering will be closed on a rolling basis, and the initial closing will occur upon receipt and acceptance of subscriptions of [REDACTED] (b)(4)

[REDACTED] (b)(4)

THESE SECURITIES HAVE NOT BEEN REGISTERED OR QUALIFIED FOR SALE UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE'S SECURITIES LAWS. THEY ARE OFFERED PURSUANT TO EXEMPTIONS FROM SUCH REGISTRATION OR QUALIFICATION. THIS MEMORANDUM HAS NOT BEEN FILED WITH OR REVIEWED BY THE SECURITIES AND EXCHANGE COMMISSION AND NEITHER THAT COMMISSION NOR ANY STATE SECURITIES ADMINISTRATOR HAS PASSED UPON OR ENDORSED THE MERITS OF AN INVESTMENT IN THE COMPANY OR THE ACCURACY OR THE ADEQUACY OF THE INFORMATION CONTAINED IN THIS MEMORANDUM. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

AN INVESTMENT IN UNITS INVOLVES A HIGH DEGREE OF RISK. PROSPECTIVE INVESTORS ARE ENCOURAGED TO CAREFULLY REVIEW THE "CERTAIN RISK FACTORS" SECTION OF THIS MEMORANDUM PRIOR TO MAKING AN INVESTMENT IN THE UNITS OFFERED HEREBY.

The date of this Confidential Private Placement Memorandum is January 25, 2010

ADDITIONAL LEGAL NOTICES

THERE WILL BE NO PUBLIC MARKET FOR RESALE OF THE UNITS. THE UNITS ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE AND MAY NOT BE TRANSFERRED OR RESOLD EXCEPT AS PERMITTED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT") AND APPLICABLE STATE SECURITIES LAWS PURSUANT TO REGISTRATION OR EXEMPTION THEREFROM. NO SECONDARY TRADING MARKET FOR THE UNITS IS EXPECTED TO DEVELOP AND PURCHASERS MUST BEAR THE RISK OF THEIR INVESTMENT FOR AN INDEFINITE AMOUNT OF TIME. FURTHER, THIS MEMBERSHIP INTEREST MUST COMPLY WITH ANY AND ALL RESTRICTIONS RELATED TO U.S. CITIZENSHIP AND IMMIGRATION SERVICES FOR PURPOSES OF THE PILOT IMMIGRATION PROGRAM, KNOWN MORE COMMONLY AS THE EB-5 PILOT PROGRAM.

THIS MEMORANDUM IS NOT AN OFFER TO SELL TO ANY PERSON, OR A SOLICITATION TO ANY PERSON TO BUY THE UNITS, IN ANY STATE OR JURISDICTION IN WHICH SUCH AN OFFER WOULD BE PROHIBITED BY LAW.

NO PERSON HAS BEEN AUTHORIZED TO MAKE ANY REPRESENTATION OR GIVE ANY INFORMATION NOT CONTAINED HEREIN. PROSPECTIVE INVESTORS SHOULD NOT RELY ON ANY INFORMATION NOT CONTAINED IN THIS MEMORANDUM OR THE RELATED MEMORANDUM SUPPLEMENT.

THIS MEMORANDUM HIGHLIGHTS CERTAIN FACTS AND CIRCUMSTANCES, INCLUDING CERTAIN RISK FACTORS THAT SHOULD BE CONSIDERED PRIOR TO MAKING A DECISION TO PURCHASE THE UNITS. PROSPECTIVE PURCHASERS SHOULD REVIEW THE CONTENTS OF THIS MEMORANDUM AND THE RELATED DOCUMENTATION IN THEIR ENTIRETY PRIOR TO MAKING AN INVESTMENT DECISION.

AN INVESTMENT IN THE UNITS INVOLVES A HIGH DEGREE OF RISK. INVESTORS MUST HAVE THE FINANCIAL ABILITY AND WILLINGNESS TO ACCEPT THE RISKS AND LACK OF LIQUIDITY WHICH IS CHARACTERISTIC OF THE INVESTMENT DESCRIBED HEREIN.

A PROSPECTIVE INVESTOR SHOULD NOT SUBSCRIBE FOR THE UNITS UNLESS SATISFIED THAT HE AND/OR HIS REPRESENTATIVE HAVE ASKED FOR AND RECEIVED ALL INFORMATION THAT WOULD ENABLE BOTH TO EVALUATE THE MERITS AND RISKS OF THE PROPOSED INVESTMENT. THE COMPANY WILL MAKE AVAILABLE TO EACH INVESTOR AND HIS REPRESENTATIVE(S), DURING THIS OFFERING AND PRIOR TO THE SALE OF ANY UNITS, THE OPPORTUNITY TO ASK QUESTIONS OF AND RECEIVE ANSWERS FROM THE COMPANY CONCERNING ANY ASPECT OF THE COMPANY AND ITS BUSINESS AND TO OBTAIN ANY ADDITIONAL INFORMATION, TO THE EXTENT THE COMPANY POSSESSES SUCH INFORMATION OR CAN ACQUIRE IT WITHOUT UNREASONABLE EFFORT OR EXPENSE.

NEITHER THE DELIVERY OF THIS MEMORANDUM NOR ANY SALE MADE BY MEANS OF THIS MEMORANDUM SHALL IMPLY THAT INFORMATION CONTAINED HEREIN IS CORRECT AS OF ANY TIME SUBSEQUENT TO THE DATE SET FORTH ON THE COVER HEREOF. PROSPECTIVE PURCHASERS ARE NOT TO CONSTRUER THE CONTENTS OF THIS MEMORANDUM OR ANY PRIOR OR SUBSEQUENT COMMUNICATION FROM THE ISSUER, ITS MANAGERS, OFFICERS AND EMPLOYEES OR ANY PROFESSIONAL ASSOCIATED WITH THIS OFFERING AS LEGAL OR TAX ADVICE. EACH PURCHASER SHOULD CONSULT THEIR OWN ATTORNEY AND OTHER ADVISORS AS TO LEGAL, TAX, ECONOMIC AND RELATED MATTERS CONCERNING THE INVESTMENT DESCRIBED HEREIN AND THEIR SUITABILITY FOR SUCH PURCHASER.

NO BROKERS, DEALERS, OR FINDERS WILL BE USED FOR THE PLACEMENT OF THIS OFFERING; PROVIDED, HOWEVER, THE ISSUER RESERVES THE RIGHT TO AMEND THE TERMS OF THIS OFFERING TO PROVIDE FOR THE SAME.

STATE SECURITIES REGULATORY CONSIDERATIONS

The securities laws of most states require certain conditions and restrictions relating to offerings, including the registration or qualification of such offerings by the securities department of the respective state. However, under the Capital Markets Efficiency Act of 1996, Section 18 of the Securities Act was amended to provide exemption from state regulation of certain securities offerings. Pursuant to the Securities Act, as amended, registration or qualification of securities, or registration or qualification of securities transactions, cannot be imposed by any state upon a security which is deemed to be a "covered security."

Securities offered and sold in a transaction that is exempt pursuant to a rule or regulation issued under section 4(2) of the Securities Act are deemed to be "covered securities." This Offering is made pursuant to section 4(2) of the Securities Act and Rule 506 of Regulation D. However, nothing in the Securities Act prohibits a state from imposing notice and filing requirements that are substantially similar to those required by Regulation D as in effect on September 1, 1996. The Issuer expects to comply with applicable notice and filing requirements in the states in which it offers its securities. The securities offered hereby will not be registered or qualified in any state.

FORWARD LOOKING STATEMENTS

CERTAIN INFORMATION CONTAINED IN THIS MEMORANDUM CONSTITUTES "FORWARD LOOKING STATEMENTS," WHICH CAN BE IDENTIFIED BY THE USE OF FORWARD LOOKING TERMINOLOGY SUCH AS "MAY", "WILL", "SHOULD", "EXPECT", "ANTICIPATE", "ESTIMATE", "INTEND", "CONTINUE", OR "BELIEVE" OR THE NEGATIVES THEREOF OR OTHER VARIATIONS THEREON OR COMPARABLE TERMINOLOGY. DUE TO VARIOUS RISKS AND UNCERTAINTIES, INCLUDING THOSE SET FORTH UNDER THE SECTION ON "CERTAIN RISK FACTORS", ACTUAL EVENTS OR RESULTS OR THE ACTUAL PERFORMANCE OF THE INVESTMENT OPPORTUNITY MAY DIFFER MATERIALLY FROM THOSE REFLECTED OR CONTEMPLATED IN SUCH FORWARD LOOKING STATEMENTS.

AN INVESTMENT IN THE COMPANY IS A SPECULATIVE, HIGH-RISK INVESTMENT. THE PURCHASE OF UNITS IN THE COMPANY IS SUITABLE ONLY FOR INVESTORS OF SUFFICIENT FINANCIAL MEANS WHO HAVE NO NEED FOR LIQUIDITY TO THE EXTENT OF THEIR INVESTMENT IN THE COMPANY AND WHO ARE ABLE TO SUSTAIN A COMPLETE LOSS OF THEIR INVESTMENT. THERE IS NO ASSURANCE THAT THE COMPANY WILL BE ABLE TO MEET ANY OF ITS INVESTMENT OBJECTIVES. THE DESCRIPTIONS OF THE CONTEMPLATED BUSINESS OF THE COMPANY INCLUDED IN THIS MEMORANDUM ARE BASED ON ASSUMPTIONS CONCERNING MANY FACTS AND CIRCUMSTANCES OVER WHICH THE COMPANY WILL HAVE NO CONTROL.

FINANCIAL INFORMATION

The Company does not intend to make financial statements publicly available in connection with this Offering, except as may be required by state or federal law. Federal and state securities laws require issuers having a class of securities registered under the Securities Act, the Securities Exchange Act of 1934, or applicable state securities laws, to make certain financial information publicly available. The Company will not have a class of securities registered under any federal or state securities laws, and as such will not be required to make financial information publicly available.

ADDITIONAL INFORMATION

The information contained in this Memorandum has been obtained from sources deemed by the Company to be reliable; however, the accuracy or completeness of such information cannot be guaranteed. The source documents that the Company has relied upon in preparing this Memorandum are available for inspection upon request. Prospective Investors (and their representatives) are encouraged to ask questions pertaining to the Offering, inspect the source documents at the offices of the Company and to make any such further inquiries as the prospective Investor (or their representatives) may deem desirable. The telephone number of the Company for questions concerning this Offering is 312.345.9200, and the principal contacts for the purposes of this Offering are Bryan Zises or Homero Tristan.

SUMMARY OF THE OFFERING

The following is qualified in its entirety by the detailed information appearing elsewhere in this Memorandum, including the Local Government Regional Center of Illinois, LLC Operating Agreement attached here to as Exhibit A

THE OFFERING

DESCRIPTION OF SECURITIES

CERTAIN RISK FACTORS

USE OF PROCEEDS

WHO MAY INVEST

(b)(4)

SUMMARY OF THE COMPANY

General

Local Government Regional Center, L.L.C. is an Illinois limited liability company (the "Company"). The Company was formed on xxxxxxxxxx.

(b)(4)

Description of Business

LGRCI intends to service government sector clients and government supported opportunities with additional sources of debt capital for major job creation activities in high unemployment areas. As such, the goals of the EB-5 program will be best served. Capital investment from immigrants will be leveraged to greatest effect and most job creation activities. Engagement in local economy and community will occur where most resources are helping the most disadvantaged. Local governments will grow their tax base. Social good, infrastructure development, wealth creation and community investment will all be achieved.

(b)(4)

The Company believes it can realize gains for its Members by carefully selecting projects and loans that meet certain investment criteria and which are managed by experienced developers or municipal organizations having excellent reputations in their respective communities. See "Description of Business."

Investment Strategy

(b)(4)

The Investments

The Company has identified Projects in which it intends to make investments with the net proceeds from this Offering. The Company may invest in one or more additional developments in addition to these Projects.

Management

The principals have over 40 years of collective municipal, governmental and real estate experience, including with respect to sales and sales management, finance, development, construction and project management. See "Management."

RISK FACTORS

In addition to the factors set forth elsewhere herein, prospective investors are advised to carefully consider the following matters, and are further advised to consult their own legal, tax, and financial advisors with respect thereto. The risk factors set forth herein and throughout this Memorandum are not intended to be, and are not, an exhaustive list of all of the possible risks involved, nor are they intended to be in the order of the most likely to occur. Investors are encouraged to conduct an independent examination of the facts and circumstances set forth herein.

General Risks

Lack of Operating History. The Company is newly formed and has no operating or investment history; therefore Investors have less information with which to project the Company's future performance than would be available in a company with an operating history. The Company will be subject to all of the risks of a new business having no operating history, including the possibility that it may never operate profitably or that it will have no future value. Investors in this Offering should understand the possibility that they may lose their entire investment in the Company.

General Economic and Market Conditions. General economic and market conditions, such as interest rates, unemployment rates, availability of credit, inflation and economic uncertainty, will affect the success of the Company's investment activities. These factors may have a materially adverse effect on the supply and demand for real estate and on the ability of commercial borrowers to repay the high interest rate debt that is characteristic of the Loans.

Risks Relating to Investment Strategy

(b)(4)

(b)(4)

Conflicts of Interest

(b)(4)

Illiquid Nature of Units; Withdrawals; Distributions

Restrictions on Transfer. The Units will not be registered under the Securities Act nor under the laws of any state. There is currently no market for the Units and it is not expected that any market will ever exist. Investors must be prepared to hold their investment for an indefinite period, and should have no need for the funds in such investment.

(b)(4)

No Distributions; Taxes Generally. The Manager does not anticipate making annual distributions to the Members. Thus, a Member's income tax liability in a particular year could exceed the amount of Company distributions, if any.

Risks Inherent In The Offering

Best-Efforts Offering/No Firm Commitment. The Units are being offered by the Company on a "best-efforts" basis and there is no firm commitment from anyone to purchase all or any portion of the Units being offered. No assurance can be given that all of the Units will be sold or that the Minimum Offering Amount will be reached.

THE COMPANY

General

The Company is a limited liability company organized on October 27, 2009 under the laws of the State of Illinois. The Company's principal offices are located at XXXXXXXXXXXXXXXXXX.

(b)(4)

The Company has been organized to facilitate investments in the Projects. Investments in the Projects will generally be made by acquiring limited partnership interests, or membership units, in limited partnerships or limited liability companies organized by the developers of the Projects or by affiliates thereof. It is expected that each such investment will be with respect to a minority interest in each such entity, and the Company will not have voting control of any of the investment entities or the Projects.

Management of the Company

The Company's Operating Agreement sets forth the terms of the Company's management and operations, as well as the terms of the Units. A copy of the Operating Agreement is attached hereto as Exhibit A.

Management Fee

(b)(4)

Employees, Facilities and Expenses

(b)(4)

Company Assets

The proceeds from this Offering, and the investments made with such funds, will constitute the Company's only assets. The Company does not expect to seek any additional equity or debt financing subsequent to this Offering. The Company intends to invest substantially all of the net proceeds of the Offering, minus the Management Fee, in the Projects and the Loans. See "Use of Proceeds."

Return of Capital to Investors

The expected investment horizon for the Company is approximately and the Company currently expects to

(b)(4)

 However, no assurance can be given that the Company's expected investment horizon will be met or that such liquidation will take place at that time. Upon such distributions, the Manager of the Company will wind-up the Company's affairs pursuant to Delaware law, and the Company's existence will be terminated.

DESCRIPTION OF BUSINESS

Government supported projects are in industries that create the most jobs and have the most need for funds. Further, government supported projects are also most often in areas of high unemployment that will qualify as Targeted Employment Areas (TEA) under the EB-5 Program.

(b)(4)

The need for investment funds in these job creation areas far outstrip the availability of funds. Social service agencies, libraries, parks, train stations, and other municipal infrastructure projects are not viable profit centers. Because of this, many significant job creation opportunities are unrealized. They do, however, create far more jobs than other types of investment and lead to huge additional opportunities for the community. They are also finance by municipalities which have a very high probability of repaying the investor's debt.

Investment Strategy

(b)(4)

Investment Analysis

(b)(4)

THE INVESTMENTS

General

The Company will make investments in Projects through the purchase of interests in limited liability companies and limited partnerships established by the developers or other principals of such businesses. The Company's interests will generally constitute minority positions in such entities, and the Company will generally not have any voting control over these entities. Prior to making any investment, the Company will perform such due diligence as the Manager deems to be reasonable, and the Company will have legal counsel review all investment contracts and subscription agreements. Nevertheless, the Company will be substantially dependent upon the reputation and performance of the developers and other principals of the business ventures in which it invests, and will not be able to control the success of such ventures or the amounts or timing of distributions by such entities.

The Projects

The following provides descriptions of the potential Projects currently selected for investment by the Company. These descriptions do not contain detailed demographic or other information concerning the Project locations and markets, nor do they contain financial information, such as cost projections, fees to be received by the developers, return on investment projections, or the Manager's financial analysis regarding the Projects. Such information is available to prospective Investors in this Offering on a supplemental basis.

Potential Project 1

(b)(4)

(b)(4)

Potential Project 2

Potential Project 4

(b)(4)

MANAGEMENT

Bryan Zises has worked in the public sector for more than 20 years, focused on government programs and policies that profoundly affect social infrastructure and finance. At the Illinois Housing Development Authority he created innovative new financing programs that made housing safe and affordable for low-income families. At the Chicago Housing Authority he helped transform many of the blighted areas of public housing slums throughout Chicago into vibrant mixed-income communities. In each of these positions, and others, he has coordinated vastly diverse funding streams for the greater good of the community. For the last several years he has been president of his own consulting company that has many elected officials and major public agencies as clients, and consults to several non-profit groups who seek to affect major social change.

Bing Tie immigrated from China to the United States 15 years ago, and has provided high-end relocation services to Chinese immigrants ever since. Her services include geography and neighborhood consulting, major purchase assistance with cars, condos and homes, college/university selection, power-of-attorney functions for Chinese families with children in school in the US, and other similar services. Her social awareness, cultural sensitivity, understanding of the immigrant experience and trust among those who know her are unique and unprecedented.

Together, Bryan and Bing have combined to further unite Chicago with China in many significant ways, under the banner Bei Mei Consulting. For example, Bei Mei Consulting was hired by Chicago business leaders to organize a delegation of seven Chicago Aldermen to travel to China, as guests of the Beijing Municipal Government, at the oneyear anniversary of the 2008 Olympic Games.

TERMS OF THE OFFERING

The Units offered hereby are Common Membership Units in the Company, and are offered for sale to qualified investors at a price of \$500,000 per Unit. The minimum initial investment (the "Capital Contribution") that will be accepted from each Investor will be \$500,000, which minimum may not be waived by the Manager. Each Capital Contribution will be made by the delivery of a check in the amount of each investor's Capital Contribution and the (b)(4) management fee and any other costs associated with the offering. Investors in this Offering will be admitted by the Manager in its sole discretion.

USE OF PROCEEDS

The net proceeds are expected to be invested in the Projects. (b)(4)

(b)(4)

WHO MAY INVEST

INVESTOR SUITABILITY STANDARDS HAVE BEEN ESTABLISHED TO HELP THE COMPANY DETERMINE WHO MAY INVEST IN THIS OFFERING. THE ACCEPTANCE BY THE COMPANY OF A PROPOSED INVESTOR IN THIS OFFERING WHO DOES NOT MEET THE MINIMUM SUITABILITY STANDARDS SET FORTH HEREIN SHALL NOT BE A VIOLATION OF THE TERMS AND CONDITIONS OF THIS OFFERING. UNDER CERTAIN CIRCUMSTANCES THE COMPANY MAY ELECT TO WAIVE THE MINIMUM SUITABILITY STANDARDS SET FORTH HEREIN. AN INVESTMENT IN THE COMPANY INVOLVES A HIGH DEGREE OF RISK.

Generally, any person interested in active participation by investors to make qualified investments in the Regional Center and obtain lawful residence under the Program

SUBSCRIBING FOR UNITS

Prospective Investors may subscribe for Units by following the instructions set forth in the Subscription Documents. The Manager of the Company reserves the right to accept or reject Subscription Agreements in its sole discretion.

DETERMINATION OF OFFERING PRICE

The Manager, in its sole discretion, has determined the Offering price for the Units. The Offering price was determined based upon the Company's funding requirements and does not reflect an estimation of the value of the Units or arm's length negotiations with third parties. The Manager did not seek an independent appraisal of the value of the Company or the Units, and there can be no assurance that the Offering price of the Units is not higher than the valuation that would be determined by such independent appraisal. There is no market for the Units. Therefore, any determination of the value of the Units would be purely speculative.

SUMMARY OF OPERATING AGREEMENT

The rights and obligations of the Company's Members will be governed by the Operating Agreement, a copy of which will be provided with any subscription agreement. The statements herein concerning the Operating Agreement are merely a brief summary of certain provisions thereof, do not purport to be complete or to pertain to all of the material provisions thereof, and are qualified in their entirety by reference to the Operating Agreement itself. Certain capitalized terms used herein have the respective meanings set forth in the Operating Agreement.

Term

(b)(4)

Management of the Company

(b)(4)

Allocations of Profits and Losses

The net profits and net losses of the Company for each fiscal year shall be allocated to the Members in accordance

with their respective Capital Accounts.

Limited Liability of Members

(b)(4)

Withdrawals by Members/Dissolution

(b)(4)

Capital Structure/Distributions

(b)(4)

RESTRICTIONS ON TRANSFER

The Units of the Company have not been registered under the Securities Act. The Units being offered are "restricted securities" and will be sold without the benefit of registration under the Securities Act or any state securities acts. The Company has no intention of registering the Units, and Investors in this Offering will not have any right to demand such registration.

(b)(4)

ESCROW AGREEMENT

This Escrow Agreement ("Agreement") is made as of _____, 2010, by and among:

(1) Local Government Regional Center of Illinois (the "Company") an Illinois limited liability company, having its principal place of business located in Cook County, Illinois;

(2) _____, a _____ national ("Investor"); and

(3) Bank of America ("Escrow Agent" or "Bank"), all of whom collectively may be referred to hereafter as the "Parties."

WHEREAS, Investor has offered to acquire a unit of interest (a "Unit") in the Company pursuant to the terms of the subscription agreement (the "Subscription Agreement") entered into by Investor, the terms of which provide, among other things, that Investor shall deposit the capital contribution subscription price of \$500,000 per Unit ("Capital Contribution") and in addition an administrative fee of _____ of the Capital Contribution (per unit) or _____ Administrative Fee") into an escrow account established by the Company; and (b)(4)

WHEREAS, Company is offering up to _____ of units in the Fund ("Units") for \$500,000 per Unit pursuant to the Private Placement Memorandum ("PPM") and in compliance with U.S. laws and regulations, to foreign investors who (a) plan to file for an EB-5 Visa under the Immigration Services ("USCIS") and (b) are "accredited investors" as defined in Rule 501 of Regulations D under the Securities Act of 1933, as amended, and where the "accredited investor" status does not violate U.S. laws and regulations; and (b)(4)

WHEREAS, foreign investors who desire to participate must: (a) execute the Subscription Agreement with Units setting forth the terms and conditions pursuant to which they will receive admission to the Company as a member, a copy of which is attached to the PPM and a separate copy for execution of which accompanies the PPM, (b)(4)(b) agree to pay administrative fees _____ the "Administrative Fees") to the Company and submit payment of the Capital Contribution to the Company equal to \$500,000 per Unit and in compliance with U.S. rules and regulations; and

WHEREAS, Company and Investor each appoint the Escrow Agent to serve as an escrow agent hereunder; and

WHEREAS, the Escrow Agent is willing to serve as escrow agent pursuant to the terms and conditions of this Agreement and in compliance with U.S. laws and regulations; and

WHEREAS, the Company and the Investor desire that the Subscription Agreement, the Capital Contribution, and the Administrative Fees (collectively, the

"Escrow") be held in escrow with the Escrow Agent and that the Capital Contribution and Administrative Fees be deposited into an interest bearing bank account set up by the Escrow Agent titled "Local Government EB-5 Fund, LLC Escrow Account" at Escrow Agent; and

WHEREAS, the Escrow Agent is to hold the Escrow and disburse the Escrow in accordance with the terms and conditions of this Agreement and in compliance with U.S. laws and regulations.

NOW THEREFORE, in consideration of the mutual agreements included in this Agreement, and being legally binding by this Agreement, the parties mutually contract and agree as follows:

1. Definitions. All capitalized terms used herein are defined in this Agreement. Any capitalized terms which are not defined herein shall have the meanings ascribed in the Company Operating Agreement.
2. Currency. All dollar amounts expressed herein are of the United States Dollar.

(b)(4)

(b)(4)

(b)(4)

9. Notices. All notices and other communications required or permitted under this Agreement shall be in writing and shall be deemed to have been duly given, made and received only when delivered (personally, by courier service such as Federal Express, or by other messenger), when sent by electronic facsimile or four days following the

day when deposited in the United States mail, registered or certified air mail, postage prepaid, return receipt requested, addressed as set forth below:

TGC Partners
Attorneys at Law
11 East Adams, Suite 1100
Chicago, Illinois 60603

10. Governing Law. This Agreement and all questions relating to its validity, interpretation, performance and enforcement shall be governed by the laws of the State of Illinois, without regard to its conflicts of law doctrine.

(b)(4)

13. Counterparts. This Agreement may be executed in one or more counterparts (including by facsimile), each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which taken together shall constitute one of the same instrument. This Agreement shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as the signatories.

ZISES@BEI-MEI.COM

BRIEF BACKGROUND ON LOCAL GOVERNMENT REGIONAL CENTER OF ILLINOIS, LLC

The Local Government Regional Center of Illinois, LLC, is a synthesis and progression of the municipal finance work and immigration support consulting of two principals of Bei-Mei Consulting, Bryan Zises and Bing Tie. Each has worked for the social good their entire careers, but in radically different ways.

Bryan Zises experience in the public sector spans more than 20 years, focused on government programs and policies that profoundly affect social infrastructure and finance. At the Illinois Housing Development Authority he created innovative new financing programs that made housing safe and affordable for low-income families. At the Chicago Housing Authority he helped transform many of the blighted areas of public housing slums throughout Chicago into vibrant mixed-income communities. In each of these positions, and others, he has coordinated vastly diverse funding streams for the greater good of the community. He is president of his own consulting company that has many elected officials and major public agencies as clients, and consults to several non-profit groups who seek to affect major social change.

Bing Tie immigrated from China to the United States 15 years ago and has provided high-end relocation services to Chinese immigrants ever since. Her services include geography and neighborhood consulting, major purchase assistance with cars, condos and homes, college/university selection, power-of-attorney functions for out-of-country families with children in school in the US, and other similar services. Her social awareness, cultural sensitivity, understanding of the immigrant experience and trust among those who know her are unique and unprecedented.

Together, Bryan and Bing have combined to further unite Chicago with China in many significant ways under the banner Bei-Mei Consulting. For example, Bei-Mei Consulting was hired by Chicago business leaders to organize a delegation of seven Chicago Alderman to travel to China, as guests of the Beijing Municipal Government, at the one-year anniversary of the 2008 Olympic Games.

Both partners are committed to pursuing greater relationships between China and the US, and fostering growth in the local communities. This Regional Center application uses the best assets and experiences of the partnership for the greater good of local governments, the communities and the immigrant investor.

BRIEF OVERVIEW OF THE EB-5 VISA INVESTOR PROGRAM

The EB-5 immigrant investment category was created by the US congress in 1990 to encourage foreign entrepreneurial investment that would stimulate the US economy. Specifically, the program was designed to encourage immigrant entrepreneurs to invest in businesses that would create significant jobs, in exchange for a permanent visa and eventual citizenship. The Regional Center Pilot Program was created to help overcome some of the hurdles that prevented the EB-5 Visa Program from utilizing the full number of visas allotted to the program. Congress has renewed the Program until 2012.

At its core, the EB-5 program goals are to enhance and support several distinct constituencies. It is designed to encourage capital investment from immigrants. It is designed to support active engagement in a local economy and community. It is designed to strengthen local government by growing the tax base. It is designed to create jobs and stimulate further investment in the US. As such, the underlying principles of the EB-5 program are social good, infrastructure development, wealth creation and community investment.

The Local Government Regional Center of Illinois (LGRCI) intends to engage in a strategy that realizes the goals and mirrors the core principles of the EB-5 Program far better than any existing regional center strategy. LGRCI will unite the EB-5 Program, the local communities, and the immigrant investors around the core values and principles of the program's design and implementation for the benefit of all parties.

THE UNIQUE ROLE OF LOCAL GOVERNMENTS

The most important physical assets of a community: such as water filtration, streets, sanitation and sewer systems, libraries, parks, train stations, and more are only created by local governments. Social services, schools and similar activities rely on direct government investment and involvement. Transportation and infrastructure are vital to business development, but are completely the responsibility of local municipalities.

Of the top ten Illinois job creation metrics in the RIMSII economic data model, attached, nearly all of the industries are dependent upon direct government involvement, investment, regulation or support. Many of them are entirely government funded and managed.

(b)(4)

This is not a surprise. Automation – in manufacturing, in agriculture, and elsewhere – are the trend in private industry, which consistently attempts to reduce labor costs. Because private industry and for-profit entities attempt to eliminate workforce as much as possible, many major job creation activities are created or financed through government, or through non-profits with significant support of government, rather than through purely private sector activities.

To fulfill their duties, local governments leverage their tax income to issue bonds and access other sources of debt. Unfortunately most Illinois municipalities now find their credit is bad, and the cost of debt is far too high to perform their required functions.

(b)(4)

THE UNIQUE PERSPECTIVE OF CHINESE IMMIGRANT INVESTORS

There are several key issues for Chinese immigrant investors that the LGRCI will leverage.

China has a strong central government that is intimately involved in every major business sector, and many minor ones as well. All major investment opportunities need strong support from the local governments in China. There is a great comfort level with projects that are closely associated with government and government support. This comfort level is key to the appeal of LGRCI to the potential immigrant investment community, and central to the LGRCI business strategy.

Several other countries with strong central governments have similar cultural comfort levels with government-supported projects. LGRCI will be particularly appealing to this potential group of immigrant investors, and less appealing to the more entrepreneurial and risk-taking investors that wish to have equity stakes in for-profit businesses.

LGRCI will provide:

1. Projects that create an abundance of jobs and are very acceptable to USCIS under the EB5 Visa program.
2. (b)(4)
3. [REDACTED]
4. Assurance that the core values of LGRCI and the projects we finance are aligned with their goals, as both an immigrant and as an investor.

CORE BUSINESS MODEL

Industries that create the most jobs, are ones that have the most need for funds—government supported projects. Further, government supported projects are also most often in areas of high unemployment that will qualify as Targeted Employment Areas (TEA) under the EB-5 Program.

(b)(4)

We are applying to be an approved USCIS Regional Center for all business activities that would qualify for under the job creation metrics included herein, that will directly support the activities of local Illinois governments.

We seek approval for these services, all of which are all often supported by public funds:

(b)(4)

Our geographic focus will be the Chicago Metropolitan Statistical Area consisting of seven Illinois counties:

- Cook County
- DuPage County
- Kane County
- Kendall County
- Lake County
- McHenry County
- Will County

(b)(4)

EXAMPLE PROJECT (CHICAGO HOUSING AUTHORITY)

The example below is one we intend to finance in Q2 2010. An economic analysis of this example is also included in the appendix.

The Chicago Housing Authority (CHA) is currently engaged in the largest community redevelopment effort in the nation and in the history of public housing. It is called the Plan for Transformation.

(b)(4)

(b)(4)

(b)(4)

(b)(4)

The job creation metrics for this CHA financing example can be found in the accompanying economic analysis.

(b)(4)

How?

COMPETITIVE LANDSCAPE: ILLINOIS BUSINESS DEVELOPMENT

Business development is one of the primary responsibilities of local governments throughout the US, and this is especially true in Illinois. To this end, there are several Illinois state-wide government agencies engaged in business development, such as: the Illinois Department of Commerce and Economic Opportunity, the Illinois Finance Authority, the Illinois Housing Development Authority, the Illinois Film Office, the Illinois Department of Commerce and Community Affairs, and many others.

As well, there are many departments of local municipalities throughout the state similarly engaged in business development and growth, including: the City of Chicago's Mayor's Office of Workforce Development, the Chicago Film Office, the Office of Community Development, and more at every municipality in the region. In addition, there are many quasi-public agencies that are also committed to business development, that work in concert with and on behalf of public entities. World Business Chicago is a perfect example; their charter is to encourage businesses to locate to Chicago, or to expand and stay in Chicago. This is in addition to the multitude of Chambers of Commerce and more. There is a robust infrastructure and industry built around business development.

(b)(4)

COMPETITIVE LANDSCAPE: FINANCE

Aside from, and as a complement to, the many governmental agencies and affiliated organizations that promote business development listed above, there are several unique sources of finance for activities in the public sector areas that create significant job opportunities.

Traditional bank lending is the primary source of finance for the for-profit industry, but does not provide a strong source of liquidity to public sector projects. Municipalities often issue bonds for development, but with the current financial climate the cost of funds is prohibitive for many projects. As an alternative, the municipal projects generally search for funds from multiple sources that each have unique requirements – historical district tax credits, combined with Tax Increment Financing, combined with energy grants – that create a difficult jigsaw puzzle to launch public works projects.

Some of the many alternative sources of finance in Chicago include the largest philanthropic institutions in the nation, such as the John D. and Catherine T. MacArthur Foundation, the Chicago Community Trust, the Polk Bros. Foundation and many more. Beyond philanthropic institutions, there are many non-profit lending vehicles that use institutional investor money to make community development, infrastructure and job creation loans. The Illinois Facilities Fund, a non-profit lending institution that supports other non-profits in their capital construction goals, is one such example. IFF has recently focused intensely on supporting the creation of Charter Schools and early education centers across a multi-state region, and offer loans up to \$5 million.

The Local Initiatives Support Corporation of Chicago (LISC-Chicago) similarly supports community development on a number of levels in severely depressed and struggling communities. One of its programs, the New Communities Program (NCP) is an intensive multi-year investment strategy in 16 blighted areas across the City of Chicago. LISC-Chicago also lends to community organizations that support the arts, workforce development, and other elements of community growth. Yet another, the Community Investment Corporation, invests in social service organizations that work in special needs housing and infrastructure.

There are many others.

While these groups are engaged in stimulating job creation and community development in the public sector where job creation opportunities are the strongest, their resources are very limited.

(b)(4)

COMPETITIVE LANDSCAPE: OTHER EB-5 REGIONAL CENTERS

Illinois

There is one current local Illinois EB-5 Regional Center, which is focused completely on for-profit investment activities. They do not provide financing to public sector projects.

We are also aware of one additional Regional Center application that has been submitted, or will likely submit soon, to support a local Chicago Chinatown hotel. Again, this is strictly a for-profit endeavor that falls completely outside the parameters of the type of projects we will support, and the type of immigrant investor that we will appeal to.

Public Sector

Several other public entities across the country have created Regional Centers around their specific geographies – from the State of Vermont to New Orleans to a small community of Victorville, CA. Of all the Regional Centers we have reviewed, none offer the debt strategy, the public sector focus, and the social rewards that we offer.

The Victorville Regional Center comes closest, but it is far too small and inflexible. It is also in a community and economic region that is not as diverse and robust as the Chicago area.

Most important however, is that Chicago is unique in the nation due to the multitude of robust resources for public sector projects that can be combined and leveraged with EB-5 financing.

The EB-5 model will be most effective when leveraged with additional financial supports that are available to municipalities [REDACTED]

(b)(4)

operations & MANAGEMENT TEAM

Ms. Bing Tie, Principal

A native of Beijing, China, Bing immigrated to the United States twenty years ago. She holds advanced degrees in health-care, and has built a successful fifteen-year career in commercial real estate investment. She is a licensed real estate broker in Illinois, and currently oversees Bei Mei Consulting, which assists Chinese nationals needing relocation assistance to the US.

Bing leads the firm's efforts on behalf of immigrant investors. She frequently travels back to China, maintains strong relationships and contacts, and leads the marketing efforts on behalf of the projects of the LGRCI.

Bryan Zises, Principal

Bryan has a twenty-year career in government, public finance and public relations. He has held leadership positions at major federal, state and local agencies and maintains strong relationships with officials all levels of local and state government. Bryan currently owns a successful public relations consulting firm that has many elected officials at the state and local level as clients. He holds a bachelors degree in political science from the University of Chicago, and an advanced degree from the University of Southern California.

Due to his strong relationships with local governments, Bryan leads the project investment generation efforts on behalf of LGRCI investment opportunities.

TGC Partners, Legal

Homero Tristan has a successful law career as the founding partner of TGC Partners, a full service employment and business law firm in Chicago. Homero also has significant public sector experience, and served as City of Chicago Commissioner, Department of Human Resources where he oversaw all human resources operations for all City agencies.

Homero serves as General Counsel and provides all legal services for LGRCI.

Omar Marquez, IT Systems and Recordkeeping

An immigrant from Cuba, Omar is a master IT systems designer who creates solutions to extremely complex programming challenges for clients that include the Chicago Board of Trade, real-time map provider Navteq, telecom industry clients, proprietary trading firms and others.

Omar custom-designed tracking and project management program to manage the projects and investors of LGRCI in order to provide real-time information and reporting as necessary.

summary

The Local Government Regional Center of Illinois, LLC will pursue Public Sector investment for the greater good, through the EB-5 Immigrant Investor Program.

(b)(4)

The debt and investor risk will be structured to meet all the requirements under the USCIS EB-5 Program.

As such, we request to be designated an EB-5 Regional Center for the seven counties in the Chicago Metropolitan Statistical Area of Illinois, which include:

Cook County
DuPage County
Kane County
Kendall County
Lake County
McHenry County
Will County

We further request to be approved for all projects that may likely be financed entirely or supported significantly by local municipalities or public authorities. We intend to focus on projects that are in Targeted Employment Areas, and wish to finance projects that include:

(b)(4)

The LGRCI will be driven by projects that receive triple return on investment: Social Good; Personal Investment Good; Community Good.

We will help build stronger local communities, provide safe investments for immigrant investors, leverage public support and maximize job creation opportunities to the greatest extent.

MARKETING PLAN AND BUDGET FOR:

Local Government Regional Center of Illinois, LLC

CREATED BY:

ZISES COMMUNICATIONS, INC.

COMPREHENSIVE COMMUNICATIONS AND
PUBLIC RELATIONS

DECEMBER 15, 2009

BRYAN ZISES

BRYAN@ZIS.ES

OVERVIEW

Local Government Regional Center of Illinois LLC (LGRCI) is applying to the federal USCIS to be approved as a Regional Center under the EB-5 Immigrant Investor Program. The federal EB-5 Visa Program and the business of LGRCI exist at the intersection of several important spheres of influence that will need to be targeted with unique and comprehensive communications in each market area.

This document will serve as a marketing and communications plan for LGRCI to achieve its goals and meet its responsibilities under the Program. A budget for the marketing plan is also included.

Core values of the firm. It is our belief that the basis for any marketing and communications of a business begins with the core values of the company's principals, and the underlying social goals of the business. The alignment of these values with the immigrant investor, the business opportunities, and the purposes behind the EB5 Regional Center Pilot Program are fundamental to the success of LGRCI.

LGRCI is created with the clear purpose to build bridges between Illinois and the rest of the world, to help promote the growth and prosperity of immigrants to the promise of the United States, to help the people of Illinois with the growth and prosperity of the larger world, and to align the goals of foreign immigrant investors with the goals of local businesses for the greater good and prosperity of all involved.

First, LGRCI will be responsible for raising capital from foreign immigrant investors. To achieve this goal, the marketing, communications and message must be targeted to international wealthy potential investors, as well as the legal advisors, attorneys and wealth management professionals who service these individuals.

The goals of the immigrant investor are to participate in the local economy as an investor, to move their family to the local community and participate as a member of the community (and eventually as a citizen), to participate in the local economy as a consumer and help the community grow. These are key values that we must communicate throughout the outreach of LGRCI outreach.

(b)(4)

(b)(4)

IMMIGRANT INVESTORS

One of the key goals of LGRCI will be to raise capital from foreign immigrant investors. The potential investor will need to be accessed through trusted professionals and their community. The key issues for them will be the ability of LGRCI to have projects that are acceptable to USCIS and qualify under the EB5 Visa program, as well as safe investments that have a high likelihood for a return on investment. Also, the potential Immigrant Investor will want to know that the core values of LGRCI and the business are aligned with their goals, as both an immigrant and as an investor.

(b)(4)

Key Messages for these targets include:

- a. The core values of the LGRCI are fundamentally aligned with the values of the immigrant investor.
- b. Opportunities under LGRCI will create ample jobs for approval under the USCIS EB5 Regional Center Pilot Program.
- c. LGRCI will work closely with the immigration attorneys to ensure that the immigration process is seamless and efficient.
- d. Investment opportunities created and managed through LGRCI are sound business investments and structured to create maximum return of investment for the immigrant investor.
- e. Recordkeeping and internal accounting systems of LGRCI are cutting edge and will be fully responsive for all USCIS needs and processes.
- f. The principals of LGRCI are leading members in their community and committed to their successful immigration, the success of their business investment and their family's successful assimilation into the US.

Document creation.

A corporate LGRCI overview, core document will need to be created that includes the guiding principles behind the firm, the key messages above, particularly addressing the issues of professionalism, the talents and track record of the firm, the partners as individuals.

In addition, marketing materials for each investment opportunity will need to be created, and incorporated into the comprehensive communications package of BMRC. These documents will outline the quality and details of each investment, while being mindful not to be in any way considered an offering.

(b)(4)

PUBLIC AGENCIES, MUNICIPALITIES, NGO & PUBLIC SECTOR PROJECTS

One of the key goals of LGRCI will be to find quality investment projects for the immigrant investor to finance. The potential project will need to fill all the requirements of the EB5 job creation program, and be aligned with the core values and social goals of LGRCI. As part of this outreach, the public sector is the core market for projects. The public sector is by definition engaged in projects that will help the community grow, prosper, and support the attainment of the greater good for the larger community.

(b)(4)

Key Messages for these targets include:

- a. The core values of the LGRCI are fundamentally aligned with the values of the municipality.
- b. EB5 is a viable, important additional financing layer for some municipal projects, and should be considered.
- c. LGRCI will work closely with the project to ensure that all elements of project financing are seamless and efficient.
- d. Recordkeeping and internal accounting systems of LGRCI are cutting edge and will be fully responsive for all USCIS needs and processes.
- e. The principals of LGRCI are leading members in their community and committed to their successful immigration, the success of their business investment and their family's successful assimilation into the US.

Document creation.

An overview of the EB5 program and the type of financing that is available with investors will be key.

Organizational exposure.

(b)(4)

[REDACTED] Because we have strong relationships with many of their members, and have spoken at these events in the past, we will use these events as opportunities to educate the municipal leaders on the opportunities available under the EB-5 program.

(b)(4)

General communications support

Presentations, speeches and other public speaking engagements must be pursued to raise the public profile of the EB5 program, LGRCI and the mission and values of the firm and its principals.

Project Description

The E.P. Systems Group, Inc. has been contracted by Local Government Regional Center of Illinois, LLC to develop an economic analysis to determine the sectors and industries best suited for investment in the Chicago area. The purpose of this analysis is to provide evidentiary information in support of an EB5 Regional Center Application under the regulations of the USCIS. The E.P. Systems Group, Inc. has no financial or other interest in Local Government Regional Center of Illinois, LLC or in the application for Regional Center status.

The charge of our contract is to indicate which economic sectors and industries will generate at least twenty (20) jobs in the Region under study per \$1 million of investment. The basis for this analysis is the RIMS II data provided by the US Bureau of Economic Analysis (2006). This data has been widely used and accepted for economic impact analysis. The Region under study is the whole of the Chicago CMSA. Other supportive information is also included.

In addition to the delineation of appropriate industries and sectors a sample project is described to show the type and scale of projects envisioned by the Local Government Regional Center of Illinois, LLC under the Regional Center program.

A Brief Description of the Economy of the Chicago MSA

Census Profile

(Data from the *American Community Survey*, 2008)

With more than 9.5 million residents, the Chicago CMSA is the third largest population concentration in the US. The median age in 2008 was 35.7 years and 11.0% were over 65. Almost 1.7 million, 17.5%, were African Americans and 5.3% were Asian. Hispanics made up 19.9%. Foreign born persons were nearly 1.7 million (17.7%) and 931,000 or 54.8% of those were not US citizens.

The Chicago CMSA has a varied and balanced economy with both high household incomes (\$61,285) and significant poverty (about 11.8%). About 5.1 million persons over the age of 16 are in the civilian labor force and, in 2008, 7.1% were unemployed. The median wage for all workers was \$32,742. Educational attainment is quite high with 85.5% of persons over 25 having at least a high school diploma and 33.0% having a college degree. Of the 3.4 million occupied housing units, more than 200,000 are public housing units.

(b)(4)

Economic Structure and Change

(Data from *County Business Patterns*, 2003 and 2007)

(b)(4)

(b)(4)

Job Creation

The data used for this analysis is derived from the US Input-Output Tables generated by the US Bureau of Economic Analysis for 1997 as updated for 2006, often referred to as RIMSII. These tables provide a snapshot of the US economy based on the sales from one industry to another and to final demand.

(b)(4)

Industry

- 58. Food services and drinking places
- 54. Social assistance
- 33. Transit and ground passenger transportation*
- 55. Performing arts, museums, and related activities
- 56. Amusements, gambling, and recreation
- 49. Administrative and support services
- 51. Educational services
- 28. Retail trade
- 53. Hospitals and nursing and residential care facilities
- 57. Accommodation

(b)(4)

Sample Project

Chicago Housing Authority Redevelopment

Local Government Regional Center of Illinois, LLC, expects to utilize EBS investment in several ways that provide financing for public benefit. Of particular concern for this application, LGRCI has selected an example that may well be one of the first actual projects undertaken by the Regional Center.

Background:

The Chicago Housing Authority is in the process of converting large areas of public housing to mixed residential with an adjunct commercial area. Approximately one-third of the redeveloped areas will be public housing, one-third will be below market rate affordable housing and one-third will be full market rate units. The financing mechanisms are complex, involving a mix of public and private funds. No public financing will be available for the market rate housing or the commercial development. LGRCI expects to utilize EBS investment to provide the funding necessary for the commercial area.

The E. P. Systems Group, Inc. (EPSG), is a small economic and environmental planning and policy development/analysis firm that was incorporated in 1981, and assembles tailored teams of experienced professionals for the conduct of applied research and technical assistance on developmental policy issues. The firm has maintained a broad ranging record in economic and sustainable development studies for public and private sector clients. The firm generates different types of work products and services to respond to client needs, including formal research reports on economic impacts, legal and legislative expert witness testimony, economic development program plans, project evaluations, specialized technical assistance and training, and consultancy services. EPSG has served eight different Federal departments and agencies, and other domestic clients ranging from central labor councils and community development corporations through private businesses and policy advocacy organizations to chambers of commerce and municipal, county and state economic development agencies. In particular, the firm has assisted U.S. local development planners with federal programs from Model Cities through Empowerment Zones and Enterprise Community initiatives, including brownfield revitalization and other land-based strategic planning.

Senior Personnel

Peter B. Meyer, PhD, President and Chief Economist

Dr. Meyer is Professor Emeritus of Urban Policy and Economics at the University of Louisville, where he founded and directed a Center for Environmental Policy and Management and the EPA Region 4 Environmental Finance Center. He served as Director of the Local Economic Development Assistance Center for The Pennsylvania State University, 1978-1987.

A specialist in community and local economic development and public policy evaluation, Dr. Meyer has been engaged in brownfield redevelopment research and related environmental and economic development work since 1993. He has written extensively on contaminated land redevelopment policy and practices in the United States and the European Union, collaborating with colleagues in Britain, Germany, Greece, Italy, and the Netherlands. While his first work on local government energy conservation planning dates to the 1970s, he has shifted his attention to the economics of conversion to lower carbon intensities in national economies. In addition to his research and consultation activities in the US and overseas, Dr. Meyer has also participated in the design and development of informational websites, looking to provide the widest possible access to informational sources and the results of his research efforts.

Kristen R. Yount, PhD, Vice President and Director of Research

Dr. Yount is Professor of Sociology at Northern Kentucky University, where she recently served as Coordinator of the University's Sustainable Future Program. Her work is grounded in deriving findings from in-depth interviews with public officials engaged in the mitigation of environmental conditions.

A specialist in risk perception and management, Dr. Yount has applied her expertise to the liabilities involved in brownfield revitalization projects. Her research in this area has been funded by the US Environmental Protection Agency, the US Department of Housing and Urban Development, and the Lincoln Institute of Land Policy. She has authored federal research reports, journal articles, and book chapters and presented numerous times at local, national, and international forums. Currently she is engaged in examination of public risk perceptions of climate change, the development of state and multi-state climate change policies in the US, and equity issues embedded in these and in international policies.
